

STETSON'S UNCLE TOM'S CABIN BEGINS SEASON HERE NEXT MONDAY EVENING

Cars Overhauled at the Burlington Shops, Costumes and Scenery Made as Good as New, and Everything Placed in Ship-shape Order—Musicians and Members of the Company Have Nearly All Arrived and Rehearsals Commenced.

Every train for the past two days has been bringing in members of the Stetson "Uncle Tom's Cabin" company, which is to give its opening show for the season at the Parmele next Monday night. Their last performance last season, in their from-coast-to-coast tour, was given in Omaha last June, from which city the performers went to their homes in different parts of the country.

The company's ponies, eleven in number, were placed on pasture near Omaha, where they remained until the first of this week, when they were brought to Plattsmouth and taken to John Iverson's shop and shod all around. They are a fine lot of miniature horses and will be seen in the street parade Monday afternoon.

The company's cars were brought to the Burlington shops here and overhauled and painted outside and in at an expense to the show people of about \$600. One car is a model of convenience. In the stable end of one car the ponies and dogs, as well as the harness and chariots, can all be stowed away if necessary. In the other end is Mr. Stetson's office equipped with iron safe, roll-top desk, typewriter and all modern conveniences for transacting the business of the company. In the kitchen end is found the range and cupboards, receptacles for dishes, cutlery and all necessary utensils for the proper administration of the culinary department. There are separate compartments in this car for the white

and colored actors and all are boarded and lodged, the car being arranged with upper and lower berths similar to a Pullman.

The costumes of the players have all been cleaned and pressed by Frank McElroy, Plattsmouth's artist in that line, and all made as good as new, and the company will start out from this city under very auspicious circumstances and the manager looks forward to a very successful season. He will have spent close to \$1,000 in getting his equipment ready for the road, all of which has been paid out here.

The company will start out with a fine band and orchestra, under the leadership of E. W. Eliger of Chicago, who has been the director of a concert band at one of the popular watering places during the summer.

The players this season are among the best that could be found. "Uncle Tom" will be played by James Gray of New York, and "Topsy" will be played by his wife. "Little Eva" comes from Denver, while E. F. Benn and wife of Elkhart, Indiana, will take the parts of St. Clair and Eliza Harris respectively. The entire troupe were expected to be in the city by this morning and begin dress rehearsals at once.

The company is one of the best on the road and uses two cars to transport their people and equipment from city to city. Their equipment for street parades surpasses anything of the sort shown by any "Uncle Tom's Cabin" troupe yet visiting Plattsmouth.

Bound Over to District Court.
The preliminary hearing of Arthur Jacoby, held on the charge of breaking into the Kunsman & Range meat market last week, was had before Judge Archer this morning and the accused held to the next term of the district court, his bond being fixed at \$300. He was unable to give the bond and was sent back to jail to await the action of the court at the fall term.

GOOD BALL GAMES SUNDAY AND MONDAY

Barney Bardwell will be here Sunday and Monday to pitch the game Sunday and the double-header Monday, Labor day. The A. O. U. W. ball team, which played the Boosters July 7, the Sunday following the Fourth, will interest the boys again Sunday afternoon and remain over to play a double-header on Labor day.

The Omaha fellows beat Plattsmouth at that time, but there is no one who thinks they will do so during the coming series. With Bardwell in the box the home team will be greatly strengthened. Barney twirled the sphere for the Plattsmouth team two years ago and at that time won over 75 per cent of the games, and his arm has been getting better every year.

The Plattsmouth boys are expected to play better ball during the coming series than ever before. If you have not seen the game this will be a good time to come out and join the fans. The game will start at 3 o'clock Sunday afternoon. There will be a game in the forenoon Monday and one in the afternoon.

A WEDDING THAT OCCURRED SEVERAL WEEKS AGO

Miss Amy Cook and Mr. Frank Stewart Married Several Weeks Ago.

The news of the marriage of Miss Amy Cook and Frank Stewart, which occurred a couple of months ago, has just reached this city. Miss Cook is the second daughter of our old friend, William Cook, the barber, and by her many accomplishments the young lady had endeared herself to a large circle of Plattsmouth young people.

Mr. Stewart is also well known in Plattsmouth, being a young man of high character and commanding the respect of all who knew him. He was employed at William Barclay's restaurant for a long time, leaving this position to go to Atchison, where his parents reside and where a good position as foreman of a cereal mill was tendered him.

