

# Comparative Digestibility of Food

Made with different Baking Powders

From a Series of Elaborate Chemical Tests:

An equal quantity of bread (biscuit) was made with each of three different kinds of baking powder—cream of tartar, phosphate, and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The relative percentage of the food digested is shown as follows:

Bread made with  
Royal Cream of Tartar Powder:

100 Per Cent. Digested

Bread made with  
phosphate powder:

68 1/2 Per Cent. Digested

Bread made with  
alum powder:

67 3/4 Per Cent. Digested

These tests, which are absolutely reliable and unprejudiced, make plain a fact of great importance to everyone: Food raised with Royal, a cream of tartar Baking Powder, is shown to be entirely digestible, while the alum and phosphate powders are found to largely retard the digestion of the food made from them.

Undigested food is not only wasted food, but it is the source of very many bodily ailments.

## A GREAT HARMONY CHORUS LAST NIGHT

From Tuesday's Daily.  
The splendid chorus which Prof. Gilmore, musical director with Evangelist Smith, has been able to assemble in so short a time reflects great credit on our community. Last evening's service found over 65 voices in thorough harmony and their rendering of the beautiful anthem, "All Hail Immanuel," was an inspiration to everyone who attended the meeting. Especial attention is being given to the music every evening, but Monday evenings are to be set apart as distinctly "musical nights." Rev. Smith is himself a rare soloist, and together with Mr. Klingner and Prof. Gilmore, many beautiful songs are reaching the hearts of their audiences.

Rev. Smith spoke briefly on the subject, "Witnessing for Christ." So effectively were his thoughts presented and so apt were his illustrations that many were moved in witness of their faith. The meetings are increasing in earnestness and interest. No offense is given to anyone. No lines are drawn "between the sheep and the goats," but instead the doctrine of the joy of Christian living as it is being presented today by Rev. Smith and his associates impresses all with its reasonableness and its virtue.

Men are especially invited to the meeting tonight. Not that it is a men's night, but that men will find the discussion particularly interesting. The subject will be "How May We Know

That the Bible is True," and remember the chorus is great.

## EARL LEESLEY MEETS WITH A VERY PAINFUL ACCIDENT

This morning Earl Leesley met with a very painful accident at his home just north of this city. He was raking some hay out of a wagon with a pitchfork and a boy who was holding the team allowed them to start up suddenly, with the result that he had the pitchfork run through the calf of his right leg, making a very painful and ugly wound. As soon as possible he came to town and had the injured member dressed and made as comfortable as possible, although he will be compelled to take a rest from his work for a short time. The accident is quite unfortunate, coming as it does at this time of the year on the farm.

### Wedding at Greenwood.

This morning County Judge Allen J. Beeson issued a marriage license to Verne B. Dewey, aged 23, of Plainview, Neb., and Miss Lillian R. Stradley, aged 23, of Greenwood. The wedding will take place at the home of the bride's parents in Greenwood this evening. The groom is a very highly esteemed young man of Plainview, while the bride comes from one of the prominent families in the western portion of the county and is a most charming and talented young woman and highly esteemed by a large circle of friends.

FOREST ROSE—The best flour on the market. Give it a trial.

## You Can Prevent Hog Cholera—Kill Hog Worms and Have Fat Hogs.

Don't let Hog Cholera and Worms scare you—it's an easy matter to prevent them. This positive fact is vouched for by thousands of Farmers and Hog Raisers in nearly every state in the Union. Just feed with the daily hog ration a small quantity of

MERRY WAR POWDERED LYE

It renders hogs immune to Cholera; tones them up; keeps them on their feet; makes them fat and sleek; destroys Worms; increases your pork profits.

MERRY WAR POWDERED LYE has proved itself to be the surest preventive of Hog Cholera, exterminator of Worms and the best hog conditioner and fattener in the world. Here is evidence that will convince you. Mr. H. H. Unterkircher of Wever, Iowa, writes: "I am recommending MERRY WAR POWDERED LYE to everyone I see, as it is a great hog conditioner and worm destroyer."

Ask us about MERRY WAR POWDERED LYE.

PLATTSMOUTH, Phones: Ind. 206, Bell 71 NEBR.

### Is the Bible True?

This evening at the big tent Evangelist Smith's theme will be, "May We Know That the Bible is True?" It is a discussion which has stirred controversy, and yet one which has been highly commended by educators. At this service a male quartet will make its first appearance, one of the local singers joining with the evangelistic party to complete the combination. Tomorrow at 3:30 p. m. the subject will be, "Personal Work," and Mr. Smith urges that every Christian in Plattsmouth be present, if possible.

