

YOU know that getting more than you expect is one of the most satisfactory things that can happen to you when you buy anything. The merchant who gives big measure, who is generous in giving you a lot for your money, is sure of your good will. He ought to be.

We know the value of that policy perfectly; we're carrying it out here in clothes.

Beautiful new weaves and patterns, made up in the stylish models—Norfolks, English or conservative—\$12.50 to \$30. Special values \$15, \$18, \$20, \$22.50 and \$25.

THE NEBRASKA LIGHTING CO.

Preparing for Better Service to the Patrons by Making Necessary Improvements.

The Nebraska Lighting company of this city has placed an order for a new type T-A 125-volt Tirril regulator to be placed on the generators at the light plant in this city. This new improvement is placed in order to give a more steady current to the patrons and do away with the flickering and waving current that has proven so inconvenient to the users of the electric service.

The new regulator, with one condenser and mounting brackets, will be suitable for use on the present generators and it can also be used on larger and more improved machinery should the company be able to see their way clear to install them in the future. The reason for the securing of the new piece of machinery is to secure a better service to the patrons until the company can fully determine just to what extent they can carry out the plans that have been projected and it will go a long way towards the improving of the current now being used.

The new owners of the light plant here have been placed in peculiar circumstances, owing to the fact of their numerous holdings in this section of the west, and not being familiar with the situation in the different towns, they find it necessary to proceed slowly until they have gone over the ground thoroughly and ascertained just what steps to take in regard to the enlarging of new plants in the different towns in which they are interested, but they are endeavoring to secure the best service possible under the difficulties with which they have been confronted and will continue to carry out this policy

until more permanent plans can be carried out.

The company in this city is carrying out a campaign to secure additional use of both their electric and gas service, and have been meeting with very good success in the short time that their free wiring and piping offer has been before the public, and a great many are availing themselves of the chance that has been presented to secure these services while the opportunity is afforded, and with the new regulator installed the electric service should be much more satisfactory.

HAS THREE RINGS FULL OF VERY FINE ACTS

Largest Tent Ever Constructed,
Yankee Robinson Presents
Great Production.

The Yankee Robinson circus is just as big as it can get. It has three rings and two elevated stages—and that is as large as any circus can grow in this day and age. The entire performance is given in the three rings and the stages—is presented in such a manner that no matter at what angle you are seated in the canvas you can see every act—sometimes fifteen of them going on at one time—with perfect ease. The Wild West performance takes place on the race track, so that every part of this performance passes you from two to three times.

The big show will appear at Plattsmouth Monday, May 5.

Pays Local Call.

Jack Voline, editor of the Auburn Herald, and wife, were in the city this morning for a few hours en route from their home to Creston, Iowa, where they will visit at the home of Mrs. Voline's parents. While in the city Mr. Voline called at the Journal office for a short social visit and we were more than delighted to meet him.

THREE COMPANIES OF STATE MILITIA COMING

Three Companies of State Militia Will Come to the Rifle Range for a Week's Practice.

Plattsmouth is to be the scene of the gathering of three companies of the state militia from Omaha, who will come here for practice at the government rifle range for the week from May 12 to 17. These companies will number 250 members, and will make the rifle range quite an active place for the week that they are here, and will doubtless draw many of them to this city for supplies and entertainment.

The citizens should endeavor to show the citizen soldiers a good time while they are here and give them some inducement to return next season for practice. It is quite likely that most of the companies of the National Guard from this section of the state will be sent here for practice, as the range north of this city is ideally located for that purpose, being of easy access from the town, and supplies for the camp can be easily procured.

The contractors who have charge of the new improvements are getting ready to start in on their work, which includes the building of permanent targets, target houses and a range house, and the government will also greatly improve the roads running from the range to the camp.

SUCCESSFUL INCUBATORS ARE IN GREAT DEMAND

Oscar Wilson, the agent for the Ray-o incubator, who has been having such uniform success with his machines, has just sold a large 160-egg incubator to Mrs. Mary Wiley, residing near Murray, who is very much pleased with the machine. He has also disposed of one of the machines to J. C. Meisinger, residing near this city, who will at once set the machine for early hatching. Mr. Wilson himself has had several broods of chicks turned out so far this season and will be able to enjoy early fries when the rest of the people are just getting ready to start their hens to setting.

HENDERSON WARD MEETS WITH A PAINFUL ACCIDENT

While out walking around his farm in Eight Mile Grove precinct one day this week, Henderson Ward, one of the prominent farmers of that locality met with a very serious and painful accident which will lay him up for several months. He was stepping over a fence, and as the ground was very wet and slippery, he was wearing rubber boots, and as he stepped over his foot slipped and one of his kneecaps was thrown out of place, but it was gotten back into the socket at once and a physician called, and Mr. Ward was ordered to remain quiet for some time to come. The injury was very painful and will be the cause of his remaining in a state of inactivity for this season at least.

