MUSICAL RECITAL AT HOME MR. AND MRS. H. S. AUSTIN

From Saturday's Daily.
Last evening at the home of Prof. and Mrs. H. S. Austin a recital was given by some four of the pupils in voice culture of Mr. Austin, and their rendition of the different numbers was most pleasing to the large crowd of relatives and intimate friends who were present to enjoy the event. Miss Grace McBride of Omaha assisted on the program with several violin solos, being accompanied on the piano by Miss Emma Cummins, and the selections of these two talented young ladies were given in their usual finished manner and greatly pleased the auditors. Miss Dorothy Britt, who is one of the city's most accomplished pianists, played the accompaniment for the vocal numbers, as well as gave a solo number which was composed by Prof. Frysinger of the University School of Music and the handling of the difficult selections demonstrated Miss Britt's great musical talent. The pupils taking part in the recital were: Misses Pheme Richardson of Mynard, Miss Barbara Clement, Carl Schmidtmann and Miss Gretchen Donnelly, and each of them displayed great talent in the manner in which they rendered the different selections, and the voices showed the careful training they had received at the hands of Mr. Austin. The numbers of Mr. Schmidtmann on the program were a great surprise to his relatives, as it was not known he was taking lessons, and his rendition of the selections was most pleasing to all those fortunate enough to attend the recital.

Suit for Divorce Filed.

From Friday's Daily.
A suit for divorce was filed this morning in the office of Clerk of the District Court Robertson by Mrs. Rhoda J. Smith, in which she asks the law to release her from her marriage ties with Donald Smith. The plaintiff states in her petition that they were married in Plattsmouth on July 24, 1914, and that some two weeks after the wedding Donald returned home in a drunken condition, and he had stated to her before marriage that he was a strictly temperate man. Shortly after this he began drinking heavily and wasted his pension money in this manner and later deserted her and has failed to provide for her as he should.

MORE OF ELLIOTT-MACIOSEK WEDDING IN THIS CITY

The following from the World-Herald of this morning relates to the marriage of Clyde Elliott, an Omaha young man, in this city a few days ago:

Clyde E. Elliott of the Omaha Bee advertising department, a prominent member of the University club, and of the University of Nebraska Alumni association, was married at Plattsmouth Tuesday to Miss Marie F. Maciosek, a Kansas City show girl.

Mr. Elliott met Miss Maciosek when she was appearing in "The Ham Tree" with McIntyre & Heath in 1907. He accompanied the state university foot ball team to St. Louis, where "The Ham Tree" was playing. Later he met Miss Maciosek in New York City, when he played in the winter garden shows, and in Kansas City.

Mrs. Elliott is a graduate of the Kansas City high school and of the Illinois Woman's college at Jacksonville.

DEATH OF SAMUEL

STOTLER, A FORMER CASS COUNTY CITIZEN

From Saturday's Daily.
The report reached here on Wednesday of last week that Samuel Stotler had died from the effects of sunstroke while working in a field near Spencer, Iowa, but at that time, The Ledger reporter could find none of the relatives or other persons who could give any definite information regarding the matter; therefore our report of it had to be held over until this issue. His death occurred at 5 o'clock the evening of Tuesday, July 15, following a sunstroke at about 2 o'clock that afternoon. He was working in the field at that time, loading hay, and at the moment of the attack he fell off the hay rack to the ground and was unconscious when picked up, remaining in that condition until death. His relatives were notified, and his brother, Carey Stotler, went to Spencer and attended the funeral, which was held at that place Thursday, July 17.

Samuel L. Stotler was a son of Mr. and Mrs. William Stotler, who reside two miles east of this village, the family having been residents of this vicinity for many years. Samuel was born March 15, 1861, on what is known as the Freeman place, a few miles east of here. He grew to manhood in this part of the county, remaining here most of the time until recent years, having located in Iowa a few years ago. He was very well known in this part of the county, and there are many friends of the family who extend sincere sympathy to the aged parents who mourn the death of their son.—Union Ledger.

GOOD LOOKING SCHOOL MARMES IN EVIDENCE AT COURT HOUSE

From Saturday's Daily.
There was quite a number of young and handsome school teachers assembled at the office of County Superintendent Mary E. Foster yesterday to take their examinations in order to secure the permission to go out and teach the young and growing citizens of America. Among those here were: Misses Irma Kopp, Louisville; Etta Schwartz, Nehawka; Judith Straub, Avoca; Ola Heebner, Nehawka; Franchon Goodfellow, Ashland; Daisy Parks, Ashland; Gretchen Boeck, South Omaha, and Messrs. Orson Sharp, Eagle; Frank Waugh, Elgwood.

