Former Citizen Visiting Here.

James Latta of Des Moines, Iowa, a pioneer of this county and an old soldier of the Union army, is visiting friends and relatives here. He is 80 years of age, and although he is crippled while in the army, he is as capable of caring for himself as a man of middle age. He just returned from a trip through the Ozarks and from visiting a brother, Robert Latta. Robert Latta, at the age of 75, wrote a book called "Reminiscence of Pioneer Life." The story deals mostly with one man and his family, but it gives very plainly the customs, pleasures and hardships of frontier life, and the little book keeps the reader interested from the time the Red Wing appeared upon the upper Missouri until the sun sets upon the principal character in the Ozark mountains. The time covered in this story is from 1848 to 1912. James Latta is here in the interest of the sales of the book.

Tornado Insurance.

Wouldn't it be better to receive a check from an insurance company after a tornado or cyclone takes away your home than to be compelled to use your own hard cash to rebuild? I represent Standard Old Line Companies, and can write your insurance at a low rate. Better look up your policies and if you have no tornado insurance call at the bank and let me fix you out.

W. G. Boedecker.

Hotel Register.

Miss Van Meter arrived in Murray Monday and is now engaged in soliciting advertising for a revolving register for the Berger House, to be conducted by Mrs. Berger, whose qualities as a landlady can't be beat. Mrs. Berger intends to keep a first-class hotel in every particular, and such a hotel cannot get along very well without a fine register. Miss Van Meter proposes that she shall have this necessary article if the business men patronize the enterprise to the extent of placing a card upon the register. Every business house and profession should be represented on the register, as it shows to the strangers who stop at the hotel who are the "live wires" of the town. Miss Van Meter is a fine young lady, and the Journal hopes she will succeed in her undertaking.
