RIFLE RANGE ROAD IN FINE CONDITION

This Highway is Being Placed in Fine Shape for Travel by Road Supervisor.

From Wednesday's Daily.

The new road that has been constructed out to the government rifle range is a splendid piece of work and speaks well for the work of Road Overseer Mike Lutz and his force of men, who have been engaged for the past three weeks in placing the road in condition.

The county road starts north of the W. C. Hamilton place and follows the base of the hill to the Burlington tracks, and here the road is being made over the top of the hill, just west of the old road. The hill is being cut down and the dirt secured in this way will be used to fill in on the east side of the road next to the tracks. The job of cutting down the hill is a very difficult one, but the boys employed on the job are making good headway and will soon be through with the most difficult portion of the work. The work of opening the road has been considerably handicapped by the large stumps and roots of the trees along the route laid out for the road, but they have pushed through very well with the work by blasting and grubbing, and tomorrow the expecting to be able to begin scraping the loose dirt off and they will then go ahead with the work of

cutting down the rest of the hill. The road has been made wide enough so that two teams can pass with ease on it, and when the entire road is completed it will be one of the best in the county and will afford a very beautiful drive for anyone who may desire to take a short spin, and it lies along some very beautiful scenery. Road Overseer Lutz is a very capable workman and is certainly on the job in the construction of this road and has been there every day looking after the work in person and attending to the breaking of the ground himself, as well as the direction of the men doing the digging and grubbing.

HENRY R. GERING CLEARED OF CHARGE

Jury Out but a Few Moments, Returning With a Verdict in Favor of Mr. Gering.

From Wednesday's Daily.

Last evening the jury which has been trying the Redmon damage suit for \$25,000 against Henry R. Gering, former mayor of this city, brought in a sealed verdict, after being out only fifteen minutes, and this morning the verdict was opened by Judge Estell. The jury finds for the defendant and does not allow Redmon a cent for the alleged alienation of his wife's affections.

The case attracted a great deal of attention here, as all of the parties are known in this city, and a great many Plattsmouth citizens were called upon to testify in the case. Mr. Gering's victory in the case will be very pleasing to his many friends in this city. Matthew Gering of this city appeared as the attorney for his brother in the case.

Many Improvements in the Past Year, Including Eight Large New Show Cases.

From Friday's Daily.

The large dry goods department of E. G. Dovey & Son's big store on upper Main street has just been equipped with eight new large show cases and they certainly add greatly to the appearance of the department. One of the show cases is quite large and extends around the archway that connects the two rooms that are used for the display of the extensive line of dry goods that is carried by this firm. The firm have also placed a large line of dolls and Christmas novelties in stock, some of which are the finest that has been displayed in any of the Plattsmouth stores. The firm of E. G. Dovey & Son is the oldest in the city and they have always been in the forefront of the merchants in carrying a stock of goods from which their customers could find what they desired, either in the dry goods or grocery line and with the improvements that have been made in the store building in the last two years they have one of the most up-to-date stores and stocks of goods that can be found in any town of this size in the state.

DISCOVERED HE HAD TO HAVE FATHER'S CONSENT

From Wednesday's Daily.

The old saying that "the course of true love never runs smooth" was very aptly illustrated in Lincoln the other day, when Carl W. Cook, who had traveled all the way from LaGrande, Oregon, to wed Miss Frances Rys of Havelock, discovered that the fact that he lacked a few days of being 21 would not permit his securing a marriage license, as he did not have the consent of his parents. He finally got into communication with his father by telegraph and the written consent of the father was secured for the young man to procure the desired license. The ceremony was performed at the home of the bride's parents in Havelock. The Rys family were former residents of this city, where the bride was very popular among the young people.

REGRET TO LEARN OF H. H. PHILPOTT'S MISFORTUNE

From Wednesday's Daily.

H. H. Philpott, formerly a newspaper reporter in Lincoln, now editor of the Francisitas (Tex.) Bee, was stricken with paralysis at his home one week before Thanksgiving and for two days lay in a stupor. He is now able to be up, but is still weak and may not be able to attend the next session of the Nebraska legislature, as he had intended. A trace of paralysis on one side of his face is yet in evidence, but the doctors hope it is but temporary. —Lincoln Journal.

