

You Owe It to Yourself and Your Bank Account to Make an Investation of the Cartercar

HERE IS ONE VITAL POINT OF SUPERIORITY

-Compare These Transmissions-

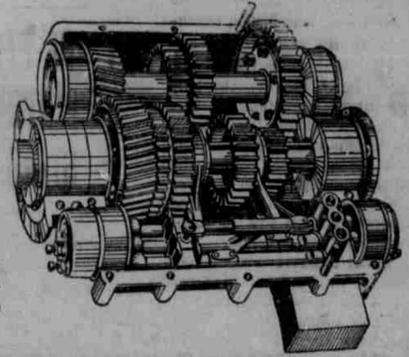

Cartercar Friction Drive

The Cartercar friction transmission, with chain-in-oil drive, is not subject to the many griefs and ills of the ordinary gear transmission. It also eliminates clutch, universal joints and bevel gear drive. There are just two principal working units. The extreme simplicity carries with it great economy. The Cartercar glides away like an aeroplane, without a sound or a jar.

Slipping Gear Transmission

The old-fashioned sliding gear transmission is extravagant in construction, expensive in maintenance and untrustworthy in performance. It limits its user generally to three forward speeds, costs as much for lubrication, with the necessary clutch and universal joints, as the entire up-keep of the Cartercar Friction Drive, and is much more noisy.

Plattsmouth, Kroehler Brothers, Nebraska.

RAISING THE RATE ON LOCAL TELEPHONES

Hearing Before Railway Commissioners May 8, Where All Patrons Can Protest.

For the past few months there has been considerable discussion over the proposed raise in rates of the telephone service in this city and there has been much protest over the matter from various sources. The city council has prepared a resolution against the raise in rates to present to the state railway commission and a number of the telephone users have also secured a petition to send to the commission in regard to the matter.

The telephone company is installing a practically new system here at considerable expense, and believe they are justified in asking that the rates be advanced, but the matter will be open to argument before the commission on Thursday, May 8, 1913, as the following letter, received at this office from the commission, will explain:

Lincoln, April 23, 1913.
Editor Journal, Plattsmouth, Nebraska:

Dear Sir—The Lincoln Telephone and Telegraph company has notified this Commission of its intention to install in Plattsmouth a common-battery metallic system in connection with its consolidated exchange at that point. The said company further informs us that the cost of the new equipment and improvements is approximately \$12,000. The company has also made application for permission to establish the following schedule of rates for local service on the Plattsmouth exchange, effective on the first of the month following the cut-over to the common-battery metallic system, viz.:

Per Month	
Individual business \$2.50
Individual residence 1.50

Two-party residence..... 1.25
Farm..... 1.50

The Commission has set Thursday, May 8, 1913, at 2 o'clock p. m., in its office in Lincoln, as the time and place for hearing upon said application. It will be your privilege, as also the privilege of any other interested party at Plattsmouth, to be present at said hearing and make such representations as you may care to make, either for or against the granting of the application. If there is further correspondence pertaining to this matter, please refer to Application No. 1735. Very truly yours,

A. B. Allen, Secretary.
Anyone who desires to protest against the matter before the state railway commission can take advantage of the hearing to present their cause on the date named above.

ENTERTAINED AT THE HOME OF MRS. R. W. CLEMENTS

From Friday's Daily.
Last evening the Bridge Whist club, composed of the young married people of the city, were entertained at the home of Mr. and Mrs. R. W. Clement, and an evening of much enjoyment is reported by those fortunate enough to attend. The evening was spent playing bridge until an appropriate hour, when the hostess, assisted by her daughters, served some most tempting refreshments, which greatly served to heighten the enjoyment of the jolly party, and at a late hour the club adjourned for their homes, declaring that it was a rare treat to be a guest at the Clement home. The guests for the occasion were: Messrs and Mesdames C. W. Baylor, G. G. Fricke, F. L. Cummins, W. A. Robertson and W. J. Streight.

