A number of newspapers in the state have been printing the Plattsmouth News-Herald obituary, but they are getting in rather late. The poor old thing has been dead several years, but a few injections of cash by the "mourners" prevented decomposition and delayed the issue of the official death certificate.

The proposition to issue school district bonds in the sum of \$7,000 to aid in the construction of a new school building, was voted upon at an election held here Tuesday, and, as predicted by the Ledger, the proposition carried by a vote that was almost unanimous, there being but 6 votes against it out of a total of 78 ballots cast. This bond issue, with the other available cash, will enable the district to erect a building to cost \$12,000 to \$14,000.

Stephen Buzzell, a resident of this county a number of years ago, now in the employ of the Lincoln Telephone company, was here Tuesday and Wednesday, checking up the company's property here and in other parts of the county. He had no occasion to inquire the distance from Nehawka to Plattsmouth, as he was a member of the delegation that went down to Nehawka about 25 years ago to "borrow" the famous cannon, and measured the distance back to Plattsmouth in rapid strides by moonlight.
