MRS. KATE OLIVER CELEBRATES HER 74TH ANNIVERSARY

Today, besides being the anniversary of St. Patrick, is also the birthday of Mrs. Kate Oliver of this city, and as has been the custom for some years, her children are gathered at her home to enjoy a fine dinner and spend the day with their mother, who passes her seventy-fourth milestone today, and her many friends throughout the city will wish her many happy returns of the day and hope that she may be able to celebrate her one hundredth birthday. Mrs. Oliver is most kindly and pleasant to everyone she meets, and as a result of this genial temperament she has stood the advance of time in such a manner that makes her as youthful as a person much younger in years. The children present today were: Mrs. Hallam and son, Oliver, of Lincoln; Mrs. C. D. Eads of South Omaha, Mrs. Anna Miller of Fort Crook, Mr. and Mrs. D. C. Morgan of this city. There were eleven present at the home to enjoy the most pleasant occasion.

GERMAN HOME DANCE A MOST PLEASANT AFFAIR

The dance given Saturday evening at the German Home was one of the most pleasant affairs of its kind that has been given in this city and the large crowd present enjoyed themselves to the limit until a late hour, tripping the light fantastic to the delightful strains of music furnished by the Holly orchestra, who were up to their usual high standard of excellent and up-to-date music.

FUNERAL OF MRS. JESSE GODWIN SUNDAY AFTERNOON

The funeral of the late Mrs. Jesse Godwin was held yesterday afternoon in this city, the body being taken direct from the Burlington station to Oak Hill cemetery, where the services were conducted by Rev. D. L. Dunkleberger of the Christian church. There were a large number of the friends of the family in attendance at the funeral of this most worthy lady and the floral tributes were lavish and attested the high esteem in which she had been held by all who knew her. Relatives of Mrs. Godwin accompanied the casket to this city from Council Bluffs, where the family have made their home for some time.

JOHN SPECK RECOVERING AT IMMANUEL HOSPITAL

Henry Speck came up Saturday evening from Weeping Water, and in company with his sister, Miss Alma, and Miss Kate Hess, were passengers to Omaha, where they visited with John Speck at Immanuel hospital. John is reported as getting along as nicely as could be expected, as his case of appendicitis was a most severe one and it will take some time for the patient to rally from the effects of the attack. The many friends of Johnnie here will await with anxiety to learn of his improvement and it is the universal wish that he may soon be able to return to his home in this city.

Chamberlain's Cough Remedy has won its great reputation and extensive sale by its remarkable cures of coughs, colds and croup. It can be depended upon. Try it. Sold by F. G. Fricke & Co.

MR. ROSS A. MOTE AND MISS LOUISE EBINGER MARRIED IN OMAHA

Saturday in Omaha occurred the wedding of Mr. Ross A. Mote and Miss Louise Ebinger of Plainview, the ceremony being performed by Rev. J. W. Jenks of the First Presbyterian church, and it was attended only by the contracting parties and Miss Frances Weideman of this city and Fred Weideman of Plainview, aunt and uncle of the bride. After the ceremony the young people returned to this city, where they will visit at the home of the bride's grandmother, Mrs. George P. Weideman.

The bride is the daughter of Mr. and Mrs. Fred Ebinger of Plainview and is a former Plattsmouth girl, having been born and resided here with her parents until their removal to their present home, and she has many friends here who will learn with pleasure of her wedding and wish her all the happiness she so well deserves. The groom is a young business man of Plainview, being connected with the banking business in that city, and is a man of the most sterling qualities, who possesses the highest esteem of everyone in his home town. The young people will reside in Plainview in the future.

You judge a man not by what he promises to do, but of what he has done. That is the only true test. Chamberlain's Cough Remedy judged by this standard has no superior. People everywhere speak of it in the highest terms of praise. For sale by F. G. Fricke & Co.

WILLIAM OST HOME FROM THORNTON & MINOR SANATORIUM

William Ost, residing near Newhaska, who has been in Kansas City, Missouri, for the past four weeks, where he underwent a very serious operation for rectal trouble, returned home yesterday evening. Mr. Ost was at the Thornton & Minor sanitarium, which has become so widely known and so successful in this line of work. Mr. Ost is in no way contrary to all the balance of the great number of Nebraska people who have visited this sanitarium, in pronouncing them the greatest in the land for their line. The staff of surgeons are most pleasant gentlemen, accommodating, and above all, successful in their work. Mr. Ost's operation was one of the most difficult nature, cancer of the colon, the diseased portion extending several inches, which was successfully removed, and the patient, after a few weeks in the hospital, has returned home sound and well. The patients at the Thornton & Minor sanitarium always number up into the hundreds, and at times nearing the one thousand mark, and the staff of surgeons are never too busy to greet each and every one as they enter, with the usual pleasant "Good morning, how are you feeling today?" We have been there and feel just like Mr. Ost.

