THE BOOSTERS LOSE ANOTHER

This Game to the Shamrocks of South Omaha by Score of 5 to 4—Very Good Game.

In an exciting and war-like game the Shamrocks defeated the Boosters by a score of 5 to 4. There were several altercations during the game between the players and the umpire, as well as between the members of the opposing teams and for a time it seemed the contest would be as scrappy as the recent game between Omaha and Denver, in which a general mix-up was indulged in. Such exhibitions are not calculated to increase the attendance and detracted yesterday from a very good game of ball, although the victory of the Shamrocks was due largely to errors on the part of the locals.

The visitors started scoring in the opening stanza, when Mayfield, a former Mink league star, and noted for his crabbing, led off with a single to left, took second on Carle's wild throw and scored in the same way. Again in the second the beef trust gang rung up a run. Sullivan was beamed in the side by Connor, took second on a passed ball by Carle, stole third, and came home when Ryan knocked a fly to left field.

The Boosters secured their first run in the fifth inning, when Connor connected with one of Fletcher's slants and secured a single, but was forced at second by Mason's hit. Mason stole second and was sacrificed to third by Carle and scored on an error by Ryan at first. The eighth was the big inning for the Boosters, as Beal, the first man up, secured first on an error, and successive singles by Smith, Salsburg and

Gobelman netted three runs. Mann was the victim of the umpire's misjudgment, when he was denied a base on balls and had been given his base it would have given the victory to the local team.

The visitors secured a run in the sixth on Yost's double and Ault's fielders' choice, and won the contest in the tenth inning, when Clark singled to center and advanced to third on Sullivan's hit, scoring when Smith failed to get Ryan's fly ball.

The fielding of Mayfield for the visitors and Beal for the locals were the features of the game, both taking all kinds of chances and getting away with them.

The abuse of players by the audience is something they should be more careful of in the future, as simply because a team is visiting here is no reason why they should be insulted. A good-natured roast is all right, but the applying of names to the players is something altogether different and should not be allowed. The line-up of the teams was as follows:

Shamrocks.	Boosters.
Fletcher... Pitcher	Connor
Yost... Catcher	Carle
Ryan... First	Ault
Mayfield... Second	Salsburg
W. Collins... Third	Gobelman
M. Collins... Short	Smith
Graves... Left	Mason
Sullivan... Center	Beal
Clark... Right	Mann

DEPART ON A TEN DAYS' VACATION NEAR MEADOW

That the residents around Meadow, in Sarpy county, will have a very lively time this week is a foregone conclusion, as on Saturday afternoon Albert Rheinbuckle, Gus Swanson, Joe McCarthy, Clifford Forbes and Wes Bookmeyer left for that place to spend a week fishing and in a general good time. The party will be joined by Will Mason and Gid Archer later, and the boys

expect to have one of the times of their lives. Knowing the crowd, no one can doubt that the event will be one of the best this jolly bunch has taken part in. The party took all kinds of camp equipment with them and propose to live on the fat of the land during their stay at the fishing grounds.

CROPS THROUGH KANSAS ARE IN VERY BAD SHAPE

Yesterday A. S. Will returned from a trip to Hennessy, Okla., where he was looking after the wheat harvest at one of his farms in that state. Mr. Will made a close study of the crops as he passed through the country and says that the conditions are good throughout Oklahoma and a heavy crop of wheat and corn would be secured in that state. While traveling through Kansas Mr. Will states the crops were in very bad shape and that everything is suffering from the lack of rain and the wheat will be very light and that both corn and alfalfa are about burned out and that wheat fields are as dry as powder, the grain being dried up completely. From Auburn, Neb., north the crops are in fine shape and the best looking corn he saw on his trip was in this section of the country. The hot winds of yesterday that we experienced are a taste of what the Kansas farmers have been receiving and their corn crop has also suffered greatly from cinch bugs, which have gotten into the fields and destroyed the life of the stalks.

WHEAT THRESHING BOOMING IN ALL PARTS OF THE COUNTY

The big Case threshing outfit just purchased by R. L. Propst of Mynard was started to work this morning on the farm of Roy Howard, two miles west of Mynard, and the wheat so far threshed has proved of very fine quality and will weight 62 to 63 pounds to the bushel and will run about thirty bushels to the acre, which is some wheat, and the crop generally throughout this section will run all the way from twenty to thirty-five bushels. Mr. Propst also started his big threshing outfit in Douglas county this morning, it being in charge of Roy Maltine. Both of these outfits are of the Case make and have proven to be the best machines used by Mr. Propst in his farming experience.

THE AUTOMOBILE ACCIDENT NEAR WALTHILL LAST WEEK

The terrible automobile accident near Walthill, Neb., last week, in which the family of William Benshoff of Lake Park, Iowa, consisting of his wife and two daughters, were killed, will have particular interest here, as Mr. and Mrs. Benshoff were the parents of Mrs. Hugo Asemissen of Lyons, Neb., to which place the party were bound when struck on the railroad crossing by the

train, which resulted in the death of all but the father. While in Walthill Mr. Benshoff called up Mrs. Asemissen at Lyons and informed her that they would soon be there and to wait supper for them, and the car was started on the trip that will never be finished. Mr. and Mrs. Asemissen formerly resided in this city, and their many friends will learn with the deepest grief of their terrible affliction.