FRED WEGENER OF LOUISVILLE FILES CHARGES AGAINST OTHERS

From Saturday's Daily.
Several months ago there was filed in the district court a case for slander embodying some very sensational charges by the plaintiff, Frederick Wegener, but the case was put over until the next term of court and may never be brought to trial. Yesterday Wegener filed two more suits in the court, asking for \$5,000 damages against John Group and J. Otis Ward, residents of Louisville, for remarks that have caused him great mental anguish and which he claims reflected on his chastity and morality. The allegations of the plaintiff are quite lengthy, and if the cases are ever brought to trial they will certainly prove very interesting to the lovers of the sensational. The plaintiff is also a resident of Louisville and has had much trouble in that village with various parties arising out of remarks which he alleges they made concerning the cause of his sickness and poor health and which reflected greatly on his reputation as a family man.

To Visit Their Mother.

Misses Florence, Dorris and Martha Vallery were passengers this morning on the early Burlington train for Omaha, where they visited their mother, Mrs. J. R. Vallery, at the hospital for the day. Mrs. Vallery is getting along in fine shape after the operation and at the present rate will be able to return home before long.

Slow in Materializing.

The Plattsmouth Commercial club has been promising us a better train service to the county seat, and we have been waiting patiently for the matter to be ratified by the railroad company. —Nehawka News.

FOREST ROSE—The best flour on the market. Give it a trial.

THE Q. Z. SOCIETY IS ENTERTAINED AT HOME OF MISS HALLIE PARMELE

From Friday's Daily.
The Q. Z. society, composed of some of the young ladies of the city, held a most interesting meeting last evening at the home of Miss Hallie Parmele, and had the pleasure of being addressed by Miss Elizabeth Bernizer of Omaha, secretary of the Y. M. C. A., who gave a short outline of the work along the lines of work of the organization, and of social study and work of the men in the cities. The address was very much appreciated by the members of the society and their invited friends, and as the young ladies are taking steps to organize along the lines of social study and work, the interesting talk of last evening will greatly aid them in making their work a great success. A general spirit of unity prevailed among the company that promises much for their success in their new study. The hostess served some very enjoyable refreshments that were one of the pleasing features of the evening, and as is always the case at the Parmele home, the guests were treated in a royal manner. While in the city Miss Bernizer was a guest of County Superintendent Mary E. Foster.

FIGHTERS ARRESTED AND TAKEN BEFORE JUDGE ARCHER

From Friday's Daily.
This morning the participants in the fight Wednesday night were brought before Judge Archer by Chief of Police Rainey, and George Poisal, jr., one of the parties, was fined \$5 and costs, which he paid, while the stranger, a man named Casey, entered a plea of not guilty and his trial set for this afternoon. These are the chief factors of the "mill" on upper Main street the other evening, and as the chief was not on duty at the time the fight occurred, he at once got busy as soon as informed of the event and straightened the matter out by having the parties brought before the court.

THROWN FROM MOTORCYCLE AND FRACTURES HIS ANKLE

Vulcan's header from heaven was a fall out of bed compared to the tumble Justin Sturm got Sunday afternoon when his motorcycle threw him, breaking his leg and otherwise bruising him. He had gone up to L. C. Todd's just after dinner and was trying to convince the boys there of the superiority of the Indian over all other makes. He and Clarence Todd were out on their machines and Justin was showing just how close one can come to flying without actually taking out a license. At the crossing north of Todd's his machine failed to negotiate a rut and Justin was thrown with

the above result. The break was in the ankle, two bones being fractured, and it was decided to take him to a hospital. This was done, Victor and Mrs. Sturm going with him in the locomobile to Fairbury, where he was operated on Monday. A message from there Monday afternoon told that he had withstood the operation well and that he would probably get off without any permanent injury. —Nehawka News.

