SUPREME COURT ON LONG GRIND

Important Cases Come Up for Hearing at Eight-Month Term.

ABOUT 800 CASES ON DOCKET

Enough to Consume Time of Court for Two Years—One of First Cases to Be Taken Up Will Be Bath Tub Trust Suit.

Washington, Oct. 14.—The supreme court of the United States began its annual eight-month term today, being the first of the governmental machines to resume activity this fall.

Absence of President Taft from the city will result in disappointment of the customary visit of the justices to the White House. Ordinarily nothing more than this visit would occupy the attention of the court on the opening day, but it is probable that Chief Justice White will take advantage of the opportunity to make a gain on the docket by allowing attorneys to file such motions as they may have prepared.

There are now 800 cases docketed, enough to consume the time of the court for two years, if it did nothing else.

Argument of a number of important cases will engage the attention of the court after today. One of the first cases to be taken up will be the so-called "bath tub" trust suit. After that the court will listen to a second argument of the "intermountain rate cases," involving transcontinental rates to Spokane and Rocky mountain cities.

A series of specially assigned cases will test the validity of contracts by railroads and express cases limiting the shipments of goods entrusted to them for transportation in interstate cars.

For the second time the court will hear late in the week or during the following week the validity of the indictments of James Patten and others on charges of conspiracy to violate the Sherman anti-trust law by running a corner on cotton on the New York Cotton exchange.

No decisions will be announced by the court in all probability until Monday, Oct. 21. A number of important cases have been under advisement during the summer. Among these, forty-five "state rate cases," or "two-cent fare cases," the Union Pacific merger suit and the "hard coal case."

Because of the vast amount of work involved in the state rate cases, a decision in them is not expected until later in the term.

ISTHMIAN TRAFFIC GROWS

Shipments Across Panama and Tehuantepec Show Increase.

Washington, Oct. 14.—Commerce between the eastern and western coasts of the United States by way of the isthmuses of Panama and Tehuantepec shows a remarkable growth in recent years. Figures just made public by the bureau of foreign and domestic commerce of the department of commerce and labor show that this traffic has tripled in value in the last few years. Prior to 1907 all merchandise passing between the eastern and western coasts of the United States by way of the isthmus utilized the Panama railway. At the beginning of 1907, however, a railway line 190 miles in length was opened across the isthmus of Tehuantepec, in southern Mexico, constructed with special facilities for transferring merchandise from vessel to railway and railway to vessel, and since that date this traffic, on both the Panama and Tehuantepec railway lines, has grown very rapidly and amounted in the fiscal year 1912 to \$125,000,000 in value, against \$36,000,000 in 1908. These figures, which include only domestic merchandise passing by way of the isthmus between the eastern and western coasts of the United States suggest that a still greater growth in this traffic between the eastern and western coasts is likely to develop with the opportunity for vessel shipments without breaking bulk at the isthmus, which will come with the opening of the Panama canal.

CHURCH HOWE QUITS POST

Government Expresses Appreciation for Services Rendered by Nebraskan.

Auburn, Neb., Oct. 14.—Church Howe, American consul at Manchester, England, who has been spending his vacation at his home in this city, will not return to his post in England, it was announced here. The department at Washington has accepted his resignation, expressing appreciation for his services at Palermo, Sheffield, Antwerp, Montreal and Manchester. Mr. Howe gives as one of his main reasons for resigning that he is getting old and did not wish to spend the last years of his life away from his native country. Mr. Howe, while in England, has been much in demand, particularly as an after-dinner speaker.

Charles Birwith Killed.

Council Bluffs, Ia., Oct. 14.—Charles Birwith, for many years connected with the hotel business in Council Bluffs, was shot and killed at the Tremont house. The shooting was done by Frank Owen, his son-in-law, and from the statements of more than a dozen witnesses appears to have been wholly in self defense.

CUMMINS STAYS WITH PARTY

Iowa Senator, in Letter, Declares for Republican Principles.

WOULD SAVE THE LEGISLATURE

Mediators Bolton and Urlick in Strike Confab in Des Moines—Hold Long Conference Without Definite Result, Outcome in Doubt.

Des Moines, Oct. 14.—Senator Cummins in a letter given to the press here comes out in support of Republican principles and candidates and makes an appeal for the carrying of the legislature by the Republicans, the election of Republican members of congress and the election of the Republican state, district and county tickets.

Since the Progressive state convention Cummins has not said a word on national issues, having previously indicated that personally he is for Roosevelt, but otherwise is not in dissent from the Republicans of Iowa. Now he declares that in this state, under present conditions, it is important that the Republican vote be got out and especially that the state go on record as decidedly against a Democratic congress and legislature. He urges the election of a Republican legislature especially that a Republican may be sent to the senate from Iowa next winter for the full term to succeed Kenyon.

Bryan Takes Rap at Roosevelt.

William Jennings Bryan charged Theodore Roosevelt with saying what he "knew to be false" when in a recent speech the latter declared that both of the old parties were "boss-ridden." Neither the Republican nor the Progressive organization had made even a feeble attempt to smash the machine system which was responsible for the conditions in the Republican convention at Chicago, he said, while the Democrats at Baltimore had made such a condition impossible in the future.

Contractors Lose on Milwaukee Job.

Contractors of the Milwaukee double track through Iowa are already figuring a loss of several thousand dollars as the result of industrial and other conditions which manifested themselves after the contracts were accepted. One of the causes for the loss is the weather that has prevailed since the work was begun. The other is the cost of labor, which has increased since they undertook the work. Laborers have been difficult to get the entire summer. It has been difficult to retain men after getting them. After the harvest fields began advertising for men they left in scores.

College Raises New Corn.

