MISSOURI PACIFIC FILES ANSWER TO COMPLAINT

From Wednesday's Daily.
Notice has been received in this city from the state railway commission that the Missouri Pacific railway has filed its answer to the complaint against their train service that was filed by the Commercial club of this city with the state commission in regard to the service between this city and the county. The railway company has denied all the allegations made by the club and asks that the complaint be dismissed. The state commission will set a date shortly, when the matter will be taken up and heard and every citizen who can should make it a point to be on hand at the hearing and protest over the deal that has been given this city in the matter of the train service. This is a matter of vital importance that we secure some relief from the Missouri Pacific and there should be spared no means to secure what is justly due this city.

The school board, at a meeting held last evening, accepted the resignation of Miss Blanche Horning, who for the past few years has had charge of the normal training class of the High school, and selected Miss Gibberman of Weeping Water to fill the vacancy in the teaching corps. Miss Gibberman comes well recommended for the position and the school board feels they are very fortunate in securing her for the position, as she will undoubtedly prove a fitting successor to Miss Horning, who has been one of our most efficient teachers.

ONE HEIR WILL HAVE TO PAY INHERITANCE TAX

From Wednesday's Daily.
The report of the special appraiser of the estate of the late Charles Swan, near Union, has been received at the office of the county judge and the total value of the estate is fixed at \$64,030.25. The appraisement was made for the purpose of finding the amount subject to inheritance tax, but as the law provides that the amount of the heirs must exceed \$10,000, only one of the heirs, Winfield Swan, will be compelled to pay an inheritance tax. He received the home place and several other pieces of land that will run his share close to \$20,000, and he will have to pay the tax on this.

COMBUSTION OF FLASK OF ACID IS CAUSE FOR ALARM

Yesterday afternoon about 3:45 the fire alarm startled the citizens of this city, and when the news that the fire was at the High school building spread a large number rushed to the scene of the fire, but when the fire department arrived on the scene it was found that there was no real foundation for the alarm, as the cause of the excitement was the combustion of a flask of acid in the High school laboratory, with the result that a dense cloud of smoke and gas filled the rooms and gave it the appearance of being on fire. The fire department responded promptly to the alarm, many of the boys deserting their work at the shops and running to the school building in the intensely hot day.

For Hot Days.

We received from Mr. Michael Pauenik, of Jenny Lind, Ark., a letter which deserves to be published. He wrote as follows: "Please send me twelve bottles of Triner's American Elixir of Bitter Wine. It is getting quite hot here and during these hot days there is no better remedy. If your appetite is somewhat poor a few doses will usually suffice to put everything in perfect order again." This advice comes in time, because it is most important to keep, during the hot summer months, the digestive organs in good working shape. That is what Triner's American Elixir of Bitter Wine will do for you. It will regulate the work of the stomach and the bowels, will give you a healthy appetite and will prevent weakening of the body. At drug stores, Jos. Triner, 1333-1339 S. Ashland Ave., Chicago. Every family should also have Triner's Liniment at hand. Diluted with water or olive oil it is excellent in skin diseases caused by heat.

A jolly party composed of Misses Carrie Sherwood, Alberta Thomas of this city, Miss Dovie Barkhurst of Union and Miss Marie Dick of Henderson, Neb., departed this morning on the early Burlington train for Denver, where they will enjoy a short outing.
