

You Owe It to Yourself and Your Bank Account to Make an Investitation of the Cartercar

HERE IS ONE VITAL POINT OF SUPERIORITY

-Compare These Transmissions-

Cartercar Friction Drive

The Cartercar friction transmission, with chain-in-oil drive, is not subject to the many griefs and ills of the ordinary gear transmission. It also eliminates clutch, universal joints and bevel gear drive. There are just two principal working units. The extreme simplicity carries with it great economy. The Cartercar glides away like an aeroplane, without a sound or a jar.

Slipping Gear Transmission

The old-fashioned sliding gear transmission is extravagant in construction, expensive in maintenance and untrustworthy in performance. It limits its user generally to three forward speeds, costs as much for lubrication, with the necessary clutch and universal joints, as the entire up-keep of the Cartercar Friction Drive, and is much more noisy.

Plattsmouth, **Kroehler Brothers,** Nebraska.

CARTERCAR AUTOMOBILE CERTAINLY A HILL CLIMBER

Quite a great deal of interest was created this morning on Main street by the demonstrator for the Cartercar automobile, Mr. George Holliston, who, running his machine down the street, ran it up the steps of the Bank of Cass county with perfect ease and repeated the feat at the Riley hotel, making the hotel flight of steps without the least trouble. The local representatives for the Cartercar is the firm of Kroehler Brothers, and they are more than pleased with the showing the machine has made in all the tests, and it has demonstrated its splendid running powers and strength, as well as the simplicity of operating, which makes it one of the leading machines on the market today.

Receives New Catalogue.

Miss Charlotte Templeton of Lincoln, of the state library commission, arrived this afternoon and brought with her the new catalogue of the public library, which was recently prepared by Miss Florence Waugh. Miss Templeton will meet the mayor, city council, members of the board of education and the library board this evening at the library building to examine and explain the new work, which will greatly increase the efficiency of the service of the library here.

Goes to Jacksonville, Florida.

Mrs. M. E. Manspeaker departed this afternoon for Jacksonville, Florida, where she goes to the national convention of the Woodman Circle, representing the state of Nebraska at the meeting. Mrs. Manspeaker is one of the live members of the order and will see that this state is well represented at the meeting. The trip is a long one and will take her over a great section of the country and will take several days to make the trip.

CONDITION OF RECTOR

ALLAN G. WILSON VERY MUCH IMPROVED

From Saturday's Daily.

This morning the condition of Rev. Allan G. Wilson was very much improved and he seemed to be very much clearer and was able to take a hearty breakfast and it now seems quite probable that he will soon be able to be up and around and to take a good rest from his duties to restore his nerves to their normal condition. Mr. Wilson has been very active in his work for years and the strain has been too great for him, as he is of a very nervous temperament and threw his whole being into whatever he took up, with the result that his nervous system broke down under the strain Thursday and for a time his condition was very serious, but he seems now to be getting along very nicely, which will be most pleasing news to his many

friends here, who were greatly grieved to learn of his unfortunate attack on Thursday.

New Daughter Arrives.

This morning the stork made a short call at the home of Mr. and Mrs. J. R. Rumerfeld and left in their charge the cutest little girl baby you ever saw. The mother and the new Miss Rumerfeld are getting along nicely and "Bud," while able to be around, is very much elated over the new arrival and his many friends are showering him with congratulations over the new addition to the family.

FARM HOUSE DESTROYED BY FIRE NEAR UNION

There was a "hot time" on the Joe Brandt farm, about 3 miles southwest of town, last Friday evening, when the house caught fire and was completely destroyed. It was about 9:30 when Mr. Brandt, who was out to the barnyard, discovered the fire, which had then reached a stage beyond control. Fortunately there was but little of household goods in the building, as Mr. Brandt had moved only a part of them to the place, intending to bring the remainder and his family in a short time.

The fire is supposed to have originated from a defective flue, as there appears no other way in which it could have started. The blaze was plainly visible to people here in town. The place is the one that was owned by John Nichols until recently, when it was purchased by Mr. Brandt. There was some insurance on the house, but not sufficient to make good the loss.—Union Ledger.