LADIES' AID OF ST. PAUL'S ENTERTAINED AT BAUER HOME

From Friday's Daily.
Yesterday afternoon the Ladies' Aid society of St. Paul's church were entertained in a most charming manner at the hospitable home of Mrs. John Bauer, sr. The ladies came with their fancy work and spent the joyful hours in the plying of the busy needle and in social conversation until late in the afternoon, when some very delicious coffee and coffee cake was served by the hostess, assisted by Misses Emma Bauer and Buelah Sans. The ladies felt that this meeting had been one of the most enjoyable the society has held for some time, and that as an entertainer Mrs. Bauer was without an equal. There were about thirty-five present to take part in the enjoyment of the afternoon.

GETTING RID OF THE DANDELION PEST

Residents of Plattsmouth Have Hit Upon Plan That Will Exterminate the Pests.

The residents on North Sixth street have hit on a plan that seems to work very well in getting rid of the dandelion pest. Yesterday the teacher of the First ward school was interviewed in regard to securing the services of the scholars after school in exterminating the little yellow pests. The children went after the matter in earnest, and as a result of the campaign that section of the city has been pretty well cleared up. The citizens, to stimulate the interest in the crusade, offered the price of 10 cents a thousand for all the dandelions brought in, and some of the children realized as high as 50 cents from their efforts, and although the price offered seems rather high, still the result of the fight will be very beneficial in saving the grass and beautiful lawns in that section from the encroachment of the pest.

This is the time of year when they are blossoming to get after the dandelions before they are scattered over the entire country by the fleecy seeds which will soon follow the blossoms. The idea of employing the school children in this work has been tried in several eastern cities and has been very successful and the results more than gratifying, and if the other localities in the city were to follow the example of the North Sixth street people there will be a greatly reduced crop of the plants to make life a burden for the owners of grass plots.

The Journal for typewriter supplies.

EARLY ANNOUNCEMENT of SUMMER RATES

IT IS NOT TOO EARLY TO BE MAKING PLANS FOR A SUMMER VACATION TOUR

TO THE PACIFIC COAST:

Every day from June 1st the excursion rates will be \$60, and to include the SHASTA LINE, \$77.50; on special dates \$5.00 less; you may go one way and return another. In this way the world's greatest railroad journey may be accomplished.

YELLOWSTONE NATIONAL PARK:

Rates to this wonderland have been announced via Cody, the east and scenic entrance, via Gardiner, the official entrance and through scenic Colorado and Yellowstone entrance. Also for personally conducted camping tours. A camping tour under personal escort makes one of the finest recreative tours this country offers.

GLACIER NATIONAL PARK:

On the Great Northern Railway, reached from Belton or Glacier Park station, Mont. Excursion rail rates to these points do not exceed \$35 from Nebraska, with very low rates beyond through the Park. Only a small expenditure required for a most interesting visit to this newest "wonderland."

Descriptive publications will soon follow. We shall be glad to have you tell us what kind of a Summer tour you have in mind and place you on our list for publications.

"Pittsburgh Perfect" Fence

The Fence made entirely of No. 9 Wire is the Cheapest you can buy. Read why

No. 9 wire is stronger and takes more galvanizing in proportion to its size than smaller wire. Fences made entirely of No. 9 wire last many years longer in proportion than lighter weight fences, cost no more to string, cause less trouble, are better at all times. These are technical facts. "Pittsburgh Perfect" "Jumbo"

Fences, made entirely of No. 9 wire in many styles and sizes, are the strongest made because of the Electrically Welded joints, most durable because of the high quality Open Hearth Wire and pure zinc galvanizing, and the most economical and satisfactory fences in the world. Specify "Jumbo" and save money.

Made in Different Styles for FIELD, FARM, RANCH, LAWN, CHICKEN, POULTRY and RABBIT YARD and GARDEN

Every Rod Guaranteed

Ask your dealer for "Pittsburgh Perfect" and insist on his furnishing it. Do not allow him to persuade you that some other fence is just as good. If he doesn't sell it, write us direct.
