

GOMEZ PERMITS MARINES TO LAND

Telegraphs That Americans May Guard Foreign Property.

GUNBOAT PADUCAH AT DAIQUIRI

Plant of Spanish-American Iron Company Attacked—Engagement Near Santiago—Federal Artillery Used Against the Rebels With Effect.

Havana, June 1.—President Gomez telegraphed General Moncaguado, the commander in chief of the Cuban army, who is at the scene of the hostilities in the province of Oriente, stating that the general might permit American marines to land on Cuban soil to guard foreign property.

The dispatch added that the Cuban forces then might retire from guarding such places and devote themselves to pursuing the insurgents.

Interest in Havana centered on the question whether the United States gunboat Paducah would land marines at Daiquiri to protect the property of the Spanish-American iron company. It overshadowed completely all the reported occurrences from the theater of hostilities.

The American legation received advices from Daiquiri that the plant of the iron company had been attacked, but that its assailants were held in check by forty guards, who later were reinforced by 100 other men. This combined force drove off the insurgents and on the arrival of the Paducah the fighting was over.

There was great excitement in Havana when several newspapers issued extra editions announcing that a battle had taken place not far from Santiago, in which many rebels were killed by the fire of the Cuban artillery. The government said there had been no battle, but that a collision had taken place between national and rebel forces, in which the former's artillery was brought into play apparently with effect. The extent of the casualties were announced as unknown.

A rumor was current in Havana that the negroes in the capital intend to rise, but apparently there was no basis for it and no extraordinary police protection was ordered.

FOUR THOUSAND WAITERS OUT

Strike in New York Extends to Several Large Hotels.

New York, June 1.—New York faces a possible strike of every union waiter and cook in the city. Four thousand waiters from thirty famous hotels and restaurants are now on a strike and unless they win their fight for higher wages, shorter hours and recognition of their union, within twenty-four hours, their leaders have promised to order a general walkout.

This order, according to Edward Blochinger, financial secretary of the workers' union, would call in every hotel cook and waiter in every hotel not already affected and "quick lunch" establishments serving food at popular prices.

Approximately 1,000 negroes are in readiness to be brought into the city from southern points to break the strike, the principal hotel managers say. At the Plaza hotel negroes have taken up their work.

MINNESOTA OLEO LAW VOID

Case Is Fought and Won by Chicago Packing Firm.

St. Paul, June 1.—The law passed at the last session of the legislature prohibiting the coloring of "oleo" to make it resemble butter was declared unconstitutional by the state supreme court.

In its decision the supreme court said: "The motive of coloring is plain. The consumer will not buy the lighter colored article. There can, however, be no intent to deceive the purchaser, as the law concerning labels is fully complied with."

The case was fought by a Chicago packing firm.

DECIDES AGAINST DR. DUMAS

Mayor Convicted of Arson Must Serve His Sentence.

St. Paul, June 1.—The Minnesota supreme court sustained the conviction of Dr. D. F. Dumas, former mayor of Cass Lake, Minn., charged with planning the blowing up of the post-office safe at Poposky, in June, 1911. He was found guilty of attempted arson. The penalty is imprisonment not to exceed three and one-half years.

Dr. Dumas' defense was that even if all the state's contentions were true, he was not guilty of attempted arson, because the act of burning the Poposky store and robbing the safe was not completed.

Three Explosions in San Francisco

San Francisco, June 1.—Three heavy explosions shook the downtown district of San Francisco. The first two were located at Tom Corbett's pool room and saloon, Fourth and Stevenson streets, and at Broyer's saloon, 615 Stevenson street. The third occurred about ten minutes later. The explosions, recalling in their mystery and violence those which wrecked many saloons and pool rooms in Chicago for a number of years, astounded the local police department.

FIGHT FOR PALMER COLLEGE

Legrand Citizens Now Seek Court Aid to Retain School.

Legrand, Ia., June 3.—Resolutions favoring the extensions of Protestant missionary fields into the territory of the Catholic church and condemning Governor Carroll for his act in welcoming Bishop Dowling of the Catholic church to Des Moines on behalf of the people of Iowa, were adopted by the Iowa Christian conference in its closing session here.

In addition to the extension of the missionary work the resolutions favored the separation of church and state and urged that compulsory education be required of all children up to the age of fourteen.

