Having been fortunate enough to secure the agency for the Blau-Gass, we are going to reduce our immense Hardware Stock and eventually close it out entirely, retaining only the Heating and Plumbing end. In order to accomplish this quickly we are making the prices quoted in this advertisement. This sale will continue until we find a buyer for our stock and will give you an opportunity to get goods at less prices than they were ever offered in Plattsmouth before.

It is impossible to itemize prices on every item, as it would take over a month to go through and itemize everything separate. We wish to state that outside of heating and plumbing material we are not holding back anything, but will discount every article, as we are positively going out of the hardware end of our business. With the new line that we have taken it will take all the time we have to give it proper attention, and if there anything you need in the hardware line you would do well to look over our stock. We are going to advertise our stock for sale in the leading papers and very likely will have a buyer for the entire stock in a very short time, so if there is anything you need it would be well to get it at once.

MERCHANTS' BALL GAME A CORKER

A Large Crowd Attends the Game and Had Lots of Fun and Enjoyment.

The base ball game played yesterday between north and south side Main street business men was a playful success and was attended by a large crowd of rooters. The line-up was as follows:

South Side—McMaken, catch, and Baylor, pitch, with A. L. Henry as substitute for Baylor and Scott for McMaken; Fricke, first base; Brady, second base; Herold, third base; Smith, shortstop; Warga, left field; Wescott, center field, with Bernie as substitute; Jones right field, with Hatt as substitute.

North Side—Schneider, catch; Mayfield, pitch; J. Iverson Henry as sub for Mayfield, who was injured in the fifth inning; Goos, first base; Nemetz, second base; Patterson, third base, with J. Falter as sub; Pollock, shortstop; Sayles, left field, with George Falter as sub; Beeson, center field; Morgan, right field, with McElwain as sub.

The north side came to bat first and scored quite frequently and remained at bat until the entire team had batted around. Schneider, Nemetz, Pollock, Patterson, Sayles and Beeson scored in the first inning, while Goos never reached first base. Sayles walked out to first, four balls going rapidly by him without a gesture from Sayles. Six scores were the result of the first inning for the north side, the batters being able to read the signs of the opposing battery and blocked their shrewdest moves. Two scores were run in by the north side in the second inning, while a whitewash in the third was sequel of the inning.

The north side had no trouble in finding Pitcher Baylor right along. In the fifth inning Baylor was relieved by his captain and A. L. Henry, the left-handed twirler, was placed in the box, and at the end of the inning five more scores were run in by the north side. When the game ended in the middle of the ninth inning the north side had run in seventeen scores.

Some of the thrilling plays were made by Judge Beeson, when, in the first inning he knocked a three-bagger and in the fifth he caught an innocent fly knocked by Smith to center field, and bp McElwain, when he failed to connect with a fine fly knocked to right field by Smith in the seventh inning.

The south side did some excellent playing. McMaken, the catcher, proved himself to be the best kicker on the ground and frequently called the umpire and others down. With all their clever work at the bat and running bases they failed to score until the fifth inning, when scores were made by Warga and Wescott. Bernie, Hatt, Smith and Warga scored in the seventh inning and this was the sum total of the marks made by the south side.

The cause of the difference in the score has been attributed to the absence of Carl Kunsman, the pig tail for the south side, who had to be in Omaha. Carl feels that there should be a return game some time when he can be in town.

J. E. McDaniel, as water boy for the south side, was right on his

job, with straw hat and blue bib overalls, and with plenty of water for the thirsty players.

Pollock, the Ty Cobb of the north side team, was the most unfortunate player in the game and was struck with the ball no less than three times, twice by the pitcher and once by the pig tail, who struck Bert square on the head.

Pitcher Mayfield was injured by a collision with First Baseman Fricke and had to quit the game in the fifth inning.

The game was umpired by Dotson, whose decisions usually pleased the bleachers.

HELPED TO KEEP DOWN EXPENSES.

Mrs. J. E. Henry, Akron, Mich., tells how she did so: "I was bothered with my kidneys and had to go nearly double. I tried a sample of Foley Kidney Pills and they did me so much good that I bought a bottle and feel that they saved me a big doctor's bill." For sale by F. G. Fricke & Co.

Will Be Buried Here.

