LAUNCH THIRD PARTY IN IOWA

Progressives Adopt Platform and Form Full State Organization.

LIMITED TO NATIONAL ISSUES.

Des Moines, July 25.—The progressive state convention closed after having formally launched a new party for this state, pledged to devote itself to national issues and the support of Roosevelt for president and not to interfere in local political affairs.

There was a good attendance, much speech making, some enthusiasm and a complete organization formed for work. A telegram from Roosevelt, extending congratulations and declaring for an entire new party, aroused much applause.

The resolutions adopted denounce the Chicago convention, also the Baltimore convention, and declare for the primary system and other reforms. A strong woman suffrage plank was inserted, but the convention refused to adopt the suggestion as to the recall.

A plank declaring for the direct election of postmasters by the constituencies was adopted with three affirmative cheers. There was no negative vote.

The convention chose a full set of delegates to the national convention at Chicago, headed by Judge John L. Stevens of Boone, organized a working state central committee, and provided for congressional, district and county organization.

Telegram From T. R.
The first Roosevelt enthusiasm broke loose when a telegram from Colonel Roosevelt congratulating Iowa progressives was read. The colonel referred to the Chicago convention, which he condemned in emphatic terms and pointed out the necessity for a new party.

Dr. Charles Talmage of Boston led the delegates into another burst of enthusiasm for Roosevelt when he criticized Governor Carroll for the latter's recent defense of the Chicago convention.

"This is a warm convention," declared Dr. Talmage. "It is going to be a warm campaign, but it will be hotter after Nov. 5," was the signal for a demonstration that lasted nearly twenty minutes.

That portion of the platform referring to President Taft read as follows:

"We here utter solemn protest against what has been done at Chicago and Baltimore in two national conventions, and against what has been done and is being done at Washington by a president who has proven recalcitrant to the trust imposed in him, and who long ago definitely and completely abandoned the cause of the people to do the bidding of the bosses."

There were 785 delegates present and 100 old soldiers, who took seats on the platform. More than \$600 was contributed as a campaign fund. Headquarters will be opened and an active campaign will be commenced.
