

ANOTHER WARNING IN REGARD TO FIRE

Chief Deputy State Fire Commissioner Makes Some Very Timely Suggestions.

The Journal has heretofore given warning to our citizens in regard to putting up their heaters for the winter, and to carefully examine the flues and chimneys before doing so. Now come Chief Deputy Fire Commissioner Randall with some very timely suggestions, which it would be well for the Journal readers to heed, as follows:

This is the time of year that people are putting up heating stoves and using stove pipes and chimneys that have laid dormant since last spring. Rust has been deteriorating the old stovepipe; the weather has been deteriorating and making the chimney unsafe, and unless a careful inspection is made of the stove, stovepipe and chimney, there is liable to be a disastrous fire in a great many homes and business houses. In a great many instances business men and people in their homes leave their heating stoves set up all summer. These stoves are made a receptacle for waste paper and other rubbish until they are completely filled. The cool, frosty nights of the fall, when a quick, warm fire is desired, this accumulation of rubbish is set on fire; the blaze goes up into the pipe and chimney, the rust flakes fall off of the pipe that has been deteriorating all through the summer, sparks drop out through the holes that have been eaten by the rust, or if the pipe should happen not to be defective, the blaze passes on up into the chimney, which has become defective through the summer by reason of the mortar becoming deteriorated and falling out from between the brick, and the building is destroyed by reason of a defective flue, or defective stove-pipe, and that is the reason why we have more defective stove, stove-pipe and flue fires during the early fall than in any other month in the year.

THE THIRD GAME IN THE WORLDS SERIES

The third game of the world's series is being played today in Boston before an enormous crowd and great excitement is being displayed by the fans. Marquard is in the box for the Giants, and the ex-Denver pitcher, O'Brien, is doing the twirling for the Red Sox.

At the end of the seventh inning the score stood as follows: New York, 2; Boston, 0.

New York won the game by a score of 2 to 1.

VERN KISER AGAIN BECOMES INSANE

Sheriff Quinton returned last evening from Waukeenee, Kansas, bringing with him Vern Kiser, a young man formerly residing in this county, and who was taken violently insane at that place. The young man formerly resided west of Mynard and was sent to the asylum several years ago, but was later released as cured. He traveled quite extensively in Canada, Indiana and Illinois. Not knowing that his parents had moved back to this county, the young man went to Waukeenee to visit them, and while there was again visited with insanity. The sheriff experienced a great deal of trouble with the patient on the way back.

Manager Shlaes of the Gem theater has secured an exceptionally strong feature film for this evening at that popular home of motion pictures. The film is that of "Geronimo's Last Raid" and is a realistic picture of life in the southwest during the Indian times, and employs a large number of soldiers, Indians and cowboys in its portrayal. The picture is in two reels and will furnish a good evening's amusement.

FARM NEAR MYNARD THAT BRINGS \$150.00 PER ACRE

Another farm has been sold near Mynard for a price that at one time might have been considered a fancy price. R. L. Propst of Mynard has sold what he called the home place, near Mynard, to Ralph Wiles, the consideration being \$150 per acre cash. This place is a very desirable one, being near to market, and a goodly number of acres of the land has been in alfalfa for years and proves to be a winner. Mr. Wiles is to be congratulated that he secured this tract of land for the price named. R. L. Propst says 1,800 acres of land is too much for one man to own, and he proposes to dispose of some of it.

FIRST DISTRICT STILL FOR CONGRESSMAN MAGUIRE

Representative John A. Maguire has been making an automobile tour of the First district that took him into every county of it. If there is any reversal of former friendship for him he professes to have been unable to find it. He found the sentiment that has heretofore sustained him as pronounced as ever.

"I found that Wilson has tremendous strength all over the district, indicating that the demonstration at Lincoln was an expression of the feeling all over the southeast part of Nebraska. Senator Morehead is also wonderfully strong in that section, and in fact conditions are extremely favorable for the whole democratic ticket.

"I found a good many republicans who declared they are going to vote our ticket this year, and everywhere I went it seemed to be taken for granted that this is a democratic year."—Lincoln Star.

Helpers Meet With Mrs. Rihn.

The Helpers of the Christian church held a most delightful meeting at the home of Mrs. Philip Rihn yesterday afternoon. In spite of the threatening elements there was a large crowd in attendance, who participated in a most enjoyable social time. An excellent luncheon was served on this occasion, after which the ladies held a short business session.

THE STREET GRADER DOING GOOD WORK THE PAST WEEK

The city has been doing a most commendable thing the last week in having the street grader out and using it on the various streets of the city. This is the time of year when such work should be done, as in a few weeks the cold weather will set in and make the work of grading the streets almost impossible. The streets have been kept in good condition in the city during the summer and now is the time to fix them up for the winter so that the citizens and the farmers who come to the city to trade can find them in the proper shape for travel. The condition of the streets is most important to the city's welfare and a dollar spent on them brings great returns to the business interests of the town and the welfare of its citizens.

City Board of Equalization.

The city council met last evening in special session as a board of equalization of a large amount of property around which the city desires to construct permanent sidewalks. The matter occupied the best part of the evening, as each description had to be taken up separately and be acted upon by the city fathers, and it was quite late when the meeting finally adjourned.

Dr. E. D. Cummins was a business visitor in the metropolis today.

REYNOLDS & ROSS STOCK COMPANY

The Reynolds & Ross Stock company closed their three-nights' engagement at the Parmelee last night in presenting "The Boss of Z Ranch" to a very fair audience, which was rendered in a very satisfactory manner. The company is composed of good people, and should they visit Plattsmouth again they no doubt would meet with a better patronage. They carry their own scenery and the company is composed of perfect ladies and gentlemen, and the Journal believes that if the company would make a specialty of "Slaves of the Orient" with one-night stands they would be far more successful. J. Cleveland Bronner is a fine actor, and the same can be said of Miss Mae Harding, both of whom seemed right at home on the stage. The other members of the company are very fair. The company went from here to Louisville, where they commence a three-nights' engagement tonight, and the Journal bespeaks for them a splendid patronage.

DEATH OF LITTLE SON OF MR. AND MRS. C. A. PORTER

The sad news of the death of the little son of Mr. and Mrs. C. A. Porter of Dickens has been received in this city by friends. Mrs. Porter was formerly Miss Henrietta Twiss of this city, and her friends will deeply regret to learn of the death of the little one.

William Dyle Porter was born December 4, 1910, and passed away at the home of E. B. Murphy, in Maywood, Saturday, September 21, 1912. The little boy was sick about three weeks and suffered a great deal during that time. The funeral services were held at the Murphy home on Sunday, September 22, and were conducted by Rev. Beall, the interment being made in the Maywood cemetery. The most heartfelt sympathy of the friends here goes out to the parents in their bereavement.

The human heart breaks,
The human life fails, and
The graveyard on the hill
Packs closer and closer its rows
Of metal wreaths and crosses.
