

### BUTTERICK FASHIONS

Catholic Workman, assembled in its convention at Plattsmouth,

That we, officers and delegates, deeply appreciate the interest taken in our behalf and in the welfare of our society by the worthy Commercial club and the citizens in general of the splendid and romantic city of Plattsmouth, and thank you and all for their open hospitality extended us during our stay, and the exemplary friendship to us.

Indeed, your beautiful city proved true to the good words spoken by your honorable mayor, who pleased to welcome us at the beginning of our convention, and extended the delegates all cordially and welcome, on behalf of the whole city.

Again thank you and all the members of your exemplary good and our society, for the abundance of your hospitality, and in- the

proposed was the same as the "merry-go-round" which was in service several years ago, reaching here about 10 o'clock and returning south about 3 o'clock, which would give every town along the line good service into Plattsmouth.

In regard to the proposed improvements in the light plant, Mr. Baird stated he had talked with Mr. Abbott, the owner of the plant of the Nebraska Lighting company also desired to install a of the plans they had outlined, but the matter depended largely on the amount of current they could dispose of in different localities. In Louisville and Cedar Creek they had found a very good prospect in the quarries at those places, while here the demand for the electric current had not been so strong. The new owners did not intend to install new machinery in the old plant here, but intended, if the prospects were good, to erect a new building across on the other side of the Burlington tracks or on lower street, where a new building erected and new machinery and that the to install a dif-

## Go Ahead of the Railroad

Public announcement has been made of the early completion of the Burlington's new main line through the **BIG HORN BASIN** that will give a direct outlet for the splendid farm products growing in that new farming country.

### Government Irrigated Homesteads

Here you can file upon an 80 acre Government irrigated homestead at actual cost for the water right, no profit to anyone, no taxes the first three years, and have twelve years without interest in which to repay the Government for the actual cost of the water right. The fact that the Government has made the payments very light the first five years, giving an opportunity to improve your farm and get it under cultivation before having to meet further payments, is important to the man desiring to establish himself upon a farm.

### Location Near Railroad Towns

You can locate now within from three to four miles of Powell, nearby 400 farmers who are already making a success.

If you do not get a home there it is your fault. Write quickly for maps and full particulars.