TO INSTALL ICE CREAM CONE MACHINE IN OKLAHOMA CITY

Yesterday morning Lee C. Sharp departed on the 12:41 Missouri Pacific for Oklahoma City, Oklahoma, where he will look after the installing of one of his ice cream cone manufacturing machines. This has proven the best machine of its kind on the market and Mr. Sharp has already received inquiries from Australia in regard to the machine, and expects shortly to ship one to Sydney, New South Wales, for the manufacture of these rapidly increasing dainties. The machines are manufactured by Mr. Sharp at his plant in Omaha, and several of the machines are in use in that city, and wherever they have been tried they have proven a big success. Mr. Sharpe experimented for four years with all types of machines and developed what is known as the Flat Bed machine, a semi-automatic machine capable of baking 100 cones at a time. Experts have declared it to be the most ingenious machine ever devised for baking both inside and outside simultaneously a conical shaped pastry cup; heretofore cones have been made largely of a wafer variety, containing no sugar, for the reason that the sugar would cause the cones to stick in the mould. The Sharpe machine has overcome this difficulty and cones can be made with any sugar content and of a seamless variety which do not leak.

PLATTSMOUTH TEAM DEFEATS THE MURRAY BALL PLAYERS

Yesterday the second base ball team of this city was successful in defeating the Murray base ball team at the latter place by a score of 10 to 4 in a seven-inning game, and the boys from this city put up a very fast game, getting twelve hits off the Murray pitcher, while Hula for the locals only allowed five hits. The features of the game were the pitching of Hula and the batting of the Plattsmouth boys, Halie Perry of the locals securing a home run to left field which brought in two scores. There was considerable dissatisfaction over the settlement of the expenses, as Murray insisted on the boys playing out the nine innings, which they were unable to do, as many of them had to return on the 5 o'clock train, and as the Murray boys refused to pay for anything but their dinner, it was necessary for them to dig up their railroad fare.

SPEND THE DAY IN THE COOLING EMBRACES OF FOUR-MILE CREEK

Yesterday morning a number of the young people of the city decided to protect themselves from the extreme heat by spending the day in the cool of the woods and riverside, and accordingly about 9:30 the party departed for the Four Mile creek, along the banks of which the day was most delightfully spent in picnicking and a general good time, such as only young folks can enjoy on an occasion of this kind. The day was spent in boating, fishing and games of various kinds, as well as the discussion of the very tempting and appetizing lunch which had been brought with them by the company. About 5:30 the gathering broke up with much regret, as the day had been one of the most delightful in which the young people had taken part for some time, and one that will be long remembered for its delightful features. Those comprising the picnic party were: Misses Agnes Janda, Alba Jirousek, Matilda Donat, Pauline Palacek, Edith Toman, Rose Jirousek, Emil Koubek, Henry Brinkman and E. Koukal.

Beginning Tomorrow

—and every day till the close of our Harvest Sale we will offer EXTRA SPECIALS. Keep your eye peeled.

Always the Home of Satisfaction

New Daughter Arrives.

The home of Mr. and Mrs. William Simmons was made happy Saturday evening over the arrival of a new daughter, who will make her future home with them until some lucky young man steals her away. The parents were greatly delighted over the new addition to the family, as was also Grandpa and Grandma Hunter, who think the new lady is just about the cutest little girl in the world.

STEVEN BECKNER PASSES AWAY FROM EFFECTS OF APPENDICITIS IN OMAHA

Saturday evening about 9 o'clock, in Omaha, occurred the death of Stephen Beckner, one of the leading farmers of near Murray. Mr. Beckner was operated on about a month ago for appendicitis at one of the hospitals in Omaha and was thought to be getting along nicely and returned to his home about two weeks ago, but his condition did not improve and he was sent to Immanuel hospital in Omaha for treatment, but did not seem to rally and he gradually grew worse until his death occurred. A more extended biographical sketch of the departed citizen will appear later in these columns.

Mr. Beckner leaves his wife and a little babe four weeks' old to mourn his untimely death, and to the sorrowing wife and the little one the deepest sympathy of the entire community goes out in their hour of grief. The body will be taken to Murray tomorrow morning on the 8:45 Missouri Pacific and the funeral held in that place at 10 o'clock.

Homeward Bound.

Hon. W. B. Banning, William Wolfe and D. R. Frans of Union passed through the city yesterday morning en route home from Duluth, Minnesota, where they

have been spending a short time. Mr. Banning was in attendance at the convention of the Coal Dealers' association, of which he is the president, while the other gentlemen were enjoying a short pleasure trip.

Dance a Big Success.

The dance Saturday night at the German Home was attended by a very large crowd and a most pleasant time enjoyed by the dancers, as the evening was nice and cool and the hours passed very swiftly in tripping the measures of the dance to the music furnished by the Holly orchestra, which was very pleasing to the dancers who thronged the dance hall.

TRUTHFUL REPORTS

Plattsmouth Reads Them With Uncommon Interest.

A Plattsmouth citizen tells his experience in the following statement. No better evidence than this can be had. The truthful reports of friends and neighbors is the best proof in the world. Read and be convinced.

Jonathan Hatt, general storekeeper, 414 Main St., Plattsmouth, Neb., says: "I consider Doan's Kidney Pills a very effective remedy for backache and other kidney troubles. They have proven their value to me. Other members of my family have also tried this preparation, getting our supply at Gering & Co.'s Drug Store. They think just as much of it as I do."

Mr. Hatt is only one of many Plattsmouth people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask directly for Doan's Kidney Pills, the same that Mr. Hatt had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."
