Having been fortunate enough to secure the agency for the Blau-Gass, we are going to reduce our immense Hardware Stock and eventually close it out entirely, retaining only the Heating and Plumbing end. In order to accomplish this quickly we are making the prices quoted in this advertisement. This sale will continue until we find a buyer for our stock and will give you an opportunity to get goods at less prices than they were ever offered in Plattsmouth before.

It is impossible to itemize prices on every item, as it would take over a month to go through and itemize everything separate. We wish to state that outside of heating and plumbing material we are not holding back anything, but will discount every article, as we are positively going out of the hardware end of our business. With the new line that we have taken it will take all the time we have to give it proper attention, and if there anything you need in the hardware line you would do well to look over our stock. We are going to advertise our stock for sale in the leading papers and very likely will have a buyer for the entire stock in a very short time, so if there is anything you need it would be well to get it at once.

ROOSEVELT FORCES LOSE

They Leave Committee Room After the Taft Forces Gain Control

ROOSEVELT FAVORS BOLT

Urges His Followers to Stand for Their Rights Even If They Must Hold Another National Convention

(Special to the Journal.)
 Chicago.—The convention was called to order at 12 o'clock. The committee on credentials was not ready to report. A recess was taken until 4 o'clock.

The second roll-call of the delegates of the republican national convention occurred yesterday afternoon, and came on the motion of Governor Hadley to purge the roll of the contested delegates. When the vote was taken it showed 564 for the Taft following, and 510 against, which is a gain to the Taft forces over the first test of 46 votes. The result apparently causes the Taft leaders to rejoice and the Roosevelt cohorts to grit their teeth and fight all the harder.

One of the sensations of yesterday was an order from Roose-

velt that if the convention was organized with the 64 contested delegates in the list that his contingent should walk out and organize a convention of the regular republican party. Neither Governor Hadley, Senator Borah or Governor Deneen would consent to follow Roosevelt in his bolt.

The whole question covered by the Hadley motion was referred to the committee on credentials. The Roosevelt members of the credentials committee left the session and did not participate in its deliberations yesterday. But this morning when the credentials committee assembled to take up the contests the Roosevelt men unexpectedly appeared to take part in the proceedings. Only thirty-two of the fifty-two members were present when the doors were opened to the newspaper men.

Dangerous Buildings.

Here is the law regarding the removal of dangerous buildings, etc. There is no denying the fact that the city council has the power to remove such buildings within the fire limits. The law is very plain:

5985c. Sec. 5.—(Dangerous Buildings — Nuisances) — Any building or other structure, which, for want of proper repair, or by reason of age or dilapidated condition, or for any cause, is especially liable to fire, and which is so situated as to endanger other buildings or property; and any combustible or explosive material, or inflammable conditions, placed, kept or existing in or upon any building or premises which is dangerous to the safety of said building or premises, and the same is so situated as to endanger other buildings or property, is hereby deemed and declared to be a nuisance; and any owner or occupant of such buildings or premises who shall cause, continue or maintain any such nuisance shall be guilty of a misdemeanor and, on conviction thereof, shall be fined in any sum not exceeding the sum of \$500.00 and the court shall order said nuisance to be abated.

If any such owner or occupant shall fail to comply with said order, he shall be prosecuted for maintaining a nuisance, and said nuisance shall be abated.

Mrs. Lela Love, wife of Wiley Love, a farmer living near Covena, Ga., says: "I have taken Foley Kidney Pills and find them to be all you claim for them. Ease Ball at Cedar Creek.

The fast Eagle ball team were pitted against the locals on the Cedar Creek diamond Sunday and were taken a pace much too fast for them, losing the game by a score of 4 to 9. Connors was on the mound for Cedar Creek and had everything in the line of control and smoke. He was in a hole in but one inning, and he struck out 12 of the Eagle sluggers. P. Hirz was the batting star for the locals, securing two two-baggers and two singles out of five times at bat, and W. Salberg got two hits that drove in three runs, which is not so bad for a boy. Our three-sacker Willie was there and over in the field, as usual, as was also Jegg Salberg. The locals meet the boys down at Avoca Sunday, June 23d, and Louisville on the 27th. Any team wishing a game can get action by communicating with J. F. Wolff, Manager, Cedar Creek, Neb. A Fan.

Mrs. M. A. McLaughlin, 512 Jay St., LaCross, Wis., writes that she suffered all kinds of pains in her back and hips on account of kidney trouble and rheumatism. "I got some of Foley Kidney Pills and after taking them for a few days there was a wonderful change in my case, for the pain entirely left my back and hips and I am thankful there is such a medicine as Foley Kidney Pills." For sale by F. G. Fricke & Co.

C. F. Harris and wife and little son came up from their home near Union today and went to Omaha to interview the doctor who treated the little boy some weeks ago.

PLATTSMOUTH TO HAVE CELEBRATION

Mayor Sattler and the City Council to Have Charge of the Event.

Plattsmouth will celebrate the Fourth in a safe and sane manner. The city fathers have taken hold of the matter with a zeal and energy that belokens a grand and glorious day for all who care to celebrate the nation's birthday in the manner our revolutionary grandfathers anticipated the day would be commemorated. Mayor Sattler has conferred with the council and they have agreed to take hold of the matter and give Plattsmouth a celebration that everyone can participate in and everybody enjoy. The following is the list of committees:

Committee on Finance and Band—Councilmen Rea Patterson, Emmons Richey, Carl G. Fricke, Berford Wri and John Vorndran.

Committee on Speakers and Entertainment—A. L. Tidd, M. Archer and Councilmen George Dovey and John Hallstrom.

Committee on Park and Fireworks—Councilmen George Lushinsky, C. A. Johnson, F. F. Buttery, William Shea and Adam Kurtz.

The plan is to have a fine program of speaking, band and vocal music at the park in the forenoon, with band concert on Main street in the afternoon and fireworks at night. The program will be arranged by the speakers and entertainment committee, probably early next week, so that plenty of publicity can be given to the program before the Fourth.

Let everybody put their enthusiasm and effort at the disposal of the committee and Plattsmouth will have a celebration we can attend with some degree of satisfaction. Some funds will be required to defray the expense, and the finance committee will call upon you to do your share in the contributions. Let everyone who would like to see the town have an appearance of life on the Fourth respond when the committee calls. All of the committees are made up of good men, and there is nothing in the way of us having a fine time on the Fourth. There is not another town in the county making any effort to celebrate this year, hence Plattsmouth should proceed to take advantage of a golden opportunity.

THEY PUT AN END TO IT.

Charles Sable, 30 Cook St., Rochester, N. Y., says he recommends Foley Kidney Pills at every opportunity because they gave him prompt relief from a bad case of kidney trouble that had long bothered him. Such a recommendation, coming from Mr. Sable, is direct and convincing evidence of the great curative qualities of Foley Kidney Pills. For sale by F. G. Fricke & Co.

Returns From Oklahoma.

A. S. Will returned from Hennessy, Oklahoma, this afternoon, where he has been looking after his farming interests for a week. Mr. Will found that they were needing rain badly when he arrived, but while there there was a fine rain fell, which will assure a good corn crop. Up to three weeks ago plenty of moisture had been apparent all spring, but three weeks of drouth was raising havoc with the wheat. All kinds of crops are looking fine now.