COMMISSIONERS ORDER A SPECIAL LEVY FOR JAIL

The county commissioners, at their session Tuesday, adopted an order directing that as a majority of the voters of the county had approved of the proposition to levy a special tax sufficient to raise the sum of \$12,000, that in the levy for the year 1913 a special tax be added to the regular levy sufficient for the amount to be raised. This means that in a short time the work on the new jail will be gotten under way and the county will have a suitable place to confine its prisoners. The city will also fix up the brick building in the rear of the city hall, in which the violators of the city ordinances will be confined.

Mrs. Murray Returns Home.

Mrs. John A. Murray returned home last evening from Omaha, where she had been for about a week visiting with relatives. While in Omaha Mrs. Murray was taken sick, but feeling much better yesterday, she decided to return home to this city.

"Get in the Well Dressed Circle!"

You'll admit there's a deep satisfaction in trading at a shop which caters to the discriminating and careful dresser. We take pride in our ability to serve this class and you will be in the well dressed circle if your clothes bear our label. Our new Spring models are unusually bright and attractive. To see them is to become posted on attractive styles. Quality line \$20 to \$35. Our *more value* special \$15 and \$17.

ALWAYS THE HOME OF SATISFACTION

MORE IMPROVEMENTS AT THE CITY LAUNDRY

The laundry company has just completed the construction of two large tanks in the rear of their building, one of 2,000 gallons and one of 1,000 gallons capacity. These tanks will be used to contain soft and hot water for use in the washing department and will greatly increase the ability of the plant to handle the rapidly increasing business that is being built up. The laundry is now able to turn out as good work as can be secured in any town in the state and the residents of this city now have no reason to complain of the service given them by the management of the laundry and efforts are constantly being made to increase the efficiency of the plant and make it one of the best in this section. The improved condition of affairs at this plant will be the cause of rejoicing on the part of the patrons, as during the past few years the laundry has been allowed to run down and scarcely any effort made to look after business until it was bought by Mr. Barclay and his company.

Is Fined \$10 and Costs.

J. H. Anderson, the operator at Oreadpolis, who was taken to Omaha yesterday to answer to the charge of assault and battery on Mrs. Carl Kopisek on train No. 14 Tuesday night, was fined \$10 and costs yesterday afternoon in County Judge Leslie's court in the metropolis. The fine was paid by Mr. Anderson and he was released. He resigned his position at Oreadpolis some ten days ago and will remove to other fields.

Thomsen, Dentist, Gund Bldg.

Recommends Postmasters.

The dispatches this morning from Washington state that Congressman John A. Maguire has recommended to President Wilson the appointment of W. C. Bartlett as postmaster at Elmwood, and Fred Ossenkop at Louisville, in this county. These gentlemen are both representative citizens, and if appointed will serve the patrons of their offices in a very creditable manner to themselves and their towns.

MRS. L. B. EGENBERGER

ENTERTAINS AT KENSINGTON

The home of Mrs. L. B. Egenberger was the scene of a most delightful gathering yesterday afternoon, when the lady friends were invited in to enjoy one of their pleasant Kensingtons, and the afternoon was spent by the ladies in plying the busy needle and social conversation. At an appropriate hour the guests were invited into the dining room, where a most delicious three-course luncheon was served, which added very much to the enjoyment of the afternoon, and when the hour for leave-taking came the ladies departed feeling that as an entertainer Mrs. Egenberger was without an equal. The guests for the very enjoyable afternoon were: Mesdames F. R. Guthmann, John Bauer, sr., William Hassler, George Thomas, J. C. Peterson, P. E. Goös, Olga Grosecary, W. L. Austin, R. A. Bates, Val Burkel, F. G. Egenberger, J. E. McDaniel. Mrs. Egenberger was assisted in entertaining by her daughter, Miss Helen Egenberger.

Mark White and wife drove up this morning from their home, south of this city, and attended to some trading.

GERMAN PLAY RECEIVES VERY FAIR PATRONAGE

The German Dramatic company from Omaha last evening presented the very pleasing German play, "A Prince for a Day," at the Parmelee theater to an audience that was hardly as good as the play deserved, as the company was an excellent one and their interpretation of the production greatly pleased the audience. This is one of the best German plays that has been given in the city and to the lovers of the dramatic art it was certainly all that could be asked for. There is a large number of German residents of this city and they greatly enjoy the plays that are given in their native tongue and the younger generation of Americans who have learned the language also find much delight in these plays.

B. E. Young came in last evening from O'Neill, Neb., and will make a short visit here with relatives and friends.

W. A. Fight of near Mynard was in the city yesterday for a few hours looking after some business matters.

Emmons Richey departed this morning on No. 15 for Omaha, where he will spend a few hours looking after business matters.

County Commissioner Jordan departed this morning for his home at Alvo, after attending the commissioners' meeting.

Farmers and their boys and all other men and boys should hear Dean Burnett at Presbyterian church Friday evening on "The Farmer." See any man of the church about it.

What's the Use

of arguing the matter? Facts are facts! and Soennichsen's is the place for Canned Foods, Fresh Vegetables, Fruits, Etc. Don't put it off any longer.

DO IT NOW

and enroll yourself as a regular customer. Don't worry about what you want to order; look over the *Fresh, Clean, New Goods* that are displayed in our *Bright, New Store* and you'll find just exactly what you need.
