THE FARMER BOY AND BALL PLAYING

The Farmer Who Gives His Boy Saturday Afternoon to Play Ball Is Doing the Proper Caper.

Spring has come; and the robin sings in the hedgerow and the cricket will be chirping at night and the farmer will rise up early and go forth to do half a day's work before sunrise. Also, the base ball boys from all over the country are rounding into shape for the thousands of diamond battles which will be staged this summer.

Base ball to the city dweller means a game which he goes to see from a comfortable shady seat about the middle of the afternoon, to be enjoyed by "cussing the umpire," drinking pop, etc. But to the country boy base ball means a Saturday afternoon change from the hard grind of the week, something to look forward to which makes the rest of the days worth while living. He may long now and then to get away to the city and watch his sporting page favorites in action, but his real idea of base ball is of a game of his own in which he will have an equal chance with the rest for the coveted applause.

The farmer who does not recognize the value of base ball to the boys on his farm is hardly to be called a progressive farmer today. He is not realizing that his boys need some time to enjoy themselves and get very little of it when they are on the farm during the summer months. If he will just try the experiment of letting them have the Saturday afternoons they covet for base ball playing, he will be surprised to note the added interest they will display during the rest of the week.

It is the farmer boy who worked through every Saturday afternoon while his companions were out playing ball who is eager to leave the farm and go to the city, where there is "more doing" and more chance to enjoy it. If your boy has been restless on the farm and did not seem to take an interest in staying there, just suggest to him that you will be willing to have him play ball Saturday afternoons this summer, just so the work is kept up around the farm in the meantime. See if next fall you don't agree with us that base ball means more to the boy on the farm, and to the boy's father also, than you had ever imagined.

Supper at Woodman Hall.

One of the most pleasant features of the gathering of the Second district convention of the Churches of Christ in this city on Wednesday and Thursday of this week will be the dinner that will be served in the Woodman building by the ladies of the church to the delegates and ticket-holders in the city. The reputation of the excellence of their meals is a guarantee that the event will be well worth attending.

DR. C. A. MARSHALL AND DAUGHTER, MRS. EATON GO TO CALIFORNIA

Last evening, Mrs. Edna Eaton and little daughter, Laura Elizabeth, accompanied by Dr. C. A. Marshall, departed for San Monica, California, where Mrs. Eaton and daughter go to join Mr. Eaton and make their future home. There was a large crowd of friends at the Missouri Pacific station to bid them good-bye, and it is a matter of great regret that Mrs. Eaton leaves this city, where she has been so prominent in social and musical circles and has always been ready to give the benefit of her splendid talents to any entertainment that was gotten up here, and her departure will leave a place hard to fill in the musical life of the city. The best wishes of the many friends of Mr. and Mrs. Eaton go with them to their new home and that their life there may be happy and prosperous is the most sincere wish of all. Dr. Marshall will make a short visit on the coast and return with Mrs. Marshall, who has been spending the winter in California.

COMMERCIAL CLUB SHOULD TAKE ACTION

The opening of spring brings up to the minds of the public the vital question of good roads and their necessity, and the citizens of this city should see that the road leading to the Missouri river ferry is placed in better condition, for as at present it is very difficult for a team or wagon to get through there with safety. Starting at the approach to the subway the dirt that was used to fill with has been placed in such a manner that all the water that comes through this waterway has been allowed to run down and form a mudhole out of the soft dirt that makes it very hard for any vehicle to get through, and as this portion of the road will be extensively traveled during the base ball season, it ought to be remedied at once. The road along the bluffs near the bridge needs dragging very badly, there being great ruts and holes in it that makes it hard to expect anyone to travel over, greatly retards the residents from the east side of the river coming here, as they cannot afford to drive over here and break up their vehicles in trying to get over the ground and poorly conditioned roads. The travel from this section has been growing larger each year and the people of Mills county would be glad of the opportunity to come over here if the proper means of travel can be arranged for. Last season the commissioners placed the road in very good condition to the ferry, and it would only require a little expenditure of money and labor to make it an elegant road, and this should be done without delay and not wait until July or August for the road to get worn down so it can be traveled over. Let the Commercial club take the matter up and see that the proper attention is given this very important entrance to the city without any delay whatever. We know of several parties residing on the east side who have desired to come to this city to attend entertainments of different kinds, but were held back by the fact that the roads were in such dangerous shape for travel.

