The Murray Public Library opening was well attended Thursday. Miss Templeton of Lincoln gave a very interesting paper on the benefits of such a movement. Miss Jones of Plattsmouth made an excellent talk on the growth of the Plattsmouth library and gave a great amount of encouragement to the workers here. The association is very proud of the rooms and the interest manifested. The regular meeting will be held Wednesday evening, September 25. All members are asked to be present.

It's Another Boy.

One of the happiest men in all this locality is our excellent young friend, Alfred Gansemer, over the arrival of a new nine and one-half-pound baby boy at their home Monday of this week. J. W. Pitman Very Ill.

We regret to learn that our friend, J. W. Pitman, who was injured last week by having his hip broken, is at this time in a very serious condition. Work on Building Delayed.

Ed Tutt went to South Omaha Wednesday morning to investigate the cause of the unusual delay in the shipment of the remaining two cars of concrete blocks to complete their new store building. They are very anxious to get settled in the new quarters before cold weather. Large orders of new goods are on the way and some have already arrived and their present quarters do not give them ample room for display. Hiatt & Tutt are gaining rapidly in their daily sales and the excellent quality of goods and the fairness in price is the only cause for such increase. We trust that they may continue to grow, as they no doubt will. The world loves a rustler, and the business comes to those who rustle.

John Urish Breaks Leg.

John Urish met with quite a serious accident last Friday, in which he sustained a slight injury and his buggy was pretty badly damaged. He was turning the corner at the Schafer farm, west of Murray, when W. J. Philpot came along in his auto. The team of Mr. Urish became frightened and ran away. Mr. Urish was not seriously injured, but the buggy was pretty badly demolished. There is no blame whatever placed upon Mr. Philpot for the accident, as he was not running fast, but just a bad place in the road to meet an auto.

Will Build Fine Residence.

C. A. Welch, one of the workmen with the firm of Peters & Richards, went to Murray yesterday morning to start the work on the fine farm residence of H. G. Todd. Mr. Todd has been somewhat delayed in starting the work, owing to the late arrival of his lumber and building material. This will be one of the finest farm houses in Cass county and will be erected at a cost of near \$15,000, and will require pretty steady work most of the winter to complete it. It will be pressed brick veneer, large and roomy and modern in every particular, and will be erected on the site of the fine home that burned last winter.

Everybody's doin' it.

ERNEST RICHTER LOSES

FIVE HEAD OF HORSES

We are informed that our excellent friend, Ernest Richter, of Ness City, Kansas, an old resident of this section, has been right in the heart of the country where the much dreaded and mysterious horse disease has been getting in its deadly work. At Ness City, Mr. Richter says, over 1,000 horses had died up to Monday of this week. Mr. Richter has lost five of his best horses. This sickness works a double hardship upon him, as it is the season of the year to do fall plowing and he wanted to move to his new farm in Missouri, but the state authorities have barred all stock immigration from Kansas until the disease has been checked.

George Berger writes to his father in Murray, and telling of the disease, he states that he has been having pretty good luck in handling the same, as several of his horses have taken it, but with excellent care he has saved all of them but one pony. He might have saved this one, but his work was such that he could not give it the necessary attention. George says he has been having much better success with the application of his own remedies than the veterinarians, and he has sent a copy of his recipe to James Brown in Murray that will be gladly given to any of his old Cass county friends that might want it.

PLENTY OF ENTERTAIN-

MENT AT THE AK-SAR-BEN

In addition to the annual electrical parade, heralding the coming of the king, two decidedly new parade features have been added to this fall's Ak-Sar-Ben festival, to be held at Omaha September 25 to October 5.

One is the automobile floral parade, in which there will be a long line of automobiles covered with flowers and driven by pretty girls. The other is the dedication parade, in honor of the dedication of the Woodmen of the World building, a new skyscraper, eighteen stories high. In this parade will be 8,000 members of the Woodmen of the World, crack drill teams, soldiers and cadets.

Other features of the festival will be the Cheyenne Frontier Day show, from September 28 to October 5, inclusive; the coronation ball, on the night of October 4; the street carnival, September 25 to October 5, and the free exhibit of the United States navy.

The street carnival this year will have new shows throughout. The management gives assurance that they are clean and high-grade.
