### TWENTY-FIRST BIRTHDAY ANNIVERSARY

**Robert Hollis Jacks Given a Surprise at Home of His Parents in Honor of Event.**

From Saturday's Daily.

Robert Hollis Jacks, son of Mr. and Mrs. Asbury Jacks of this city, reached his twenty-first birthday and signed up a new Declaration of Independence yesterday. Mr. and Mrs. Jacks planned and carried out a big surprise in honor of the event and invited in a few relatives and acquaintances to join in the festivities.

When the first two or three teams arrived, about 8:30 last evening, Robert Hollis guessed that it was a surprise on him. The evening passed quickly away, enlivened by music and talk. Delicious ice cream and cake were served during the evening.

Those present were: Mr. and Mrs. Jesse Elliott and family, Mr. and Mrs. John Elliott and family, Messrs. Hollis Wingate and Paul Smith of Hamburg, Iowa; Misses Mary and Maude Brower of Hamburg, Iowa; Misses Eva and Erna Court and Messrs. Everett Gooding and Jesse Perry. Robert Hollis was the recipient of many useful and valuable presents, including a few dozen neckties, a ten-dollar willow and articles of apparel.

#### Meet With Mrs. Van Horn.

From Saturday's Daily.

The Helpers of the Christian church met with Mrs. H. G. Van Horn yesterday afternoon, where they found the pleasant home beautifully decorated with garden flowers and house plants. Notwithstanding the threatening clouds and rain, a large number of the membership were in attendance. After the business session was over the ladies were invited to the dining room, where a dainty lunch was served. The afternoon sped quickly away, the ladies employing the time in social conversation and music. It was a most enjoyable occasion and everyone present was glad for having been present.

J. N. Nyden and wife boarded the early train for Omaha this morning, where they spent the day with friends.

#### Superintendent Smart Here.

Superintendent of the Burlington lines, west, A. G. Smart, of Omaha, was in the city today, looking after business matters for the company. In a conversation with Superintendent of the Shops William Baird, Mr. Smart stated that the prospect of changing the freight runs back to the former schedule and making the lay-over for the Sioux City crews at Plattsmouth instead of at Sioux City, is very good. The matter is being worked out in the offices of the superintendents of the divisions, and the plan contemplates taking off No. 73 and restoring No. 71 to the morning run, as formerly. Mr. Baird is doing all that he can to affect the change, as it means an addition of practically fifteen families to the city's population.

R. F. Nickerson, superintendent of piece work, with headquarters in Chicago, was in the city today on company business, as also was Mr. Kepner of Lincoln, who was picking up pointers in the local shops calculated to facilitate work in his own shops.

#### In District Court.

From Friday's Daily.

A mandate from the supreme court was filed in the office of the clerk of the district court today in the case of Jacob Rayles vs. Adelia Rayles, in which a decree of divorce to plaintiff was entered by Judge Travis, in January, 1910, and alimony in the sum of \$1,000 awarded the defendant, but appealed to the supreme court. The decree was affirmed by the supreme court and will now be carried out on the mandate of that court.

#### Spring Wheat Is Good.

From Saturday's Daily.

John Meisinger, jr., and family drove in from their home last evening and visited his parents, Mr. and Mrs. Jacob Meisinger, over night. Mr. Meisinger has harvested his fall wheat, which he thinks will average with that of his neighbors. The spring wheat will be the best in his locality this year. Oats will be good, too.

#### Grasshoppers Destroying Corn.

Hess, et al., are defendants, which order was signed and entered on the 11th day of June, 1912, confirming the report of the referee that a division of the property could not be made without great loss in value to the parties interested, and in said order of Court the undersigned referee was directed to make sale of the land involved in said action without unnecessary delay and in manner and form as if the same was sold by the Sheriff upon execution.

#### We Are Not to Blame.

A couple of months ago we picked up an announcement from the Plattsmouth Journal to the effect that a girl baby had been born to Mr. and Mrs. Paul Budig of Havelock. Being unable to find Mr. Budig at his place of business where our reporter called to have the announcement verified, we took it for granted that the announcement was o. k. and published it. Now there seems to have been some mistake about the matter, as a little boy baby arrived at Mr. Budig's home Tuesday, so we hereby withdraw the first announcement in favor of the latter, and cheerfully accept a box of those fine Denver Specials which Mr. Budig is turning out at his cigar factory.—Havelock Times.

At the time the announcement was made in the Journal it came through one of the Budig family and one that ought to have known. So it really was no mistake of the Journal, but a misstatement on the part of the other fellow. And there you are.

