They were met here by Mr. Henry Shoemaker and daughter, Mrs. Henry Thiele, and were driven to the latter's home in the auto.

Mr. Henry Heebner, our genial grain man, met with an accident Tuesday evening just west of Murray, that was due mainly to his avoirdupois. The front axle of the lively buggy broke and let him down in the road. In the predicament he was favored by a dashing rain, which cooled his ardor. Mr. Heebner received slight injuries to one limb and quite a badly bruised finger. The buggy was completely demolished, as what was not broken in the fall the team finished up. He was accompanied by a very much corpulent gentleman friend, in the person of Chris Miller, who fared somewhat better than Henry. He did not receive a scratch.

Last Sunday morning about 30 young and old people drove down to the beautiful farm home of John Larsh to spend the day in the cool and refreshing breeze from the Big Muddy, and in the shade of the big trees. W. D. Wheeler, our Baltimore delegate, was in from his farm, three miles east of Murray, last Saturday attending to some business. While here he recounted some of the very interesting features of the national convention. One of these was the rapidity with which incidents in the convention hall found their way into the newspapers. Sometimes only twenty minutes elapsed until newsboys were selling papers giving full details of a point gained by some faction. Twenty minutes after Bryan had scored a point over the New Yorkers, Billy left the convention hall for a breath of fresh air and found the newspapers for sale with the big black headlines, "Bryan Tore Another Chunk Out of Tammany."

**Celebrates Fifth Birthday.**

Besides the injury to the head and face, one shoulder was badly contused. She will remain at the Tilton home until able to be moved.

## May Have Crop of Pipes.

Phil Harrison, the floriculturist, had in his buttonhole this morning a blossom of a calabash gourd which, if allowed to mature, would probably have made a \$10 pipe. Phil has a couple of vines, the seed of which he procured from a celebrated seed house in Chicago, and on these plants there are 200 blossoms. If Phil has no bad luck he will have 200 calabash gourds, from which the finest pipes in the market are made. Weyrich & Hadraba have some of the pipes in stock, made from the same material, and they are fine specimens.

And it shall be the right of the widow, widower, or a majority of the heirs-at-law of legal age, of the estate of any deceased intestate or the widow, widower, or a majority of the legatees or devisees of lawful age, of the estate of deceased testator, to designate the newspaper in which the notices pertaining to the settlement of the estates of such deceased persons shall be published. ## Visits Former Home.

John G. Herman of Denver, for thirty years an employee of the Burlington, returned to his home at Denver this afternoon, having visited his sisters, Mrs. Joe Wurga, Mrs. Fred Ohm, sr., and Mrs. Frank Burr, for a short time. Mr. Herman received a card from his home, dated Tuesday, which gave the temperature as 98 in the shade in Denver, which is the hottest he has known it to be during the ten years he has resided there.
