The Children's day exercises given at the Christian church last Sunday evening, were very largely attended and one of the finest programs ever given on a similar occasion ever held in Murray was rendered. There is a young man living in this part of the country that has demonstrated a great deal more of the good roads spirit than most of the men who have use for and are traveling the roads every day. That young man is Morris Lloyd, the young son of our excellent farmer friend, John Lloyd, near whose farm lays about three-quarters of a mile of mighty good road, made so by Morris with a drag that the young man made himself and used his own team for the work. Such work is indeed very commendable and greatly appreciated, more especially when a young man the age of Morris takes such active work in the good roads movement. Let the good work go on, there are many more young men the age of this one that can find the same amount of time to spare.