The editor of the Journal regrets to learn of Mr. Philpott's misfortune. While a member of the legislature four years ago he became intimately acquainted with the gentleman. He was then reporter for the Omaha Bee, and he commanded the respect of every member of both branches of the legislature. We trust the misfortune is not serious and that he will be himself again as soon as possible. He was a perfect gentleman at all times, and one of the best reporters in the business.

THE AMOUNT OF MAIL OVER RURAL ROUTES

More Mail Carried Out of Plattsmouth Over Rural Routes Than One Would Think.

From Friday's Daily.

There is a large amount of mail handled over the rural mail routes running out of this city than one would think for, as the following figures will show what the total for November amounted to and will also enlighten the people along the routes as to the amount of business their carriers do:

On route No. 1, of the first-class mail, there was carried 1,696 pieces, weighing 31 pounds and 12 ounces; the second-class matter amounted to 4,819 pieces and weighed 848 pounds and 5 ounces; while the third-class was 4,239 pieces and the weight was 101 pounds, 7 ounces; the fourth-class matter consisted of 62 pieces, weighing 25 pounds, 5 ounces; while the franked matter was very light, only 2 pieces passing over this route. The grand total of mail taken out on this route consisted of 7,818 pieces, weighing 1,006 pounds and 14 ounces. The carrier received 774 pieces, weighing 18 pounds and 14 ounces, on his trips over the route during the month of November.

That the amount of mail carried on the routes is about equally balanced is shown by the following amounts that were taken out over route No. 2 the past month: First class, 1,460 pieces, weight 28 pounds, 12 ounces; second-class, 4,471 pieces, weight 783 pounds, 13 ounces; third-class, 4,520 pieces, weight 140 pounds, 13 ounces; fourth-class, 65 pieces, weight 17 pounds, 14 ounces; the franked matter was very light on this route, as well as No. 1, there being only 11 pieces pass through his hands

during the month. The total number of pieces were 7,527, and the weight 972 pounds. The carrier on this route received from the patrons of his route 757 pieces of mail, weighing 15 pounds.

AID SOCIETY MEETS WITH MRS. FRANK H. DUNBAR

From Wednesday's Daily.

The Ladies' Aid society of the Presbyterian church held their regular meeting yesterday afternoon and were entertained by Mrs. Frank Dunbar at her rooms at the Riley hotel in a most delightful manner. The ladies held an excellent business session, after which they were entertained with some splendid instrumental selections by Miss Eva Allison and vocal solos by Miss Matilda Valery, which were very much enjoyed by the unusual large number in attendance. Delicious refreshments were provided by the hostess at the proper time, and after whiling away a few moments in social conversation the large number present departed for their homes, very much indebted to the hostess for her kind hospitality and the splendid afternoon afforded them.

Wedding at the Court House.

From Wednesday's Daily.

This morning Judge Beeson officiated in a wedding at his office in the court house, the contracting parties being Miss Myrtle Williams and Mr. John S. Chowning, both of South Omaha. The bridal couple were accompanied by George Jacobs and Mrs. Bertha Hicks, of the same city, who served as witnesses for the ceremony. Mrs. Hicks was formerly Mrs. Gus Rhode of this city.

The name—Doan's inspires confidence—Doan's Kidney Pills for kidney ills. Doan's Ointment for skin itching. Doan's Regulents for a mild laxative. Sold at all drug stores.

We sold a Suit Saturday to a St. Louis traveling man. He was a total stranger to us—we had never seen or heard of him before. This is his comment after making the purchase—

"I would rather buy in a good clean small town store (like this) than to buy in a large city store. In the small town store I can deal with a man who has authority, who knows his business, and takes special pains to give me what I ask for; whereas in the large city store I am waited on by a \$12 a week clerk, who would rather sell me undesirable merchandise, and make a good fat p. m. (pin money) for himself, than to give me what I really want."

In other words, the proprietor of a large city store offers a fat premium, known as a p. m. to his sales people who are sufficiently glib of tongue to work off undesirable stuff on an unsuspecting public.

Our stocks are fresh and clean. We own no merchandise upon which we have to offer a premium to get rid of.
