### SUNDAY AT THE ST. PAULS CHURCH

Rev. J. H. Steger was received by a large audience at the morning service at St. Paul's church on Sunday. The battle hymn of the Reformation, that much beloved poem written by the hero of Reformation, "Ein feste Burg ist unser Gott," was sung by the congregation, with the enthusiasm proper to Protestant German services. The minister spoke about the over-blessed work of reformation, that glorious and splendid achievement of the reformers, which was the cause of civil and religious liberty, and of the sacred right of thinking and reasoning and acting to the conscience of the individual. The reformation was a return to primitive Christianity and Protestantism stands for it. In advocating primitive Christianity we are seeking to apply the Protestant principle to its logical limit and we therefore repudiate all doctrines and practices which rest upon tradition or ecclesiastical authority. This leads us to exalt Christ as the only and all-sufficient saviour from sins, and to reject all substitutes for a personal faith in Him, as "The way, the truth, and the life."  
The collection taken up for the educational institutions of the synod amounted to \$38.

#### Death of Little Boy.

Friday evening Verice, the little 3-year-old son of Mr. and Mrs. W. M. Smith, passed away as the result of an attack of croup. The funeral was held this morning at the home on West Pearl street, being conducted by Rev. J. H. Steger of St. Paul's church, and interment was made in the Rock Bluffs cemetery, south of this city. The Burlington freight shop department sent a most beautiful remembrance, the father of the little boy being one of the employees in that department.

#### To the Public.

Having discontinued the delivery of meat, we will now be better able to serve our customers, as to quality of meats and prices. We are the only ones in the city that slaughter their own cattle, and are therefore better enabled to serve you with a better quality of meat, than can be procured from the packers. We handle our meats in the most sanitary manner, as we are not handling any other products, such as groceries, vegetables, fruits, coal oil and gasoline, and our meats do not become tainted with such articles, and we are able to give better prices and quality than can be procured elsewhere. Respectfully,

### FAIL TO KEEP FIRE FOR BURLINGTON PASSENGERS

There is one reform that should be instituted at the Burlington station in this city and that is the heating of the depot. Passengers who are compelled to wait for the evening train, which arrives here at 9:45, or the early Chicago train, No. 10, have to shiver around in a cold room, as the fires are allowed to die out early in the evening and none are started until the next morning. This road gets a large per cent of the travel out of Plattsmouth and they ought to try at least and furnish the proper heating facilities for their depot, instead of leaving the parties waiting for trains to either freeze or pace up and down the platform in an effort to keep warm.

Nov. 1—Bulgarians occupy Lomona, cutting communications between Adrianople and Constantinople; Greek torpedo boat sinks Turkish cruiser.  
Nov. 2—Turks driven back in three-days' battle to Tchorlu.  
Nov. 3—Turks in full retreat on Constantinople. Porte asks for mediation by the powers.

London, Nov. 4.—The Turkish army is in full retreat on Constantinople and the Turkish government has asked the powers to intervene.

An official bulletin was issued by the government at Constantinople admitting defeat at the hands of the Bulgarians in the great battle on the Thracian plains.

Application was made to the embassies in Constantinople for mediation by the powers to end the hostilities and arrange a peace agreement.

The ambassadors, prior to this, had asked the porte to grant permission to each of the great powers to send one warship through the Dardanelles and this request had been complied with. The only guarantee of safety for the native Christians and perhaps foreigners in Constantinople is to be found in the presence of the warships of the great powers in the harbor of the Turkish capital.

It is the general belief that Bulgaria will refuse to listen to anything in the way of intervention until the Bulgarian army is at the gates of Constantinople and will insist that Turkey make an appeal direct to the allies without interference from the powers.

The powers have not been able to agree upon the French premier's formula of "territorial disinterestedness," which is not acceptable to either Austria or Germany. They are taking steps, however, for the protection of Christians and their own political interests in Turkey. One warship in addition to the vessels already dispatched to Turkish ports will be sent through the Dardanelles by each of the powers.

Beyond the statement that the Turkish army is retreating to the last line of fortifications outside Constantinople, there was little news received from the seat of war. Fighting was reported along the line from Tchorlu to Seari, which was the outcome doubtless of the effort of the defeated Turks to retire within the Tchatalja lines, which the Bulgarians are doing their utmost to prevent.

The besieging forces are tightening their grip around Adrianople, and the bombardment is becoming more vigorous. In other directions the allies are consolidating their occupation of Turkish territory. The Greeks have taken Nicopolis and Prevesa and have landed a division at Stavros, which is marching to attack Saloniki. An uncensored dispatch from the latter town intimates the likelihood of its surrender without resistance.

New Mate for Taft Not Selected.  
New York, Nov. 4.—After a conference between President Taft and several members of his cabinet and Republican senators and representatives, it was officially announced here that no successor to Vice President Sherman on the Republican ticket would be selected until after election. Governor Hadley of Missouri is known to be favored by President Taft and many of the leaders.

Drug Trusty and Saw Through Bars.  
Bakersfield, Cal., Nov. 4.—After drugging a trusty, sawing through two iron barriers and scaling a jail wall, four former inmates of the Kern county jail are fleeing through the hills with two posies in pursuit.