It is announced at Ames that the experimental station at the state agricultural college has produced a new and valuable strain of Silver King corn. It was grown on farms in the northern part of the state under directions from the professors in the college, and it is declared that the strain is one that will be of immense value in the state. The crossing and rearing of the corn has been going on for a number of years and now for the first time a sufficient amount has been secured to make it worth while.

Bolton and Urlick in Strike Confab.

Ralph P. Bolton, secretary of the Greater Des Moines committee, is the mediator in behalf of the transfer companies in the peace negotiations with the striking teamsters, who are represented by A. L. Urlick, president of the Iowa Federation of Labor. The two held a six hour conference at the Des Moines club. It is not believed that any definite results in the interest of peace were obtained, as neither man would make a statement after the conference.

Settle Electrical Workers' Strike.

P. F. Belt of Omaha, representing the telephone company, and R. E. Perling of Sioux City, representing the electrical workers, effectively settled the strike of the men connected with the local company, the company agreeing to withdraw the objectionable worker from the city. The strike started Saturday, when members of the union refused to work with a man sent here from Omaha.

Mission Workers This Week.

Des Moines will have the honor this week of entertaining the national woman's home missionary convention of the Methodist church. The convention will be in session from Oct. 16 to 23 at the First Methodist church. From all over the country large parties have signified their intention of attending and they, with the local Methodists, will bring the number up to a large figure.

Depositors Seek Protection.

Marshalltown, Ia., Oct. 14.—Depositors in the Bank of Ferguson, whose owner, George W. Curtis, Jr., was arrested recently on a charge of embezzlement of school funds, are taking steps to protect themselves out of the assets of the bank. A committee has been named to take the necessary action for the depositors.

Fall From Train Fatal.

Knoxville, Ia., Oct. 14.—F. J. Earp, the young man who was injured by falling under a train at Hampton, died at the Hampton hospital. His home was in Bussey. He was married three weeks ago.

WAR IN BALKANS IS AT HAND

Replies of States Virtually Reject Intervention.

NOTES ARE SENT TO POWERS.

States Likely to Be Engaged With Turkey in Few Days Over Macedonian Autonomy—Montenegrins Capture Strategic Point on Frontier.

London, Oct. 14.—War in the Balkans is now a matter of only a few days.

Replies of the Balkan states to the powers' note, virtually rejecting intervention, will be delivered at the various capitals today.

At the same time notes practically in the shape of an ultimatum will be sent to Turkey demanding autonomy for the Macedonian provinces.

According to a reliable dispatch from Rome, the Balkan coalition will make a demand which it will be impossible for the porte to accept, namely, that reforms be executed under control of the European powers and the Balkan states and, as a pledge, that the porte assent to the immediate demobilization of Turkish forces.

It is understood that the porte will be given until tomorrow; therefore there is every probability that general hostilities will be opened before the week is ended.

Dispatches report that the movements of the Bulgarian army have already begun. The Montenegrins, continuing their advance, have captured Byelopolye, an important strategic point to the northwest of Berana, after desperate fighting. They are now on their way to Sienitza, thirty miles to the northwest of Byelopolye and close to the Serbian frontier, against which they will direct an attack.

It is in this direction that the Montenegrins expect to join hands with the Serbian army when it advances from the north.

According to a Constantinople dispatch to the Standard, Essad Pasha arrived at Scutari with reinforcements, raising the garrison from 12,000 to 20,000 men. If this news is true the Montenegrins will have a difficult task in capturing Scutari.

Montenegrins Capture Byelopolye.

Podgoritza, Montenegro, Oct. 14.—The northern Montenegrin army, under General Vukotitch, which recently crossed the border into the sanjak of Novipazar, gained a firm foothold by capturing Byelopolye, one of the chief towns of the province. Byelopolye fell after prolonged fighting, but no information has been received regarding the losses on both sides. The Montenegrins have set up there a provisional government.

After an engagement lasting until midday the Montenegrins broke through the Turkish ranks near Tush and invested the town, which is completely cut off from Scutari.

T. R. REPLIES TO WILSON

Colonel Answers Criticism by Governor Regarding Trusts.

Chicago, Oct. 14.—Governor Woodrow Wilson has done "precisely and exactly nothing" against the trusts, Colonel Roosevelt said, although as governor of New Jersey he asserted Governor Wilson had ample power to proceed against them.

Colonel Roosevelt's address was in reply to a recent speech of Governor Wilson, whom he quoted as saying that the Roosevelt administration had done nothing against the trusts. "The answer is to say that I did everything," Colonel Roosevelt declared.

The ex-president's address was delivered in the Coliseum to one of the largest and most demonstrative crowds of his campaign.

Governor Deneen was attacked in a statement by Colonel Roosevelt immediately after the latter's arrival in Chicago. The presidential candidate charged the governor with "deliberate and willful perversion of the truth."

WILSON AND SULZER MEET

Both Attended Banquet of Knights of Columbus in New York City.

New York, Oct. 14.—Governor Woodrow Wilson, Democratic presidential nominee, and William Sulzer, Democratic candidate for governor of New York, appeared in public together here for the first time since the latter was nominated at Syracuse. They both attended a banquet of the Knights of Columbus and were given an enthusiastic ovation. The governor made a brief speech extolling the character of Columbus.

"My interest in politics in this year of grace—for it promises to be a year of grace," added the governor, amid great applause, "is the prospect that we shall end these misunderstandings in America, that we shall bring classes together, bring about common counsel and cease fruitless counter-interests of interests."

Suffragettes March to London.

Edinburgh, Scotland, Oct. 14.—A small army of suffragettes set out from this city to march to London, where they intend to present a petition to Premier Asquith. They are under the leadership of Mrs. De Ponte Blanque, who will make the journey on horseback at the head of her forces. It is believed the march will take about six weeks.
