

You Owe It to Yourself and Your Bank Account to Make an Investigation of the Cartercar

HERE IS ONE VITAL POINT OF SUPERIORITY

# -Compare These Transmissions-

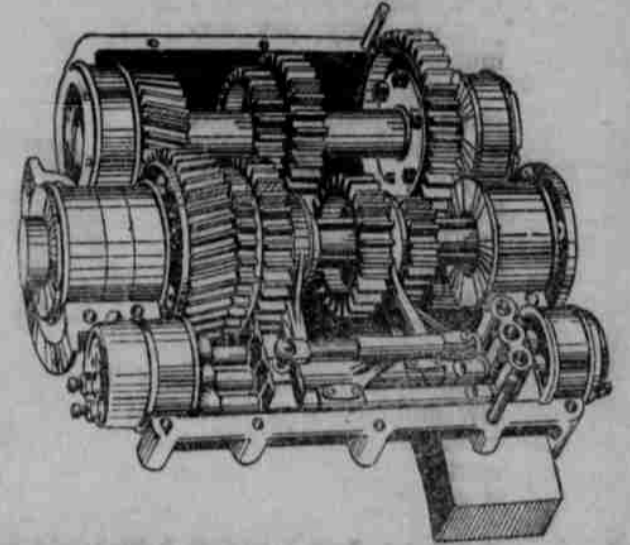

## Cartercar Friction Drive

The Cartercar friction transmission, with chain-in-oil drive, is not subject to the many griefs and ills of the ordinary gear transmission. It also eliminates clutch, universal joints and bevel gear drive. There are just two principal working units. The extreme simplicity carries with it great economy. The Cartercar glides away like an aeroplane, without a sound or a jar.

## Slipping Gear Transmission

The old-fashioned sliding gear transmission is extravagant in construction, expensive in maintenance and untrustworthy in performance. It limits its user generally to three forward speeds, costs as much for lubrication, with the necessary clutch and universal joints, as the entire up-keep of the Cartercar Friction Drive, and is much more noisy.

## Painting the Hydrants.

The Plattsmouth Water company today had a man out engaged in repainting the hydrants of the company along Main street, and the new improvement added very much to the appearance of these hydrants as well as the street. ## MRS. M. A. DICKSON ENTERTAINS IN HONOR OF FRIENDS

From Friday's Daily.

One of the pleasant social events among the younger social sets of the city was the card party given last evening by Mrs. M. A. Dickson in honor of several of her young friends, and the occasion will long be remembered by those attending for the enjoyment derived from the gathering. The evening was spent most pleasantly in playing progressive high five and the players enjoyed themselves to the utmost, as Mrs. Dickson is a most delightful entertainer and spared no efforts to make the young folks feel at home. The king prize was secured by John Falter for his skill in the game, while the consolation prize fell to the lot of Norman Dickson. At an appropriate hour some most delicious refreshments were served by the hostess and Mrs. A. L. Tidd, who also assisted in receiving the guests. It was a late hour when the party broke up, thanking Mrs. Dickson for the delightful evening and hoping for another opportunity to be her guests. Those composing the party were: Misses Opal Fitzgerald, Barbara Clement, Teresa Drooge, Helen Egenberger, Margaret Hallahan, Grace Thompson, Sabula, Iowa; Emma Cummins and Marie Fitzgerald; Messrs. Norman Dickson, John Falter, Edwin Fricke, Marion Dickson, Robert Will, Henry McMaken, Fred Mann and Maldon Brown.

## MRS. HARMAN RETURNS TO HER HOME IN BEATRICE

From Saturday's Daily.

Last evening Mrs. Charles Harman of Beatrice, who has been here visiting her sister, Mrs. Chris Iske and family, north of this city, departed for her home. She was called here by the sickness of Mrs. Iske, and is a graduate nurse of the Presbyterian hospital in Omaha, and it was largely through her splendid work at nursing which brought Mrs. Iske through her recent sickness in such fine shape. Without doubt Mrs. Harman is one of the best trained nurses that has been in the city, and it is to be regretted that she has given up active work along this line since her marriage, as with her great ability and thorough understanding of the needs of the sick, she could easily command her own price for nursing.

## NOW LET'S ALL PULL FOR THE NEW M. P. TRAIN

From Friday's Daily.

Now that the heat and turmoil of the county jail election has subsided and the voters registered their views on the matter, it is up to the Commercial club and citizens of this city to secure for the residents of the west and central portions of the county a more convenient and reasonable train service by which they can come to this city to transact their business and return home the same evening. The Missouri Pacific owes it to the many patrons of the road through this section to see that their train schedules are revised in order to give us the needed relief, and it can be easily done without additional expense to the company, by transferring one of the trains on the Lincoln branch of the railroad to the Omaha line, running either from Omaha via Louisvillle, Weeping Water and Union and thence back to Omaha, or from Lincoln to Union and then to Omaha, returning about 3 o'clock in the afternoon, which would give everyone an opportunity of reaching home in time for their evening meal. Let us all get behind the project and endeavor to secure this much needed reform for our neighbors in the county.

## Extend Congratulations.

From Friday's Daily.

Cass county needed a new jail, and the commissioners called a special election to decide whether they should appropriate the sum of \$12,000 to build it. Those who imagined that they saw an opportunity to move the county seat fought the appropriation as hard as they could, but Plattsmouth won. Therefore we congratulate Plattsmouth on the splendid victory she won.—Nebraska City News.

## THE FRATERNAL UNION OF AMERICA HOLDS MEETING

Windham to meet the district organizer, Otto Kahler, as well as a representative of the grand lodge from Portland, Ore., who outlined to the members the proposed raise in rates contemplated by the order and the explanation seemed very satisfactory to the members present, and they were greatly pleased at the manner in which the difficulty of raising the rates had been handled by the head officers of the lodges. The fact that Mrs. Spangler stood the operation in such fine shape will be the source of much pleasure to her many friends and their earnest wish is for her speedy restoration to health.