AN ABSOLUTE DIVORCE GRANTED THE PLAINTIFF

The divorce suit of Mrs. Mary Ann Streight vs. Thaddeus A. Streight was on the trial list yesterday in the district court, and after hearing the evidence in the case the decree as prayed for was granted the plaintiff and she was given absolute divorce from the defendant. The plaintiff is a resident of near South Bend and was deserted several years ago by her husband and since that time has accumulated considerable property and desired the divorce to protect her interests from her husband.

IDAHO.

BLACK, SANDY LOAM—Do you want good cheap land that will grow wheat, alfalfa and like crops? Fine fruits, almost any kind. Fine stock and dairying, in the Big Camas Prairie without irrigation. If interested write or call on MIDLAND INVESTMENT CO., 1210 P St., Lincoln, Neb.

S. O. Pitman and Al Bartlett of Murray came up this morning on the early Missouri Pacific and stopped here for a few hours and were passengers on No. 15 for Omaha to spend the day.

THE OLD MISSOURI RIVER ON THE BOOM

The old Missouri river last night took on an additional raise of 1 and 4-10 inches, making a total of several feet since Thursday and the current is very swift and turbulent. There has been additional damage at the riprap across the river, but the current there is very swift and sets in close to the bank, making it necessary to maintain a constant watch on the river to prevent it making new inroads on the work of the railroad at that point. The heavy rains of the last few days through this section have brought much water into the river and a rise of seven feet was reported at Pierre, S. D., Thursday, which will greatly increase the amount of the rise when it reaches here.

Land Brings Good Price.

The sale of the land belonging to the Dysart estate, near Union, which was held by A. L. Tidd, the referee, on Wednesday, brought the total of \$11,725, or \$117,24 an acre. Forty acres of the land was purchased by H. L. Hanson, and Fred W. Young, who resides near the Dysart farm, purchased sixty acres of the farm land. The sale of the land was the outcome of a partition suit filed against Nancy J. Dysart, et al., by Louisa Bay and Albert M. Bay.

City Puts Down Walks.

The city has decided to keep up with the spirit of advancement shown by the business men and citizens of the city and are having a fine new permanent walk constructed along the west side of the city hall on Fifth street, which will materially aid in making this street much better looking and afford a means of reaching the city hall without having to tramp through the mud, as heretofore has been the case.

George M. Hild and Philip Hild were in the city yesterday for a few hours, coming up to attend the funeral of Mrs. Ohlenhausen.

Mrs. Friedrich Worse.

Mrs. Martin Friedrich, whose favorable condition was noted a few days ago in the Journal, is not feeling as well as she did and the condition of this lady has occasioned her family and friends considerable worry, as she was apparently getting along nicely, but in a few hours received a bad spell and has been in very poor shape since, but her family are still hopeful that she will rally sufficiently to overcome the sickness from which she is suffering.

Card of Thanks.

While it is very hard to express in mere words the deep feeling of love and gratitude we hold for those who so nobly assisted us during the sickness and death of our beloved wife and mother, we take this method of returning our heartfelt thanks to all the kind friends and neighbors for the kindness shown us and for the magnificent floral tributes at the funeral.

Fred Ohlenhausen and Family.

Here on a Visit.

Mr. and Mrs. Frank Powers of Children, Oklahoma, arrived in this city Saturday for a visit with relatives and friends. Mrs. Powers is a daughter of Solomon Long and a sister of J. A. Long. Mrs. Nora Sullivan of South Omaha, also a daughter of Mr. Solomon, came down yesterday and all drove to the country to visit their mother's grave at Lewiston cemetery and to visit the old home place near Rock Bluffs.

Seventeen-Year Locusts.

E. M. Pollard informs us that his big orchard is full of seventeen-year locusts and that they keep things lively with their weird noise. He is rather anxious as to what they will do to the trees and has asked information from the state department as to the best way to fight them.—Nehawka News.

John Roddy of Union was in the city today looking after business matters in the district court.

VACATION TOURS THROUGH THE WEST SUMMER -- 1913

PACIFIC COAST: Every day excursion fares from June 1st, to San Francisco, Los Angeles, Portland and Seattle with approximate basis \$60 direct routes; \$5 less to California terminal cities June 30th to July 7th and August 22nd to 29th. \$5.00 less to Portland, Seattle, etc., June 22nd to 29th, July 8th to 11th.