The action of the conference in sanctioning the removal of Palmer college to Albany, Mo., will be fought by the people of Legrand. The business men here are soliciting subscriptions for a fund to meet the expense of the court action. A temporary injunction restraining the moving of the college will be asked. The application probably will be made before Judge Nichols at Vinton.

The Rev. D. M. Hoffenstein of Des Moines was re-elected president of the conference. Other officers are: R. A. Lewis of Madrid, vice president; John Kyle of Perles, secretary, and E. A. Saunders of Montezuma, treasurer.

It was voted to hold next year's session at Pleasant Ridge, Mo., near Albany, where Palmer college, the state school of the denomination, is to be removed. L. E. Follansbee of Des Moines was re-elected trustee of the college.

SELF-DEFENSE PLEA OF BUTTON WORKER

Russian Tells of Shooting Union Man at Le Claire.

Davenport, Ia., June 3.—Otto Burghaus, charged with shooting Harry King, a union button worker at a button factory in Le Claire, has made a statement to County Attorney Vollmer, in which it is said he confessed shooting King, but claiming it was an act of self defense.

"They had threatened to kill me," said Burghaus. "Friday morning I loaded a revolver and put it into my pocket. I went along the railroad tracks to avoid King and the other men. But they followed me. King had a rock in his hand and I ran behind a water tank. King and the others came after me. I drew my gun and fired into air once. They came on after me. I had the gun pointing in the direction of King and was looking in a different direction at one of the others. Suddenly I turned and saw King close to me. I pulled the trigger. I do not know where I hit him."

Burghaus has been in this country less than a year. He came from Russia. He lived in Muscatine and worked there in one of the factories during the time the union men were out on a strike. He went to Le Claire recently when the plant was opened there. Most of the employees are union men, though the proprietors conduct an open shop.

BALLOTING IS ON IN IOWA

Primary Campaign Closes With Parades and Mass Meetings.

CUMMINS TO BE DARK HORSE

Iowa Senator Says He Expects to Be Compromise Candidate at Republican National Convention in Chicago. Contest Fight of Paramount Import.

Des Moines, June 3.—"The question of who is to place me in nomination before the national convention at Chicago has not been decided. It may not be necessary. We are waiting to see how the presidential situation turns."

This was the significant statement of Senator Albert B. Cummins, in answer to a question as to who is to present his name before the Chicago convention.

Senator Cummins said the matter of presenting his name to the Republican convention probably would be settled this week.

"The majority of the delegates to the national convention already have their minds made up as to who they will vote for as a third candidate in the event neither President Taft nor Colonel Roosevelt is nominated," said Senator Cummins.

"There is no need for organization of my candidacy at Chicago. If it comes, it will come, no matter what my friends might do between now and the time for the roll call. Neither Taft nor Roosevelt has enough votes to nominate. The contests before the national committee at Chicago are of paramount importance. There lies the control of the convention."

Iowa Primary Fight.

The campaign for the state-wide primaries today, which are to determine besides the Republican and Democratic nominees for United States senator, congressmen for the eleven districts, governor and other state and county officers, closed with parades and mass meetings held in the principal cities of Iowa.

Senator W. S. Kenyon closed his campaign at Waterloo with a mass meeting. Daniel W. Hamilton, the only Democratic candidate for United States senator, remained at his home in Sigourney.

The three Republican gubernatorial candidates held mass meetings to close their campaigns. Lieutenant Governor George W. Clarke appeared at Grinnell, State Senator A. V. Proudfoot before his townsmen at Indianola, while Professor Perry G. Holden closed his canvass with two addresses at Council Bluffs. The Democratic candidates for governor, E. E. Gunn of Mason City and John T. Hamilton of Cedar Rapids, closed their campaigns at their respective homes.

The senatorial contests closed with both sides claiming victory. Young's managers increased their estimates of the majority they claim the former senator will receive, and while no figures were available at Kenyon headquarters, his managers were equally emphatic that the junior senator would sweep the state.

Apparently Polk county is considered the keynote to the situation, and vigorous efforts have been put forth by both sides during the last few days to capture its majority, culminating in mass meetings here addressed by Senator Cummins and Lafayette Young.

BOOST ENDOWMENT

Cornell Students Raise \$8,000 in Great Mass Meeting.

Mount Vernon, Ia., June 3.—A great forward step in Cornell's campaign for \$500,000 additional endowment came as the result of the raising of over \$8,000 by the student body in a monster mass meeting. The members of the senior class had already subscribed \$4,300, and the total amount raised is \$12,345.