BOAT ENROUTE FROM NEBRASKA CITY TO OMAHA

A large sand boat en route from Nebraska City to Omaha, was tied up here over Saturday night, near the bridge, leaving yesterday forenoon to resume its journey up the river. The boat was of large size and carried a powerful gasoline engine, which is used to produce the motive power to run the boat, as well as the sand pumps. The boat made good progress out of here, notwithstanding they were forced to go up against the main current of the river, owing to the fact that the pilot was not acquainted with this part of the river and they were afraid of getting stranded on some of the numerous sandbars that infest this part of the river, and in fact all the way from Kansas City to Sioux City.

WILL TAKE CHARGE OF FRUIT FARM IN MILLS COUNTY

Ezra Crabill has just completed the purchase of a fine team of horses from Q. K. Parmele, which he will use on the farm he will have charge of the coming season near Glenwood. Mr. Crabill had his household goods shipped there a few days ago, and this morning the family left for Glenwood to make their home there. The farm is one of the nicest fruit farms in that locality and has just had a nice new residence erected on it by J. C. Crabill, who owns the farm. Mr. Crabill has been farming in Kansas the last few years, but concluded that the only country to live in was through the Missouri valley, and removed back here.

BEFORE JUDGE ARCHER ON VAGRANCY CHARGE

This morning James F. Jeams was brought before Judge M. Archer, charged with vagrancy by the police. Jeams has only been here a few weeks, having been out near Weeping Water for several months, and since his return has had no means of employment and has slept in the "Bum" shanty and been begging from all the parties around town who would stand for it, until he became such a nuisance that the police were forced to take him in. He will probably be sent out to the county farm, which would be the most humane thing to do, as he is in poor health.

FUNERAL OF MRS. ELIZA SEXTON THIS AFTERNOON

The funeral of the late Mrs. Eliza Sexton was held this afternoon from the Burlington station, the casket arriving at 1:12 from Lincoln, where the services were held this morning at 9 o'clock in the St. Theresa cathedral. The children of the deceased—John Sexton of La Junta, Colo.; Mrs. Mary Willis, Cripple Creek, Colo.; Mrs. C. P. Emerick of Lincoln, and Mrs. W. T. Scotten of this city—were present at the services and accompanied the casket to this city, where the other relatives were awaiting the funeral party. The following old friends of the family bore the body to its last resting place in Holy Sepulcher cemetery: William Ballance, Ed Fitzgerald, Tom Mahoney, J. M. Vondran, C. E. McEntee and E. H. Schulhof.

Coughs and Consumption.

Coughs and couds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by F. G. Fricke & Co.

Edward Lyman and wife (nee Miss Young) of Murray, were in the city Saturday, guests at the home of Mr. and Mrs. Boeck and wife.

Unable to Make the Trip.

This morning N. H. Isbell, the accommodating and pleasant rural carrier on route No. 1 out of this city, was taken quite sick and is confined to his home and the substitute was forced to take out the mail over the route. Mr. Isbell has not been in the best of health for some time and his family and friends feel considerably worried over his condition, although it is to be hoped he will recover in a short time and be able to resume his duties.

THE OMAHA RELIEF COMMITTEE RETURNS THANKS

That the efforts of the Commercial club and the citizens of this city have been very highly appreciated by the relief committee of Omaha is shown by the following letter that has been received by Secretary Wescott in acknowledgement of the supplies received from this city. The feeling of friendship between this city and Omaha has been greatly strengthened by the acts shown during the misfortune that has visited the metropolis:

"Omaha, April 5, 1913.
"Plattsmouth Commercial Club, Plattsmouth, Neb., Gentlemen:
"Thank you very much for the bread, clothings, bedding, etc., you sent for the relief of the tornado sufferers. The relief committee appreciates very much the kindness of those outside our city.

"You will be pleased to know that the immediate relief is getting well under hand. However, there are large things ahead which must be taken up immediately. Very sincerely yours,
"Capt. F. G. Stritzinger, Jr.,
