Steady Growth Proves Service Value

People only acquire those things which are of more valuable to them than the cost thereof. The steady growth of the Telephone System in Nebraska is irrefutable evidence of its worth to the public, and of the excellence of its service.

Every day many new telephones are installed in the State. This is convincing proof of the sincerity of the public's appreciation of the value of the service. The telephone is a vital factor in the pleasure, comfort and prosperity of the people who use it.
