## BOOSTERS WIN 14 INNING GAME

### Alhambras Put Up a Desperate Fight for Supremacy, but Lose in the Windup.

Another one of those hotly contested fourteen-inning games of ball was pulled off on the Plattsmouth diamond yesterday afternoon, at which time the Boosters met the Alhambra team of Omaha. The game was called at the usual time and started off at quite a lively pace. The Boosters made one score in the first inning and the visitors the single 0. The home team hit their unlucky streak in the second inning, and by errors almost too numerous to mention permitted the visitors to pass three men over the home plate, placing the game at a 3 to 1 stage. Here it remained for several rounds until the Boosters succeeded in making two more runs, followed by one score on each side, being the game at 4 to 4 when they reached the ninth inning. The single 0 was delivered to both sides upon to the last half of the fourteenth inning, when the home team passed another man around the diamond, with several more on bases, ending the long and hotly contested battle.

McKaig tossed the ball for the first eight innings, passing the unlucky stage for the home team, and while the visitors hit the ball pretty hard in this portion of the game he had perfect control and drove them all fairly over the plate. At the first of the ninth inning Mason went into the box and finished with great credit, striking out more men than both pitchers had done up to this stage of the game, and succeeded in shutting the visitors out for the remaining six innings. Mason was also given much better support in his closing half. McKaig pitched a good game and the visitors were only entitled to one earned run, and all they would have had if the support had been up to the standard in the second inning.

Herold was at his best behind the bat, the place he always plays about as perfect as any man seen on the Plattsmouth diamond for many years. When they pass Pete they are sure some bad ball. Dotson as umpire has greatly improved in his decisions, and while many plays were very close, his decisions were very fair in most every instance, and the players and crowd had nothing whatever to find fault with. The features of the game was the excellent batting by the Boosters, most every man hitting the ball, and nearly every member of the team were on base at some stage of the game, but were rather unlucky in being permitted to die there. Another feature was the excellent fielding of Mason, and especially the long fly that he nailed with one hand.

The Alhambra team is composed of fine fellows and they played one of the finest games of the season, with none of the usual kicking and complaining on the decisions of the umpire.

Look for the big game next Saturday, at which time the Kansas City Giants will be here. The hour of starting the game will be announced later.

## BRUTAL EXECUTIONS ROUSING CHINA

### Dr. Sun Disregards Advice of Friends and Goes to Peking.

Shanghai, Aug. 19.—Dr. Sun Yat Sen, former provisional president of China, disregarded the warnings of friends who fear for his safety since the execution of several Hankow generals and left Shanghai for Peking. General Huang Sing, who commanded the southern republican army in the revolution which overthrew the imperial government and who was to have accompanied Dr. Sun, has abandoned the journey.

The southern generals recently put to death were members of Dr. Sun Yat Sen's party, the Tung Men Hui, and were seized at the capital by order of President Yuan Shai Kai on charges of being implicated in an alleged conspiracy against the Peking government. Two of the officers were tried by court-martial at the capital and shot. The others were returned in chains to Hankow and there executed.

Turning Point in Republic. London, Aug. 19.—The execution of Chang Chen Wu by the Chinese government officials is compared by the Peking correspondent of the Daily Telegraph to Napoleon's shooting of the Duc d'Enghien at Vincennes in 1804 and what followed. It is the turning point, the writer asserts, in the life of the Chinese republic.

## WOMAN RAIDS JUAREZ

Modern Joan of Arc Disarms Police and Collects Provisions.

Juarez, Mex., Aug. 19.—For a few hours a Mexican Joan of Arc was the dictator of this town. With ten rebel soldiers marching at the heels of her horse, she rode up to the police station and disarmed the provisional chief of police and six of his men. The rebels rode away mounted on the police horses. The woman fearlessly entered stores and demanded and received provisions and then, shortly before daylight, she rode out of town with her admiring followers.

The woman, young and beautiful, is said to be the wife of Colonel Lazro Alanis, the rebel commander, who is operating around Palomas, along the border to the west. It is believed that this militant spouse went to join her husband after her raid on this town, which is unprotected but for a few police installed at the departure last week of Orozco's rebels.

## BURKE IDENTIFIED AS TRIPP

Reform Councilman, Once Convict, Flees From Former Mate.

Philadelphia, Aug. 19.—Verification of the story told by William Burke, reform councilman of this city, who resigned a few days ago and disappeared from home, declaring he was an ex-convict, was furnished the authorities when Captain of Detectives Cameron received from the Massachusetts authorities a photograph establishing the identification of Burke as Benjamin Tripp, who served a sentence in the Massachusetts state prison.

Burke's life story was published in a local newspaper. He declared that after leading a straight life for a number of years he was leaving the city because he was being hounded and blackmailed by a fellow convict who had recognized him.

Friends are trying to locate Burke to induce him to return to the city, his story having aroused much sympathy in his behalf.
