Having been fortunate enough to secure the agency for the Blau-Gass, we are going to reduce our immense Hardware Stock and eventually close it out entirely, retaining only the Heating and Plumbing end. In order to accomplish this quickly we are making the prices quoted in this advertisement. This sale will continue until we find a buyer for our stock and will give you an opportunity to get goods at less prices than they were ever offered in Plattsmouth before.

It is impossible to itemize prices on every item, as it would take over a month to go through and itemize everything separate. We wish to state that outside of heating and plumbing material we are not holding back anything, but will discount every article, as we are positively going out of the hardware end of our business. With the new line that we have taken it will take all the time we have to give it proper attention, and if there anything you need in the hardware line you would do well to look over our stock. We are going to advertise our stock for sale in the leading papers and very likely will have a buyer for the entire stock in a very short time, so if there is anything you need it would be well to get it at once.

## STARTS CRUSADE AGAINST SALOONS

Detectives Have Been Gathering Evidence at Omaha.

### FIVE WARRANTS SWORN OUT.

Complaints Filed by Superintendent Carson of the Nebraska Anti-Saloon League Charge Violation of the Sunday Closing Law.

Omaha, July 11.—Superintendent Carson of the Nebraska Anti-Saloon league arrived in Omaha from the Lincoln headquarters, accompanied by an attorney of the league, and immediately got busy producing results on an evidence-getting campaign that has been on for several weeks, a local detective agency doing the work.

Five complaints against saloon keepers for selling liquor Sundays were filed, and it is given out by the league workers that this is but the beginning, and that more complaints for violations of the liquor laws will be filed in the near future.

The complaints are against Emil Hansen, Anton Jensen, T. D. Boyle, Harvey Jacobsen and Charles M. Lentz.

Warrants were sworn out by Fred W. Anheuser, city prosecutor, upon information from Leslie Strain, a detective of the Anti-Saloon league, who alleges he purchased beer and whisky at the places above mentioned on different Sundays.

### TELLS OF NEBRASKA LAND

Guy Prepares Statement for Those Who Wish to Take Up Homestead.

Lincoln, July 11.—Labor Commissioner L. V. Guye has prepared the circular letter which he is to send out to all Nebraskans and out-of-the-state people who have been inquiring as to land open to entry in this state. The letter, which gives in a general way a description of the land and of the opportunities within reach, pertains to land in Hooker, Grant, Cherry, Logan and other north, central and western Nebraska counties. In part it reads as follows:

"Generally speaking, I find this land to be quite sandy, well adapted to stock raising, dairying and poultry raising, with the valleys fairly good farming lands, especially for the root crops, potatoes, etc.

"The majority of the land is under fence, being used as range by the large ranches. The land yet open to settlement is equally as good as that which is taken, but, naturally, it is farther from the railroads, ranging from five to twenty-five miles. Each claim, which consists of 640 acres, is capable of caring for from fifty to 100 head of stock. The ranches very readily lease all land not pastured by the homesteader, paying about 25 cents per acre per year. Deeded sections are selling from \$2,000 to \$4,000.

"Rural mail delivery and telephone lines extend in all directions. Schools are rarely found outside of the small towns, and I would advise only that class to make settlement who have no children of the school age or who may be able to place their children in the town schools.

"The climate is very healthful, water good, an inexhaustible supply being found at from ten to fifty feet. Cattle and horses live on the range the entire year around without shelter or food, although, in my judgment, such is necessary as a guaranty of perpetual success."

### Stolen Goods Recovered.

Beatrice, Neb., July 11.—Harry and James Sypherd and their wives were arrested here for stealing a lot of blankets, rugs and silverware from John Shaw of Fairbury. They were

taken back to Fairbury. The goods were found at the Rock Island station here and the Syphers were arrested when they attempted to hide the stolen property in an old house in the south part of the city.

### Cherry Seed in Baby's Nostril.

Fairbury, Neb., July 11.—The little son of Mr. and Mrs. Carl Lutz is in a precarious condition as a result of getting a cherry seed in its nostril. Several doctors were summoned, but they were unsuccessful in removing the substance. It is the intention to have a specialist apply an X-ray in the hopes of locating the seed.

### Replevin Suit Begun.

Robinson & Martin, the street carnival "circle wave" proprietors, began a replevin suit this morning to get possession of their swing. The C. B. & Q. Railway company was made defendant, the property being held for freight. The swing was in the car with other parts of the show, and the entire car billed to Plattsmouth under the name of one of the Mid-West Carnival company's proprietors, and some difficulty was had in getting the stuff released. In fact, the railway company's officials here had not received a bill of the freight and could not tell how much was due. The plaintiff's tendered the freight, which was not accepted, for the reason that pending the arrival of the freight bill the railway company's agents could not determine the amount due.