## CROP CONDITIONS IN CASS COUNTY WERE NEVER BETTER

From Tuesday's Daily.  
County Assessor W. R. Bryan, who believes in keeping in touch with the people of the county, has just returned from a flying trip out into the county and reports that crop conditions there were never better. He reports the wheat to be as fine as he ever saw and the prospects for bumper crops are very promising wherever he visited, and most of the corn is looking good, although the season has been a little backward this year. Old Cass county is hard to beat when it comes to producing a good crop of either corn or wheat, and it is easily one of the leading counties of the state when it comes to making the breadstuff and the farmers of this county are among the best situated financially of any in the state.

## AN EXAMPLE FOR KEEPING UP A FINE HOME

From Tuesday's Daily.  
One of the most beautiful and well kept places in the city and one well worth visiting is that of Rev. John Vleck of the Holy Rosary church in the west part of the city. The lawn surrounding the church and parsonage has been kept trimmed in splendid shape and the priest has set out flowering plants in profusion, which sets off in a very artistic manner the beauty of the place and makes it a delightful scene for a lover of the beauties of nature. Father Vleck has many choice and rare plants in his collection and has devoted a great deal of time and attention to their cultivation, with the result that he has produced some very artistic effects in the placing of the plants.

## GEORGE MURRAY SERIOUSLY ILL WITH RHEUMATISM

From Tuesday's Daily.  
It will be the source of much regret to the many friends of George Murray to learn that he has been quite seriously ill in Omaha for the past few weeks. It seems to be rheumatism that is afflicting him and the attack has been very severe and he is compelled to get around on crutches when he is able to be up. It was feared at first that the attack was due to heart trouble, but later developments seem to indicate that it was rheumatism. George is employed in the postoffice at Omaha, and the confinement in the office has contributed largely to his illness and his physicians have advised him to spend as much time as possible in the open air when he is able to be around.

## "JESSE JEANS" SUCCUMBS TO STROKE OF APOPLEXY

From Tuesday's Daily.  
Death Monday night removed one of the characters who for several years has been a familiar figure around the streets of Plattsmouth, in the person of James Jeames, better known as "Jesse James," who passed away at the home of Ed Ulrich in Eight Mile Grove precinct, where he had been employed for a short time. A few days ago Mr. Jeames was stricken with a stroke of apoplexy and gradually grew worse until he died. He had been in town for the biggest part of the winter and the lack of proper food and shelter had weakened him so he proved an easy victim to the malady. The funeral was held yesterday and the body laid to rest in Oak Hill cemetery.

## "CITY DADS" ENJOY A LIVELY SESSION

(Continued From First Page.)

ter. The Pollock case was decided to let it take its course, as Councilman Streight stated, the land might be needed in the city later on, and it would be a bad example to allow the land to be set out of the city limits.

The claims committee reported favorably upon the following claims and they were ordered paid: Bert Harvey, street work, \$5; Ben Rainey, salary, \$75; Frank Neumann, salary, \$67.25; Lincoln Telephone Co., rent and tolls, \$6.75; M. Archer, salary, \$30; C. E. McEntee, street commissioner, \$36; Neb. Lighting Co., street lighting, \$130.60; James Donnelly, salary, \$3; J. D. Parker, cleaning library, \$4.50; M. E. Manspeaker, team to police, \$1; Olive Jones, salary, \$35; public library, expense for May, \$4.51; Ed Swoboda, work at cemetery, \$28.60; I. N. Cummings, burying two dogs, \$1; McMaken & Son, Hunter sidewalk, \$77.60; Neb. Lighting Co., light at library, \$2.50; Richey Bros., lumber, cement, sand and concrete, \$181.40; E. G. Dovey & Son, merchandise, \$4.10; Claus Boetel, burying three dogs, \$1.50; M. McCool, burying four dogs, \$2; Eric Backstrom, filling for sidewalk, \$5; John Swanson, street work, \$41.30; J. E. Mason, making road drag, \$3.35; Frank Kalasek, street work, \$13; Mural Parmele, same, \$53.20; W. G. Haynie, same, \$22.40; Ed Jones, same, \$10.40; Alvin Jones, same, \$24; W. B. Rishel, street sprinkling and cleaning, \$39.90; Nelson Jean & Co., street work, \$33.30; Al O'Neill, same, \$25.20; John Thomas, same, \$2.

