A VERY PRETTY HOME WEDDING LAST WEDNESDAY

Miss Louisa Virgin United in Marriage to Mr. Robert Burr.

The pleasant farm home of Mr. and Mrs. W. B. Virgin, just north of Murray, was the scene of a very pretty home wedding last Wednesday, at which time their daughter, Miss Louisa, was united in marriage to Mr. Robert Burr, the ceremony being performed at 8 o'clock in the evening.

The house was very tastefully decorated and the bridal altar was a pretty arrangement of crepe paper, the color scheme being blue and white. Promptly at 8 o'clock Miss Lucille Young sounded the wedding march and the bridal couple took their places beneath a huge white bell, where Rev. Ross William pronounced the solemn words that united this excellent young couple for life.

The bride wore a beautiful dress of white chiffon broadcloth with trimming of white satin and fringe, and the groom wore the customary suit of black. After the ceremony an elaborate two-course supper was served to some seventy or more guests. The presents were very numerous and very beautiful.

Miss Louisa Virgin is the daughter of Mr. and Mrs. W. B. Virgin, two of Cass county's most highly respected people, and having resided here for a great many years. She has been a young lady well liked by her large circle of friends.

Mr. Burr is a young man with sterling qualities, the sort of a young man that will meet with success as he journeys down the great pathway of life. We are informed that they will make Cass county their home for the present at least. The Journal joins the many friends in extending hearty congratulations.

MR. AND MRS. L. D. HIATT ARE AT HOME

After the Happy Marriage in Omaha Last Wednesday Return to Their Home in Murray.

The very quiet but happy marriage of Miss Minnie Heinrich of this city and Mr. L. D. Hiatt of Murray occurred in the city of Omaha on Wednesday of last week at the home of Rev. William Schafer of the St. John's Evangelical church, at 3149 South Twenty-fourth street.

The contracting parties were both born and raised in Cass county, where they have lived all their lives, having grown from infancy to young manhood and womanhood in the city of Plattsmouth. Mr. Hiatt is the youngest son of Mr. and Mrs. M. Hiatt, who are among the pioneers of this county, and the bride is the daughter of Mr. and Mrs. Fred Heinrich of Plattsmouth, two of the most highly esteemed citizens of that city. Plattsmouth and Cass county can boast of no more highly honored people than these two families.

Mr. Hiatt is now in the general mercantile business in Murray and is on the road to success in his chosen profession. Miss Heinrich for several years past has been employed by the Olson Photo company of this city, the duties of which position she performed with faithfulness to her employer. Mr. Hiatt was for several years manager and owner of this business, and it was no doubt here that he learned of the many good qualities of the little lady that he has chosen as a companion through life.

The happy couple returned to Murray last Thursday evening, and with the aged parents of the groom have taken up their residence in the James Loughridge property, where they are most comfortably situated, and we venture the assertion that many years of genuine happiness and prosperity will greet them. The Journal joins with the many friends in extending hearty congratulations to this more than worthy young couple and trust that their life may be one of continued happiness to the end.

Boosters for a Rural High School.

At a meeting of the citizens of Murray and vicinity the question of establishing a High school at Murray was discussed. James Loughridge, as director of the Murray district school, presided over the meeting. O. A. Davis acted as secretary and delivered a talk on the necessary legal steps to the organization of a rural High school, the amount of assessable property in the various districts, the cost of a building and the possible expense for the maintenance of such a school.

According to the Nebraska school laws, a rural High school may be established when "any two or more adjoining districts in any county of this state which are not able or do not deem it expedient to maintain a school of more than eight grades may unite for the purpose of forming one High school district and maintaining one High school as hereinafter provided." To such an organization it requires the majority of the voters present at the school meeting in each district. The officers of a rural High school shall be the directors of the various districts known as trustees. It shall be their duty to manage the entire affairs of the High school, except the sale of property and the levying of taxes. The expense for the maintenance of a district High school shall be borne equally by each district, according to the amount of assessable property.

The majority of people in the various districts are enthusiastic over this enterprise and if the question is properly brought before the people a High school at Murray will be assured. A committee of nine was appointed to canvass the outlying districts and explain to the voters the organization of such a school.

When one visits the Missouri Pacific depot on a Sunday evening and sees the great number of young people leaving for Plattsmouth and Weeping Water to attend High school they will be impressed with the necessity of a local High school.

Some Fine Capital.

J. L. Young of Soderidge, Neb., was in South Omaha this week on Wednesday with 71 head of his cattle that he fed the past winter, and when we say that John has proven a successful feeder we believe that we are stating the facts very mildly. The 71 head of steers that he sold Wednesday averaged 1,400 pounds and he received \$8.25 per 100 for them, the neat sum of \$115.50 each. These steers were fed for five months, and made a gain of 100 pounds to the head. They were fed on corn and alfalfa hay. One cow in the bunch weighed 1,400 pounds, for which he received \$7 per 100, or \$98 for her; another one weighing 1,200, Mr. Young received \$6.25 for. He still has about ready for the market 120 head that will be sold within the next thirty days. He has about 60 head more that will be fed during the summer. All of these cattle were Herefords and Shorthorns. He also has about 200 head of hogs that he expects to make a good return for him. Mr. Young had a first investment of \$25,000 in this entire bunch of stock and can readily see that he will come out in fine shape. Charles Boedecker of Murray was up to see the bunch of 71 head and himself and many other cattlemen claim they have never seen such fine stock on a five-months' feed.

ENDORSED AT HOME

Such Proof as This Should Convince Any Plattsmouth Citizen.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Plattsmouth adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

W. M. Barclay, proprietor of restaurant, Main street, Plattsmouth, Neb., says: "I have not had a single symptom of kidney complaint since Doan's Kidney Pills cured me several years ago. I am glad to verify the statement I gave in 1908 endorsing them. I had an extreme lameness across my loins, when I began using Doan's Kidney Pills. This remedy soon corrected the trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