The campaign committee must raise \$400,000 to meet the requirements of the Rockefeller board, which gives the college \$100,000 if the college raises the remainder of the \$500,000 before June 30. Over \$300,000 has already been subscribed and the entire amount is expected soon.

SEARCHING FOR CASTAWAYS

Seven Americans on Isle, Victims of Wreck Near Cape Horn.

Punta Arenas, Chile, June 3.—The government has sent a warship to search for a party of American castaways. This action is in response to a note in a bottle, found on the beach, saying that an American steamer, the name of which was badly blurred, but might be deciphered as Virgenes, had been wrecked off Cape Horn.

"There are seven of us on an islet," says the note, "with provisions for one month. We have a boat, but are afraid of cannibals. Send help; our government will pay."

Missourian Is Honored.

CONGRESS READY FOR MEAT QUIZ

Packer to Be Asked to Explain Boost in Beef Prices.

HENRY AND CLAYTON CONFER.

House Judiciary Committee to Make Investigation—Department of Justice to Be Called Upon for Trust Data in Its Possession.

Washington, June 3.—Congress is about ready to investigate another "trust," and in consequence some of the big men in the packing industry, who were recently acquitted in criminal proceedings in Chicago, probably will be summoned to Washington to tell why the price of beef and other meats has gone up.

After a conference between Representative Henry of Texas, chairman of the house rules committee, and Representative Clayton of Alabama, chairman of the judiciary committee, a joint statement was made public indicating that such an investigation would be made.

The statement said also that the department of justice probably would be called upon to furnish information in its possession regarding the beef trust and its operations. A recommendation for an amendment to the Sherman anti-trust law may be made in a report of the committee after the inquiry. The beef trust investigation probably will be made by the judiciary committee.

"We have gone over the situation thoroughly and have reached the conclusion that the judiciary committee is now vested with complete jurisdiction to investigate the beef trust," said Representatives Henry and Clayton in their statement.

FIRST TEST ON HOWELL

Roosevelt Men to Start G. O. P. Convention Contest Battle.

Chicago, June 3.—Friends of Colonel Roosevelt announced that the first real test of strength between their candidate and President Taft will commence Thursday, when R. B. Howell of Omaha, national Republican committeeman elect from Nebraska, will demand to be seated as the successor of Victor Rosewater, acting chairman of the national Republican committee, prior to the hearing of contests by that body.

The Roosevelt managers are prepared to make a determined fight to have Mr. Howell seated, and if they succeed they will demand that Borden D. Whiting of New Jersey, Thomas K. Niedringhaus of Missouri, and other national committeemen elect chosen either by direct primary or state convention be seated.

By this means they desire to control the national committee. Harry S. New, chairman of the subcommittee on arrangements for the convention, declined to discuss the plans of the Roosevelt leaders, but intimated that he believed the national committee would not seat Mr. Howell or any other of the committeemen elect until after the adjournment of the convention.

He also expressed the opinion that the national committee would approve the selection of Senator Root as temporary chairman and endorse the plan adopted for the distribution of seats.

HALL LIKE BALL OF FIRE

Decorations for Democratic Convention to Be of Dazzling Splendor.

Baltimore, June 3.—To welcome the thousands of visitors during the week of the Democratic convention, Baltimore will be garbed in a dazzling array of color and electric lights that will shine from one end of the city to the other. The illuminating and decorating plans are considered the most elaborate ever designed for the city.

At the Fifth Regiment armory the twelve ribs of the roof, all of the outside edges at the top of the building and the cornices will be outlined with myriads of electric bulbs, wonderful in their brilliance and luminosity. These will make the great building sparkle and glow whether viewed from nearby or from afar, and will dazzle like a great ball of white flame to the eyes of every beholder. The entrance on Hoffman street will also be elaborately treated with light.

Refuses to Support Root.

Madison, Wis., June 3.—Governor Francis McGovern of Wisconsin, chairman of the Wisconsin delegation to the Republican national convention, in a telegram answering an appeal by William Barnes, Jr., of New York, refused the support of Wisconsin for Senator Elihu Root as temporary chairman of the convention. Governor McGovern's reply said Senator Root represented "political views and methods that should not be sanctioned at the Chicago convention," and that Root's selection would invite defeat in November.