Miss Cook went to Atchison to visit relatives some weeks ago, and it was while she was on this visit that the wedding occurred. The wedding was not kept a secret from her parents; in fact, Mr. Cook was present when his daughter's marriage occurred.

Mr. and Mrs. Stewart have many friends in this city who will learn of their nuptials with pleasure, and while we may seem a little late with our well wishes, yet the Journal joins with them all in the kindest wishes for their happiness and prosperity.

Spirella Corsets.
Miss Etta Nickels will be in Plattsmouth Saturday, August 31, with headquarters at Miss Myers' millinery store, where she will be pleased to see all her customers on Spirella corsets.

W. R. BRYAN
Candidate for Assessor.

The above-named gentleman is the democratic candidate for county assessor. Mr. Bryan has resided on his own farm, near South Bend, for many years. He is practically an all-round farmer, and never before a candidate for any office. That he will fill the position satisfactorily no one can dispute. He is highly recommended by all who know him as a gentleman eminently well fitted for the position. Mr. Bryan's experience has qualified him for assessor, as he is a gentleman who has made a study of the system of valuation of all kinds of property. He is just the man for assessor, and the people of Cass county will make no mistake in electing him.

ENTERTAINS IN HONOR OF THE MISSES HELPS

Miss Charlotte Fetzner delightfully entertained a large company of young ladies yesterday afternoon at her home. The honor guests were Misses Marguerite and Ruth Helps of Long Beach, California. Most of the young ladies had brought some of their needlework, upon which they very busily plied their needle for some time. During the afternoon bridge was introduced, the allurements of this game being so strong that all fancy work was laid aside and all very enthusiastically entered into this fascinating card game, there being several played. Following the card games a dainty luncheon was served.

Travelers Return.

Emil Weyrich, Marion Dickson, Jack Patterson and Harris Cook, who have been making an automobile tour of a week through northwestern Iowa, returned last evening, going to Lake Okoboji and Spirit lake. They went by way of Dennison and Storm Lake and returned by way of Sioux City. The travelers bear every evidence of having camped out every minute of the time, as each wears a coat of tan that would make any of us envious. While at Okoboji the party had a launch and enjoyed some fine boat riding and fishing.

The complaining witness, Mrs. Havir, was on hand, but the defendant, Mrs. Aschenbrunner, was sick and could not be present. DEMOREST MEDAL CONTEST AT NEHAWKA

The Matrons' Medal contest was held at Nehawka Tuesday evening, August 27, the contestants from this city being taken in automobiles to that point early in the evening. For the occasion the M. E. church at that place had been made beautiful with its decorations of flags, banners and flowers, and which was a greeting to the contestants. An appreciative audience made them welcome. The selections were all well rendered and the music contributed made the program one of great interest. Mrs. A. L. Zink of this city was awarded the medal, which was presented by Hon. E. M. Pollard in a very pleasing speech. The Plattsmouth ladies returned in the autos after the program, having enjoyed a very pleasant evening.

NOTHING BUT GENERAL DELIVERY BY MAIL CARRIERS

Mail Will Be Placed in Lock Boxes the Same as Ever on Sunday.

Plans have been perfected by Postmaster General Hitchcock whereby the administration of the new law prohibiting the delivery of mail on Sunday will have no serious effect upon the handling of important mail matter.

Holders of lock boxes at first and second class postoffices will have access to them as usual, although no mail deliveries will be made by carrier on the streets or at postoffice windows. Mail for hotel guests and newspapers will be delivered to them through their lock boxes by the simple arrangement of having that mail sorted on the railway mail cars before it reaches its destination. Such mail will be regarded as "transit matter," and will be distributed immediately upon its arrival at the offices of destination, thus practically insuring a speedier delivery to the addresses than heretofore has been the case.

This distribution will require a minimum of Sunday work and the distribution of other mail received on Sunday will be made after midnight of Sunday, so that it may be delivered by the carriers on their first tour on Monday.

Pastmaster General Hitchcock has issued a statement explanatory of his administration of the new law. His assurance is that there will be no embarrassment to the business public and that through the arrangements he outlines, urgent mail matter will reach its destination promptly. Orders necessary to carry Mr. Hitchcock's plans into effect will be issued immediately. The postmaster general's statement follows:

"There seems to be some misapprehension as regards the provision in the postal bill relating to the delivery of mail on Sundays. This provision does not require the closing of postoffices on Sundays, which would be impossible, owing to the fact that the transit mail has to be sorted and the mail collected in other cities for dispatch to other destinations. To stop the movement of this mail would mean a serious clogging of the whole system of mail transportation and consequent inconvenience to the public."
