Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

"Pittsburgh Perfect" Fence
Because it's Welded, you can take it Down and Put it Up Without Injuring the Fence

That's a good point to consider. Many a time you would shift a line of fencing from, say, the bull pasture to the hog lot—if it didn't destroy the efficiency of the fence.

In "Pittsburgh Perfect", the only fence with electrically welded joints, the stays are permanently joined to the line wires. It is actually a one-piece fence. Taking down "Pittsburgh Perfect" and re-stringing it doesn't hurt it a bit. This is one exclusive "Pittsburgh Perfect" feature of economy perhaps you haven't thought of. Our catalogue, sent free, tells of many more. Get a copy at once.

APPALLING LIST OF THE INJURED

Fourteen Times as Many Trespassers Killed by Cars as Passengers.

The appalling number of 181-379 trespassers have been killed and injured on the railroads of the country during the last twenty years, according to a bulletin issued by the central safety committee of the Chicago & Northwestern Railway company. This bulletin is being sent to state, county, city and village school authorities in an effort to enlist them in helping to prevent trespassing. The report states that 25,000 of this number were young people under the age of 18 years, and many of them under 10 years. Wage earners and citizens of the localities in which the accidents occurred comprised 120,103 of the total number and 26,276 were tramps and hoboes.

The report goes on to say that the young people killed and injured are enough to make a mile post for every mile of travel in a trip around the world and in nearly every town there is some

GUILD LADIES HAVE GREAT SALE ON CARNATIONS

The ladies of St. Mary's Guild of St. Luke's church, who sold carnations Saturday for Mothers' day were very successful in their efforts, and as a result of their industry will realize a neat sum for their organization. The ladies had ordered one thousand carnations for the day and although handicapped by the weather, disposed of them all and could have sold more in the evening if they had been able to get them. This organization is composed of ladies who when they go after anything generally make it a success and the flower day was no exception to the rule.

It cured my wife of a severe bronchial cold after all other remedies failed." It will do the same for you if you are suffering with a cold or any bronchial, throat or lung cough. Keep a bottle on hand all the time for everyone in the family to use. It is a home doctor. Price 50c and \$1.00. Guaranteed by F. G. Fricke & Co.

THE WORLD IS GETTING BETTER

A Few Good Men On An Election Ticket Cannot Pull Bad Ones Into Office.

We have believed that a long time, and every now and then we pick up some new point in confirmation of our opinion, which makes us feel good and be more optimistic than ever.

Just now we have been looking over the election returns in municipal elections all over the country. With a good deal of satisfaction we note that even in the cities where the commission form of government has not eliminated political party lines, these lines are being forgotten and the men elected are about half and half democratic and republican, with every now and then a man who does not claim close affiliation with either party.

In these reports we see the advance of the city voters to the point where a few good men on a ticket cannot carry a lot of bad men into office with them. The voters are doing their own choosing, and picking the men, not their politics.

It will be some time yet, perhaps, but the day will come when this same system will reach out to county, state and even national politics. We are not arguing that political principles should be forgotten, or that it is not right to consider what a man is going to stand for in the way of principles when he gets in office. This knowledge is necessary to judge of the fitness of the man to represent the ideas and interests of the voters. But we do not believe that when the American people begin to demand something more of a man than agreement on political ideas better men will be sent into office, from the White House clear down to the township road overseer or the city dog-pelter.
