

### Thirty Years Ago.

The following item, taken from the Thirty Years Ago department of the Omaha Daily News, gives an account of an invention of a gentleman who formerly resided here and who was the architect of the old Waterman opera house. He will be remembered by many of the old residents here:

"George H. Thompson of Plattsmouth, formerly of Omaha, was exhibiting a new fire escape, which the papers describe as 'perfect.' It consisted of cast iron boxes, the size of two bricks, which were to be built into the wall between windows in rows, and would open upon being touched with hand or foot. Being almost out of sight, it would not spoil the beauty of the building. Mr. Thompson, who was also an architect, expected to win the \$1,000 prize offered for the best fire escape by an eastern concern.

## TEN NEW COMMANDMENTS FOR THE BUSINESS MAN

Here are ten new commandments for business men and their clerks, taken from "How," Marshall Cushing's magazine:

1. Thou shalt not wait for something to turn up, but thou shalt pull off thy coat and go to work that thou mayest prosper in thy affairs and make the word "failure" spell "success."
2. Thou shalt not be content to go about thy business looking like a letter of recommendation. Personal appearance is better than a letter of recommendation.
3. Thou shalt not try to make excuses, nor shalt thou say to those who chide thee, "I didn't think."
4. Thou shalt not wait to be told what thou shalt do, nor in what manner thou shalt do it, for thus may thy days be long in the job which fortune hath given thee.
5. Thou shalt not fail to maintain thine own integrity, nor shalt thou be guilty of anything that will lessen thy good respect for thyself.
6. Thou shalt not covet the other fellow's job, nor his salary, nor the position that he hath gained by his own hard labor.
7. Thou shalt not fail to live within thy income, nor shalt thou contract any debts when thou canst not see thy way clear to pay them.
8. Thou shalt not be afraid to blow thine own horn, for he who faileth to blow his own horn at the proper occasion findeth nobody standing ready to blow it for him.
9. Thou shalt not hesitate to say "no" when thou meanest "no," nor shalt thou fail to remember that there are times when it is unsafe to bind thyself by a hasty judgment.
10. Thou shalt give every man a square deal. This is the last and great commandment, and there is no other like unto it. Upon this commandment hang all the laws and profits of the business world.

## VERY INTERESTING ADDRESS ON 'OCCUPATION'

Second Number of Lectures Given by the Builders' Club of the Presbyterian Church.

From Saturday's Daily.

The second of the highly interesting "occupation" addresses that has been arranged for by the Builders' club of the Presbyterian church, was given last evening at the rooms in the basement of the church and was certainly a lecture of more than ordinary merit, as the class had the pleasure of hearing Mr. J. B. Wootan, associate editor of the Omaha Bee, who talked for about forty-five minutes on the taking up of journalism as a life work, and laid some of the stumbling blocks that confronted a person in this line of work and the reward that might be expected for the great amount of work that was necessary to a person who made the newspaper business their profession. He also advised the young man about to start out in life to set down and carefully analyze the strong and weak points, where his inclination lay, and to what profession or trade it could best be devoted. He also pointed the great benefit of the free press; how it and the free public school had been the forerunners of liberty of thought and action and every great movement for the betterment of mankind had been made possible by the fact that the press had agitated and pushed the matter to a successful conclusion, and as long as the press of the country was free and untrampled so long would the liberties of the people

be safe. Mr. Wootan is a very pleasing talker and his address was one much appreciated by all those attending, as a very complete and able outline of what it took to make up a newspaper and how it was assembled together. A most delicious luncheon was served before the lecture, which certainly made a big hit with the large crowd of men, both young and old, who were in attendance, and the young ladies of the church who served the repast are

### Microbes in Your Scalp

Authorities say that a microbe causes baldness. If you are losing hair try our remedy at our risk.

Professor Unna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then, it is believed nothing will revive the growth. If treated before this occurs, baldness may be overcome.

We know of nothing that has given such universal satisfaction in treating the scalp and hair as Rexall "93" Hair Tonic. It has been designed after long study to overcome the cause of falling hair as discovered by Prof. Unna, Dr. Sabouraud and other scalp and hair specialists, and we believe it will do more than anything else can to remove dandruff and stop falling hair; and if any human agency can promote a new growth of hair it will do that, too.

We want you to make us prove it. We will pay for a month's treatment of Rexall "93" Hair Tonic used during a trial, if you will use it according to directions, and are not thoroughly satisfied. When we will do this, you surely should not hesitate to at least try it. Start the treatment today. Your mere request will get your money back if you want it. Two sizes: 50c and \$1.00.

You can buy Rexall "93" Hair Tonic in this community only at our store:

F. G. FRICKE & CO.

Plattsmouth, The Rexall Store Nebraska

There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ordinary human ailment, especially designed for the particular ill for which it is recommended. The Rexall Stores are America's Greatest Drug Stores

deserving of much praise for the most dainty refreshments served.

Mr. William A. Robertson, who is teacher of the Builders' class, presided at the meeting and introduced the different numbers on the program, which included a very pleasing solo by Mr. Andrew Moore, accompanied by Miss Ethel Leyda on the piano, which was very much enjoyed by the audience, as was the bass solo of B. A. McElwain, whose fine voice has so often pleased Plattsmouth people, and it is unnecessary to state that it was one of the most enjoyable events of the evening.

These meetings are of untold value to the young men starting out in life and everyone should take advantage of them to attend and listen to the different talks along the lines of the different professions, as it places them in a position where they can more clearly see where their taste and inclination for a lifework runs and make the right choice of a profession. The next number will be "The Merchant," by C. C. Belden of Omaha, on Friday evening, March 21, at the Presbyterian church.

### Charles Stone Here Visiting.

Charles S. Stone of Yampa, Colorado, arrived in Nehawka last Wednesday evening for a few days' visit with the many friends at the old home. He is spending a few days with his father, brothers and sister at Nehawka, but no doubt will visit at other old home points before returning west. We have not seen Charley since his arrival, but are willing to wager that he is the same jovial, whole-souled fellow that he was years ago when he was located at Murray.

There are a few boxes of stationery on our bargain counter. You will have to hurry if you want some while the price is so low.