The mayor called the attention of the council to the fact that McMaken & Son, who had put a new concrete walk in front of the Journal office, had neglected to remove the dirt and rubbish after the work was completed, and had been notified to do this, but had failed to show up, and that the city had removed it and the cost of the work was \$1; and on motion this amount was deducted from the claim for work on the Hunter sidewalk.

Councilman Buttery arose about this time and inquired whether the street commissioner was paid a regular salary or not, and the mayor informed him that he was paid for the time actually put in. Mr. Buttery thought that, considering the rainy weather of the past few weeks, his claim was rather high. Lushinsky thought the question raised by Buttery was a good one, but further remarks on this subject were stopped by the reading of the curbing and guttering ordinance, and on motion, it was placed on its third reading for final passage, and received the unanimous vote of the council.

Again the street commissioner was brought forth, when Buttery moved that the services of Street Commissioner McEntee be dispensed with, as he had gotten into an altercation with one of the most respectable citizens in the Second ward and had abused him shamefully and he ought to be discharged. Councilman Richey stated that he did not wholly blame the street commissioner, as the act over which the trouble arose was the taking up of a crossing by mistake under orders from the committee on streets, and the party should have come to the mayor or councilmen to secure redress. Councilman Bajec delivered a very scathing arraignment of the street commissioner for the trouble, and stated he thought the commissioner should be retired or pensioned. The motion of Buttery was lost by a vote of 7 to 3, however.

The mayor then stated he had a list of names he would present to the council for street commissioner, and as the evening progressed it looked like he would have to send out for more names. The first name presented was that of James Rebal, who was rejected by a vote of 8 to 2. The name of Gid Archer was then sent in and turned down, 6 to 4, and Ed Snodgrass suffered the same fate, 3 voting for him, 4 against, and 3 passed, not knowing anything about his qualifications. The mayor then sent in the name of Mike Lutz, who was confirmed by the council by a vote of 8 to 2; the votes against him, however, were on the ground that he was not a resident of the city.

The city attorney called the attention of the council to the fact

## Children Cry for Fletcher's

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syraps. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

## GENUINE CASTORIA ALWAYS

Bears the Signature of

*Chas. H. Fletcher*

## The Kind You Have Always Bought

In Use For Over 30 Years

that the treasury was getting quite low, and as most of the real estate taxes were in, he suggested that a committee wait on the county treasurer and secure what was coming to the city from that source, which suggestion was adopted.

There being nothing further to do, the dads adjourned, feeling very tired over the long session.

The report of City Treasurer E. W. Cook for the month of May showed the condition of the city finances as follows:

Fund—Overdrawn, Balance, Building .....	\$ 113.24
General .....	2,468.07
Road .....	216.85

Paving Dist. No. 4 .....	197.03
	\$2,161.80
	\$11,959.66
Balance .....	\$ 8,897.86

### IDAHO.

BLACK, SANDY LOAM—Do you want good cheap land that will grow wheat, alfalfa and like crops? Fine fruits, almost any kind. Fine stock and dairying, in the Big Camas Prairie without irrigation. If interested write or call on MIDLAND INVESTMENT CO., 1210 P St., Lincoln, Neb.

## RYNOTT SURRENDERS HIS CONTRACT WITH GERING & CO

The drug store which has been under the management of Edward Rynott for some time has been turned over by him to the former owners, Gering & Co., and it will be operated by this firm in the future, as Mr. Rynott surrendered his contract with the firm of Gering & Co., and expects to engage in traveling for the Goodrich company of Omaha, selling their line of toilet preparations. This firm has run the store for the past twenty-six years up to the time of Mr. Rynott, and will continue the drug store, operating under a strictly cash basis. Mr. Ludwig Miller of Omaha is in charge of the store for Mr. Gering and will look after the interests of the customers in a most satisfactory manner.

### Has Painful Accident.

Yesterday afternoon about 5 o'clock, Gladys, the little daughter of Mr. and Mrs. Lee Cotner, was playing around home turning on a pole in the yard, when she fell from the pole and in falling struck the gate post, inflicting a very ugly gash on one of her limbs. Medical assistance was at once summoned and it required five stitches to close the wound, which was very painful. The little girl will be laid up for several days as a result of the accident.

### Farm for Sale.

Anyone wanting to buy a farm would do well to see W. R. Bryan, county assessor.
