 Harold Tool has purchased the Ford runabout of Emil Miller and the latter has a fine new five-passenger Ford.  
 Gail McDonald returned to Holt county on Friday, after spending the Fourth here.  
 Henry Tool, A. J. Tool and Henry Guthman were fishing one day last week and landed, among others, a 27-pound catfish.  
 Miss Viola Everett left Tuesday for a trip to Washington, D. C., and several other eastern points. She expects to be gone until September 1.  
 The moving pictures at the air dome last week were quite a success and attracted a large crowd each evening. There were 114 tickets sold Saturday evening.  
 Mr. and Mrs. Harry McDonald and children, Bryan and Irene, and also Mr. and Mrs. Arthur Besack and son, of Springfield, are enjoying this week camping on the river.  
 Nearly everyone from this burg celebrated the Fourth at Ashland. A general good time was had by all. The most interesting event of the day, to our notion, was the ball game between Murdock and Ashland. It was certainly a good game and it took ten innings to decide which was the best, but, as usual, when the smoke cleared away it was found Murdock had won by a score of 4 to 2. Our boys surely know how to play ball, even when it comes to bumping up against a Lincoln pitcher.  
 Last Monday night the safe in Louis Neitzel's store was robbed of about \$50. The burglars entered by the back door and after securing a few things besides the money, made their escape and no one knew of the visit until the next morning. At noon Tuesday the bloodhounds from Beatrice were here, but could only follow the scene to the railroad tracks east of town. It is our theory they boarded a train and made their getaway. On Saturday night someone was prowling around the Brancle home nearly the entire night. Several other reported attempts to burglarize were made. On Tuesday morning at about 5 o'clock two fellows dumped a hand-car at the first crossing west of the depot and continued on foot. We are wondering what will happen next. The hand car was reported stolen from Prairie Home and is the same one the convicts used last March.

## LOUISVILLE.

Courier.

Miss Olive Mayfield, who has been visiting here for the past two weeks, returned to her home in Stanton Tuesday.  
 The cherry crop in this section of the county is not up to the average this year, but most of the fruit is of very fine quality.  
 There will be but very few peaches raised in Cass county this season, according to all reports. In Louisville most of the trees were winter killed.  
 The warm weather that has come during the past few days is having a good effect on growing corn, which has been held back by the lateness of proper growing weather.  
 If heavy foliage is a sign to be guided by, according to an old belief, we may look for another hard winter on top of that which has just passed, and which was a record-breaker.  
 Louisville's new baker was opened for business Wednesday morning. The proprietor, Mr. Frank Barstow, is an expert at his profession and says that if Louisville people will give his place a trial he will insure them the best that he can produce at all times.  
 Deputy Game Warden Craft arrested Albert Lieneman, Emil Quick and John Smith, residing west of Ashland and who had been granted licenses to sein the creeks of this section. However, the charge upon which they were arrested was that they were found seining in the Swift & Co. ice pond. Game Warden Miller of Lincoln came over and took charge of the gentlemen, and they will plead guilty.

Dysentery is always serious and often a dangerous disease, but it can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has cure it even when malignant and epidemic. For sale by F. G. Fricke & Co.

Always the Home of Satisfaction

## MISSOURI PACIFIC IS TO SPEND MILLIONS

Money for Further Improvement of the Road to Be Raised by Bond Issue.

When Dan Willard rebuilt the Burlington he began with a property in good condition and spent fifty millions or more in making it better. He is now rebuilding the Baltimore & Ohio, has spent fifty millions and perhaps may spend that much more before he has it in condition to handle the greatest volume of business with the greatest safety and the least cost. It costs money to rebuild a railroad.  
 B. F. Bush, president of the Missouri Pacific, spent a few millions last year in rebuilding that system. He has been spending a few more this year. Now the telegraph brings the information that a new bond issue has been floated whereby two hundred millions will be raised, one hundred and seventy millions for retiring bonds and seventy millions for improvements. Mr. Bush has said that much will be needed by the Missouri Pacific to place it where it can handle business as cheaply as other systems.

Buy now. Chamberlain's Colic, Cholera and Diarrhoea Remedy is almost certain to be needed before the summer is over. Buy it now and be prepared for such an emergency. For sale by F. G. Fricke & Co.

Miss Harriett Adams visited the metropolis this morning, going on the early train.

## Working Full Force.

Streight & Streight's upholstering department worked its full force of hands yesterday and today on a large order for cushions recently placed by Rynott & Johnson. The cushions are to be used at the ball park and will be rented at 5 cents each. There are 100 regular size, 12x14 inches; then there will be a large number about 12x16 inches and a few for big boosters like W. J. Streight, R. A. Bates and Bennett Crisweiser, will be made 24x28 inches. The cushions will be kept in a locker near the entrance, and after the enthusiastic fan has gained admission to the grounds and desires a cushion he will turn round once in the presence of the cushion salesman, who, with a brief glance, will be able to select the cushion appropriate for the purchaser. There will be no extra charge for the middle-sized cushions and probably not for the extra large ones, although that has not been decided yet. The enterprise is certainly one that will be appreciated by those men who do not want to sit on a dusty board, and especially when the game holds on for half a day, as it did on the afternoon of the Fourth of July, when a board that is not cushioned gets very tedious.

For soreness of the muscles, whether induced by violent exercise or injury, there is nothing better than Chamberlain's Liniment. This liniment also relieves rheumatic pains. For sale by F. G. Fricke & Co.

Go to Henry's Notion Store for Candies, Post Cards, Ice Cream and 10c Sheet Music. Riley Block on North Sixth Street.

## Digging His Grave.

Many of us are digging our own grave with our teeth by neglecting to masticate properly our food. The digestive organs cannot digest such food in time and announce that by indisposition, pain and finally by a serious sickness. Rapid eating will cheat you of the pleasure of eating and of the benefit the food should give to the body. Take our advice and allow yourself plenty of time for eating. In case of a lack of appetite or difficulties after meals, do not forget to at once use Triner's American Elixir of Bitter Wine. This remedy, made of pure, red wine and bitter herbs, will compel the digestive organs to work energetically and will remove every curable trouble. It will clean out the intestines and will prevent constipation, vertigo, vomiting, flatulence. At drug stores, Jos. Triner, 1333-1339 S. Ashland Ave., Chicago, Ill.

## Cut the Weeds.

The weed cutting time has again arrived and I hereby wish to call the attention of all farmers in road district No. 4 that all weeds must be cut on or before August 15. Let everybody kindly look after this as early as possible. Mike Lutz, Overseer.

A. M. Nason, farming near Canaan, Me., was badly crippled with sciatic rheumatism due he says to uric acid in his blood. Foley Kidney Pills entirely cured me and also removed numerous black specks that were continually before my eyes." Foley Kidney Pills are a uric acid solvent and are effective for the various forms of rheumatism. For sale by F. G. Fricke & Co.
