BOOSTERS DID BETTER SUNDAY AFTERNOON

They Win From the Hoctors of South Omaha by a Score of 6 to 3.

Yesterday afternoon the Boosters got away with the base ball game with the Hoctors of South Omaha, winning by a score of 6 to 3. The field of the locals was much improved, and they got through without a bobble in the error line. Mason was doing the tossing for the locals, and his work was very effective against the boys from the stock yards, until several passes and a couple of little hits allowed them to score two runs, and for a few minutes it looked like they might get dangerous, but the last Omaha man to bat knocked a little pop-up to Mason, which retired the side.

Plattsmouth gathered in its first run in the third inning by some very strong hitting. Carle, the first man up, was walked by the gentleman who was trying to put the ball over the plate for the visitors. Ault retired by a little grounder to the pitcher, being thrown out at first. Beal then advanced to the pan and selected one that looked good and placed it in left field for two bags and Carle came home on the drive. Mann, not to be outdone, also took a shot at the slants of the pitcher and got a two-bagger into right field near the fence and scored Beal, but Mann was retired on Smith's hit to shortstop, being caught at second. Salsburg was put out on a grounder from the second baseman to first.

There was more doing in the batting line in the fourth inning for the Boosters and several took advantage of the pitcher to fatten their batting average. Gobelman, who was first up, secured a safe hit to right field, and was followed by Connor with a hit to center, Mason got a grounder to short and the ball was thrown to third, retiring Gobelman. Carle, to

make matters even, slammed the ball on the nose for two bags and brought in both Connor and Mason. Charles Ault, the mighty first sacker, then came to bat and also decided to take a few and drove a two-bagger into center field that brought Carle home, and he scored later when the Hoctor pitcher attempted to throw the ball over the grandstand.

This was the finish of our scoring, but it proved a great sufficiency and made the boys feel a little better than they did the fourth. Everyone played a good game and Louis Smith at short was there and over, taking all kinds of chances without a fumble, and his team-mates were all on their metal and the visitors found it mighty hard to get a ball through the solid infield. Mason was able to strike out nine of the visitors with ease during the game.

MOST OF THE WHEAT GROWERS COMPLETE CUTTING JUST IN TIME

Saturday saw the completion of almost all the wheat cutting in this section of the county and the farmers were just in time, as the rain and wind storm would have played havoc with the grain had it been left standing in the field, and as it is there was very little that had not been cut and shocked. The yield of wheat in this section was very heavy this year and will average from 35 to 40 bushels per acre, which is surely some wheat crop and should be an assurance of plenty of bread-stuff for the coming year. The only handicap to the farmers is going to be the shortage of help in the thrashing time, as there will be many in the same neighborhood, all wanting to thresh, and not sufficient men to handle the grain. During the harvesting season the wages of farm hands has gone up until they almost equal that of skilled labor, and in many instances the men could command their own price.

ANOTHER VETERAN ANSWERS LAST CALL

Israel F. Bates, a Pioneer Citizen and Soldier of the Civil War, Passes Away Sunday.

Another old pioneer citizen and soldier of the civil war was summoned to his final reward at 3:40 Sunday morning, when Israel F. Bates passed away at his home in the north part of the city. Mr. Bates was stricken with apoplexy at his home early Saturday morning, and his condition gradually grew worse and he passed away as the result of a hemorrhage of the brain.

Mr. Bates was a native of the state of New York and was about 81 years of age. He came to Nebraska while a boy, and at the outbreak of the conflict in 1861 responded to the call of President Lincoln for volunteers and enlisted in Company A of the First Nebraska, being then 26 years of age, and re-enlisted in 1864, serving until the regiment was mustered out of the service. He was promoted to the rank of corporal for his efficient service in the field, and possessed the highest esteem of all of the officers of his regiment. After the war Mr. Bates returned to Nebraska and engaged in farming for several years and later removed to town, where he had resided for the last few years. He leaves a wife and two sons and two daughters to mourn his death, as follows:

Charles, Bates, Norfolk; Mrs. Emma Cole, Norfolk; Mrs. Martha Blue, Spencer, Neb., and John Bates of this city.

Of the 100 men who joined the company from this city in the First Nebraska, the death of Mr. Bates leaves only two, J. W. Johnson and Ben Decker, the others having been summoned to the Great Beyond.

The funeral will be held from the late home tomorrow afternoon and will be under the auspices of the Masonic order, of which the deceased was a member. To the sorrowing relatives the deepest sympathy of the entire community goes out in this their hour of bitterest grief at the loss of the kind husband and father, and those who have known Mr. Bates during his long residence here will sadly miss him from their circle.

The arrival of the new son at the Sinnott home will be the occasion of congratulations from the many friends of the family throughout the city.

MISSOURI PACIFIC HAS WRECK ABOVE LAFLETTE

The train service over the Missouri Pacific was completely suspended yesterday between this city and Omaha as the result of a derailment of a freight train between La Platte and Fort Crook. The train had been pulling a car that was out of commission for about a mile and when the train neared Fort Crook it toppled over into the ditch, taking ten other cars with it. The line was blocked all day and occasioned a great deal of inconvenience to visitors here from Omaha who desired to return home on the afternoon train. A stub was run from this city to Union in the afternoon to make connections with the regular train, which was sent around by way of Weeping Water and Louisville, but most of the travelers here waited to go over the Burlington last evening at 9:45 or this morning on No. 15.

The train that was derailed was running at a very low speed when the derailment occurred and the train crew was not injured, which is very fortunate, as if it had been going at a high rate of speed it is almost certain most of them would have been seriously injured. The contents of the cars, mostly oil, lumber, syrup and the like, were scattered over the country near the scene of the wreck in great shape. The company was able to put their trains through this morning all right, the track having been cleared up.

THE ASSESSMENT OF CASS CO. PROPERTY

The returns of the assessors for the different precincts of Cass county, as filed in the office of County Assessor W. R. Bryan, shows that during the past year the assessed valuation of the county has increased materially and shows the prosperous conditions that exist throughout the county. The total assessed valuation of the county is \$8,430,797, an increase over 1912 of \$555,123. The total valuation of the city, as returned by the assessors, is \$485,444, an increase over last year of \$7,945. The various returns on the live stock owned by the residents of the county is as follows: Horses, 11,467, valued at \$209,025; cattle of all descriptions, 17,854, valued at \$114,998; mules owned in the county number 1,437, at a value of \$31,937. The number of hogs show that 23,536 are returned to the assessors, with a value placed on them of \$58,190. The horses average a price each of \$91.15, and the mules show an average value of \$109.55. The cattle average \$32.20 each, all of which speaks well for the character of the live stock of Cass county. There are some 438 automobiles owned in the county, which will average \$510 each. There is only one typesetting machine owned in the county, being the Linotype owned by the publisher of the Journal in this city.

Surprising Cure of Stomach Trouble.

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stengle, Plainfield, N. J., writes, "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For sale by all dealers.

Bears the Signature of *Dr. J. C. Fricke*

This year we have a bigger and better stock of

HANSEN'S GLOVES FOR FARM USE

"Built Like a Hand"

than ever before. And surely working gloves as good as these have never been made outside of the Hansen factories.

They fit perfectly and wear like iron because they are made from honest leather, especially tanned by the exclusive Hansen process.

They are exceptionally soft and pliable and though reinforced at every point of strain, they have no seams in palm or grip to pinch and bind the hand.

We'd like to show you these gloves—especially if you are tired of buying the ordinary, ill-fitting kind which go to pieces after a few weeks of hard service.

We carry all of the other Hansen styles too—for Drivers, Linemen, Woodmen and Railroad workers.