"That's Just What I've Been Looking For"

WHILE we were getting the opinion of farmers on our new cream separator power outfits, one of them said: "I have been looking for such a combination as this. I need an engine with that kind of a gear on it to slow down the speed. There are half a dozen small machines on my farm for that engine to run. I want that outfit."

This is a sample of the enthusiasm with which our new power outfits have been received. The outfit consists of an

IHC Cream Separator Dairymaid, Bluebell, or Lily

and a one-horsepower back-gear IHC engine. The engine is mounted on a portable truck, and can be used for any farm work to which power can be applied. The back gear adjustment runs at the proper speed to operate any hand turned machine.

The working parts on IHC cream separators are accurately made and the bearings are well lubricated. The shafts and spindle are the strongest used in any separator. The shaft and spindle bearings are supported by the frame, but have no contact with it—the contact is between the steel spindles and phosphor bronze bushings. The gears are spirally cut so that there is no lost motion between them. They are entirely protected from grit and milk, but are easily accessible for cleaning.

See the local dealers who handle these machines. You can get catalogues and full information from them, or write

GOTHAM CROOKS MAKE RICH HAUL

Thieves Get Quarter Million Worth of Jewels and Notes.

ENTER SHOP THROUGH TUNNEL

Police Think That Six Cracksmen Were Engaged in the Work, Which Was Not Heard by Tenants in the Building.

New York, March 17.—An east side burglary, perpetrated by clever cracksmen, netted the thieves the largest haul obtained in New York city in many years. Martin Simons & sons, pawnbrokers in Hester street, were the victims and the property includes \$125,000 worth of jewelry, diamonds and other precious stones, and \$100,000 worth of negotiable securities.

The thieves gained access to the pawnbroker's richly stored vaults by means of a tunnel from an abutting building on a neighboring street. They made a clean getaway with their valuable loot.

The police are of the opinion that six cracksmen were employed on the job and that the tunneling required two days. None of the tenants in either the building from which the tunnel started or that in which the pawnshop was located heard any unusual noises.

When Simons and his son reached the pawnshop and made a hasty inventory, they declared that the loot taken easily was worth \$250,000 and that probably its value would exceed that figure.

A janitor peering through the window of the shop noticed the litter near the vault and gave the alarm. The police found that the tunnel was begun in the cellar of a house in Eldridge street, directly adjoining Simons' place. It was driven through the wall of the Eldridge house and into a wooden bin in the cellar of the Simons' store. The thieves sawed away the overhead flooring at a spot directly in front of the treasure vault. The vault, which stands twelve feet high and is built in the wall, was entered by chopping away the masonry.

WARDELL UNDER ARREST

Man is Accused of Swindling Woman by Mock Marriage.

Chicago, March 17.—David A. Wardell, a San Francisco real estate dealer, who is alleged to have used the name of Donald Coleman when he married Miss Laura Crew in Los Angeles, was brought to Chicago from Rochester by detectives. Three thousand dollars of the \$4,500 which the woman had turned over to her alleged "husband" was recovered by the police. He was booked on a charge of

operating a confidence game.

Miss Crew now is convinced that she was lured into a false marriage by Wardell for the purpose of getting her money. He persuaded her to sell her hotel business in Los Angeles when they were married, she told the police and she entrusted the proceeds—\$4,500—to him when they reached Chicago last month.

MURDERS HIS SISTER-IN-LAW

Chicago Policeman Slays Woman Who Caused Son's Arrest.

Chicago, March 17.—Dressed in his uniform, Policeman Joseph Smith, who for more than twenty years has been a member of the Chicago department, walked into a station, saluted the sergeant in charge and said:

"I've just killed my sister-in-law Mrs. Rose Smith, over in her home. You had better send some one over there."

Policemen found Mrs. Smith had been shot three times in the head. She died almost instantly.

"She ruined my home, disgraced my name and brought shame upon my son," Smith explained. Recently Mrs. Smith caused the arrest of the policeman's son on the charge of larceny.

Think an Insect Causes Pellagra.

Washington, March 17.—Pellagra is more prevalent than is ordinarily supposed, even by physicians practicing in pellagrous communities. Assistant Surgeon R. M. Grimm of the public health service says in a report on the results of an investigation in several southern states. Because of its widespread existence in certain districts, he urges a sweeping inquiry to unravel the cause of the puzzling disease. The surgeon declared that there was a possibility that some insect played a part in the dissemination of the disease.

Carnegie Endowment Issues Appeal.

Washington, March 17.—Declaring the United States ought to be the most scrupulous of all nations in the keeping of its treaty obligations, "even to its own hurt," the trustees of the Carnegie endowment for international peace issued an appeal to the American people to bring about as an act of national honor the repeal of the act of congress which exempts coastwise vessels from payment of Panama canal tolls.

Orders Purse Thieves Shot.

Kansas City, March 17.—Chief of Police Griffin issued an order instructing policemen to "shoot down any purse snatcher caught in the act of seizing a purse or bag." The order is the result of numerous robberies recently.
