## BUSINESS MEN AND POLITICS

Many Business Men Go to One Extreme or the Other in Regard to Politics.

Some absolutely refuse to have any thing to do with politics and will not even perform one of the most important duties of citizenship—that of voting.

Others become thoroughly immersed in politics, often to the neglect of their business and with the result of making many foolish enemies.

The wise business man avoids extremes in politics, just as in everything else. When the heat of political warfare becomes such that half of the population appears to have lost its sanity, then should the business men remain cool and calm.

It is the duty of all citizens—but particularly of the business man, since he has more at stake than the average man—to study political platforms dispassionately and carefully consider the candidates. After the business man has determined upon a course of political action he should exert his influence for the success of those principles and candidates which have appealed to him as being right. But this influence should be exerted quietly and effectively.

Brass band and torch light parade tactics are not good for the business man. His efforts will count for much more when put forth in the form of quiet man-to-man talks with his patrons and friends. The wise business man will not make his place of business a public forum for the discussion of political questions.

Indications are that party lines will be badly broken in the present campaign. The great mass of voters apparently cannot be held in line by a mere party name. Under such conditions, business men have an unusual opportunity to make their influence felt. They can largely shape the course of political events if that influence is exerted tactfully in the right quarters. This is particularly true in reference to the legislative and congressional elections, the outcome of which is of such importance to business men generally.—Omaha Trade Exhibit.

## IT'S A MISTAKE

Made by Many Plattsmouth Residents.

Many people in a misguided effort to get rid of kidney backache rely on plasters, liniments and other make-shifts. The right treatment is kidney treatment and a remarkably recommended kidney medicine is Doan's Kidney Pills. Plattsmouth is no exception.

The proof is at your very door. The following is an experience typical of the work of Doan's Kidney Pills in Plattsmouth.

Benjamin Brooks, Main street, Plattsmouth, Neb., says: "As the result of a bad cold, I had a severe attack of kidney complaint. At times the pain extended from my back and hips into my shoulders. I could not get about and was laid up for two weeks. My head ached for hours at a time. I had dizzy spells, during which my sight became blurred. Doan's Kidney Pills checked these troubles and after using two boxes, I regained my health. I got Doan's Kidney Pills at Ry-nott's Drug Store and can recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

W. P. Cook, for many years one of the leading tontorial artists of this city, came home Friday evening to spend Sunday with his family. H. Abberhaus, who has been in an Omaha hospital for three weeks, came down Saturday night with his wife and children and will visit his sister, Mrs. Art Johnson and family, for a few days.

A. W. Damron, wife and two children, who have been guests of the George Poissall home for a few days, returned to their home at Columbus this morning.