The following was taken from the Omaha World-Herald of this morning: "MacDakin Burnison was overcome with fumes of cyanide in a mining plant in Goldfield, Nevada, Tuesday evening and died within an hour. Mr. Burnison was formerly of Omaha and is the son of Mrs. A. M. White and nephew of Mrs. Harriet MacMurphy of this city. He was a graduate of the School of Mines at Salt Lake City, Utah, and went from there to Goldfield to take a position with a large mining concern. A. M. White has gone to Ogden, Utah, to meet the body and it is expected he will arrive here some time Sunday. The body will be taken to Plattsmouth, Neb., where the burial will take place in the family lot.

Mrs. Lela Love, wife of Wiley Love, a farmer living near Covena, Ga., says: "I have taken Foley Kidney Pills and find them to be all you claim for them. They gave me almost instant relief when my kidneys were sluggish and inactive. I can cheerfully recommend them to all sufferers from kidney troubles." For sale by F. G. Fricke & Co.

BASE BALL GAME SUNDAY AFTERNOON

The Plattsmouth Team Will Meet the J. I. Cross Team on the Home Diamond.

That swift playing bunch, the J. I. Cross team, of Omaha, will be here next Sunday afternoon to meet the home team at the city ball park, in what promises to be one of the most interesting games of the season up to the present time. The J. I. Cross team has played in this city on numerous occasions in the past few years, and while many of the old players have probably left the team, we venture the assertion that they are stronger than ever.

The Red Sox have been doing some good work the past few weeks, and are strengthening themselves considerably by good practice work, and with the addition of that Indian gentleman as pitcher they are just about as good as they were two years ago, when we had the crack team of this section. All they need now is just a few more 25-cent pieces at the gate, and as the boys grow better let us all take more interest and swell the crowd just a little more at each game, and before the season closes, or about tournament time, we can have the first money winning team.

Remember that the game starts at 2:30 Sunday afternoon, and this is where you get your "two-bits" worth.

Can't look well, eat well, or feel well with impure blood. Keep the blood pure with Burdock Blood Bitters. Eat simply, take exercise, keep clean, and good health is pretty sure to follow. \$1.00 a bottle.

Cass County Auto Association.

All automobile owners or prospective owners are requested to meet at Weeping Water next Monday, July 1, at 2 p. m., with the Cass County Automobile Association and discuss matters of great importance to all auto owners. The Cass County Automobile owners are now paying into the treasury of Cass county several hundred annually, and there is now a large balance in the hands of the county commissioners to be expended on road work at the direction of the Cass County Automobile Association and car owners. Every car owner in Cass county should make it a point to be at Weeping Water next Monday, July 7th, and help boost the "Good Roads" movement. Don't forget the date—July 1st—and come.

Must Pay for Newspapers.

The following is a synopsis of the United States supreme court decision regarding delinquent subscribers. It will prove interesting:

1. Subscribers who do not give express notice to the contrary are considered as wishing to renew their subscriptions.

2. If subscribers order the discontinuance of the periodicals the publisher may continue to send them until all arrears have been paid.

3. If subscribers neglect or refuse to take their periodicals out of the postoffice to which they are addressed they are responsible until after they have settled their bills and ordered their paper discontinued.

4. If subscribers move to other places without informing the publisher and papers are sent to the former address, subscribers are held responsible.

5. The courts have decided that refusing to take a periodical from the office, or removing and leaving them uncalled for, is prima facie evidence of intentional fraud.

6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it, otherwise the publisher is authorized to send it and the subscriber will be held responsible until an express notice with payment of all arrears are sent to the publisher.

A Picnic Supper.

C. C. Wescott and family, C. E. Wescott, E. H. Wescott and family, William Baird and family, John Waterman and daughter, Miss Alma; Miss Sarah Black, John Crabill and family, Mrs. M. Howland, Mrs. Crabill, Miss Etha Crabill assembled at the home of Mrs. W. L. Street on Tuesday evening and participated in a fine picnic supper, which was served in regular picnic style on the lawn at the Street home. This was in the nature of a farewell, as two of the picnickers were soon to depart from their midst—C. E. Wescott for his home in California, and Miss Black for Ottawa, Illinois, and who is expecting to be gone for an indefinite time. All thoroughly enjoyed the outing.

Fire at Mauzy Woodshed.

A mysterious fire was started today near the noon hour near the woodshed of Henry Mauzy in the First ward. The fire alarm was turned in as soon as the blaze was discovered and the fire boys quickly procured the hose cart and a team of horses to take them to the scene of the fire. The blaze was extinguished before much damage was done. The origin of the fire is a mystery. No one was about the shed or alley where the fire started. There was a pile of rubbish in the alley near the shed and it is presumed some boy set a match to it. The woodshed was burned in part and damaged to some extent.