#### Married at the Perkins.

Thursday afternoon B. Lavery and Miss Frances Benak of Omaha arrived on No. 2 and immediately sought Judge Beeson's office with a view of obtaining a marriage license. They had all of the data required by statute except the maiden name of the bride's mother, and of this only the given name, "Mary," could be recalled. On occasions of this sort technicalities should never be allowed to thwart the course of true love, and the small defect was passed over. The judge was invited to perform the ceremony, which occurred at the Perkins hotel parlor at 6 o'clock. Mr. Lavery is the traveling jeweler for the Burlington, with headquarters in Omaha. He was formerly a resident of Plattsmouth. Mr. and Mrs. Lavery are guests of the Perkins hotel. The Journal joins with their many friends in wishing them prosperity and happiness on their journey through life.

#### Will Erect Concrete Laundry.

J. C. Peterson closed a deal yesterday whereby he transfers title to Mr. Enger of the steam laundry to the half block with brick residences, situated on Fourth between Main and Pearl. Mr. Enger expects to build a laundry building of concrete blocks on the 60 feet of vacant space next to the alley, and to begin very soon. This will give him much better quarters than where he now is, and will locate the laundry nearer the center of business. Mr. Enger has been giving the best of satisfaction with the quality of work done, which has been superior to any previously done in the city. His trade has been constantly picking up and the family washings increasing steadily, and with a suitable building he will be enabled to do a much better business than before.

#### Buys New Binder.

From Saturday's Daily.

Adam Kaffenberger and son, John, came in yesterday and took out a new binder. They already have one on the farm, but with over 100 acres of small grain to cut, one machine was not enough. Mr. Kaffenberger has just heard from his renter, who tills his South Dakota farm, informing him of a wind and hail storm which damaged the corn and other crops pretty badly. The storm occurred last Monday, July 8. Before it came a fine prospect for all kinds of crops appeared, but after the storm the fields looked like half a crop would be all that could be expected. Two miles south of the strip the storm did no particular damage. A large barn was blown down on the tenant's own land and scattered about.

#### An Enjoyable Picnic.

A most enjoyable picnic supper was served Thursday evening on the lawn at the home of Judge Travis, the occasion being a farewell to Mr. and Mrs. Waugh and family, who are about to leave for a new home in Lincoln, and also a welcome to Mrs. Helen Travis-Cole, who is in the city for a brief visit with her parents. The participants in the event were the members of the T. W. M. club, who regret to lose these members, but for this occasion forgot their loss in the usual merriment that a picnic affords.

#### County Officers to Elmwood.

From Friday's Daily.

Judge A. J. Beeson, County Attorney C. H. Taylor and Sheriff C. D. Quinton motored to Elmwood this morning to sell the real estate in the Baker guardianship matter. The sale was advertised for this place and to have occurred a month ago, but for lack of bidders the sale was continued for thirty days and to be held at Elmwood today.

A Clabaugh was called to Omaha this morning to look after business matters for the light company.

#### Big Wheat Crop.

The following item is taken from the Manley department of the Louisville Courier: John Tighe has a force of men at work cutting his 200 acres of winter wheat. To see the men at work is rather a novel sight, since a header is being used in place of a binder. The change was made necessary by the unusual shortness of the straw. The wheat is of good quality and promises to turn out well. Frank and Gust Stander, Charles and John Murphy also have heading outfits at work. Several farmers cut their wheat with mowers and then raked and threshed it. Others used binders, but the straw is too short to bind.

#### Don'ts for Hot Weather.

Dr. Harvey W. Wiley, the pure food expert, at Washington, D. C., has issued a list of "don'ts" for the relief of sweltering humanity from the heat. Here is the formula:

- Don't worry.
- Don't think of the heat.
- Don't drink ice-cold beverages.
- Keep busy at some useful occupation.
- Don't run.
- Don't eat too much.

Dr. Wiley is one of the best- posted men in the world on both health and foods that are nutritious. His warning is well worth heeding.

#### Wheat Turning Out Good.

W. T. Smith, who runs a West- ington threshing machine, came in this morning because it was too wet to thresh today. He had threshed for George Smith and for Arthur Sullivan Thursday and Friday. The yield is in excess of what the men expected to realize, some of it exceeding the farmer's guess almost five bushels per acre. The quality of the wheat is excellent and will weigh out about four pounds above the legal weight.

#### Overhauls Barber Shop.

Perry Thackston is having his barber shop re-papered and when completed Perry will have one of the swellest places in the city. H. H. Cotton is spreading the paste and hanging the paper, which is a sufficient guaranty that it will be done in the finest style.