Strike Ballots of Shopmen Received.

Chicago, June 3.—The ballots of about 150,000 shopmen employed on railroads west of Chicago on the question of striking for different working conditions were received at the headquarters of various international unions. It will require several days to count the votes. Union men who have kept in close touch with the situation believe a strike is probable.

Queen Wilhelmina in Paris. Paris, June 3.—Queen Wilhelmina of the Netherlands and the prince consort arrived here for a three days' official visit. They were greeted by a great crowd at the railroad station and cheered as they drove through lines of troops to the foreign office, where they will stay. A banquet given in honor of the royal visitors by President Fallieres at the Elysee palace was followed by a gala performance at the opera.

LORIMER GOES TO CAPITAL

Senator Leaves Chicago Without Giving Any Warning.

TO HEAR KERN MAKE SPEECH.

Friends Still Insist He Will Not Resign and That He Has No Fear of Being Ousted From Seat—Cooke Acts as Bodyguard and Nurse.

Chicago, June 3.—Senator William Lorimer left for Washington over the Pennsylvania line. He expects to be in the senate today when Senator Kern begins his address.

Friends of Senator Lorimer reiterated their statement that he positively will not resign. The senator declined to discuss any phase of his case.

The senator was accompanied by William J. Cooke, who, according to his statement, will act as bodyguard and nurse to Mr. Lorimer.

"It will be my job," said Cooke, "to make him go to bed when he gets tired and to keep people from annoying him—say such as certain kinds of newspaper reporters."

Cooke said Senator Lorimer's condition still was poor, but that he intended to fight out the battle with his opponents in the senate.

"However, it isn't the thought of being ousted from the senate that makes him feel poorly," said Cooke, "as he feels that he will not be expelled."

Only a few of the senator's friends knew he intended to leave. At his residence the invariable reply to inquiries as to when he intended to depart for Washington had been that he had not decided on a date. Two minutes before time for the train to leave the Lorimer automobile dashed up to the station, Senator Lorimer and his two sons hurried through the station without stopping and the senator boarded the train.

ARCHITECT BURNHAM DEAD

Designer of "Chicago Plan" Succumbs at Heidelberg While Touring Europe.

Chicago, June 3.—The founder of the Chicago plan, Daniel Hudson Burnham, died in Heidelberg, Germany. He did not live to see his greatest idea, the beautifying of Chicago, actually and tangibly under way. Much of his work along similar lines in other cities remains unfinished.

Mr. Burnham was sixty-six years old. He had been seriously ill only a few hours when he died of diabetes, a disease which had troubled him for some time. He was traveling with his wife, his son, Hubert Burnham; his daughter, Mrs. A. B. Wells, and Mr. Wells, at the time of his death. They had been motoring through France, Italy and Germany when the Chicago architect became suddenly ill.

NEW YORK WAITERS IN RIOT

Revolvers Used to Awe Strikers Near Home of Vanderbilt.

New York, June 3.—Police of the "strong arm" squad drew revolvers to keep back 300 hotel strikers and sympathizers, who assumed a threatening attitude after nine of their number had been arrested near the Hotel Savoy on charges of disorderly conduct. In the battle Detective Foy was knocked down and beaten until rescued by his comrades.

The riot occurred in one of the most exclusive residential sections and within a stone's throw of the residence of Cornelius Vanderbilt.

With more than two score of the leading hotels and restaurants affected by the strike, the New York Hotelmen's association refused to entertain a proposal of arbitration suggested by Commissioner Beelan.

Fuffragists Use Balloon to Boost Cause.

Topeka, June 3.—Toy balloons, bearing the picture of a young boy carrying a banner, upon which is inscribed "Vote for Mother," will be used by women of Kansas, who are working to see equal suffrage triumph in this state, during the rest of the present campaign.

McClaghrey Suspended.

Leavenworth, Kan., June 3.—William McClaghrey, Bertillon expert at the federal prison here, was suspended from duty by the department of justice. A quarrel he is said to have had with an inspector, who reported the matter to Washington, is said to have been the cause.

Armed Girl Captures "Peepers."

De Beque, Colo., June 3.—Pearl Hoppel, eighteen years old, single handed, captured Frank E. Lynch, whom she found peeping in her bedroom window. Covering him with her father's revolver, she delivered him to the city marshal. He was sent to jail for thirty days.