Admitted Rates Were Too High.

From Saturday's Daily.
E. M. Pollard, representing the Southeastern Nebraska Fruit association, attended a conference of general freight agents in Omaha Wednesday, where the matter of rates on apples in this state was thoroughly discussed. The railroad men admitted their rates were too high, and promised to submit a new tariff to conform with the demands. Mr. Pollard says he found them very fair and inclined to grant the relief asked.—Nehawka News.

Big Wheat Crop.

From Friday's Daily.
The big wheat crop in and around Murray is rapidly being taken care of, and already the Farmers' Elevator Co. have contracted for nearly 50,000 bushels, about 17,000 of which has already been delivered. Figuring the other Murray elevator receiving as much, the crop here will run considerably over 100,000 bushels that will be marketed within the next few weeks.

From Eagle.

From Thursday's Daily.
M. H. Spahnle and William Oelschlager of Eagle were in the city a few hours yesterday looking after some business matters and visiting county seat friends. They came down in Mr. Oelschlager's auto. They are both mighty fine gentlemen and are among the Journal's large family of readers. While here we were favored with a pleasant call from them.

Has Painful Accident.

From Friday's Daily.
Yesterday after the burning of the county poor farm building, Mrs. C. H. Tams, wife of the superintendent, met with quite a painful accident. She was going down a small series of steps leading into one of the small buildings, and as they were not fastened firm, as soon as she stepped on the upper step the whole thing turned over with her and fell, pinning her to the ground and bruising one of her lower limbs quite painfully. The accident is not serious, but is quite painful.

WILL TRY TO PLEASE ALL THE CITIZENS IF POSSIBLE

From Saturday's Daily.
The matter of locating the holding of the band concerts has been causing some controversy among the residents of the city, many contending that they should be held at either the park or on Main street, while others are amply satisfied with the High school grounds, and the committee has been at considerable trouble and labor to get them started, and have decided, in order to satisfy the residents of the different sections of the city, to hold the concerts in the future, alternately in the High school grounds and Garfield park, and may, if satisfactory arrangements can be made, hold one or two on Main street, although the noise on the street interferes to a large extent with the playing of the band and makes it impossible for them to produce the music they could in either of the other locations. The committee has worked hard on the matter of getting up the concerts and have been the object of much trouble from the different parties, who have felt that they were not treated right in the matter of locating the concerts, and have carried out the expression of a large majority of the citizens as expressed at the Commercial club meeting, where the matter was brought up for discussion, and they are making the change in the hope of satisfying all who so generously contributed to the fund for the concerts.

SYMPTOMS OF BLOOD POISONING START ON HAND

From Saturday's Daily.
Yesterday afternoon Jesse Godwin drove up from the home of his father, near Murray, to consult a physician in regard to an abscess which has been forming on his hand since Monday, and which had become very painful. It seems that the abscess has affected the arm and symptoms of blood poisoning had developed in the member. The abscess was lanced by the physician and the poisonous matter removed and the wound dressed and this morning it was feeling slightly better, although the pain was quite intense and Jesse was unable to rest very much during the night.

CHATTEL MORTGAGES ISSUED AND SATISFIED DURING YEAR

From Saturday's Daily.
County Clerk D. C. Morgan has compiled the record of the chattel mortgages issued and satisfied during the past year. The figures are as follows:
Mortgages filed, 506; amount, \$299,958.05.
Mortgages satisfied, 254; amount, \$133,209.27.

This record shows that quite a large sum of money was handled through the medium of these instruments during the year just closed. The figures were prepared at the request of the state labor commissioner for use of his department in their work.

Building Is Painted.

From Saturday's Daily.
The building occupied by Charles Martin as a barber shop has just received a new coat of paint which adds greatly to the appearance of the building, as well as adds to the general appearance of this section of Main street. The interior of the building has also received the attention of Frank Gobelman, the decorator, and his force of workmen, and as a result the building looks much better and makes a very neat appearance.

FLOYD M'DANIEL THE VICTIM OF A VERY PAINFUL ACCIDENT

From Saturday's Daily.
This morning Floyd McDaniel was a victim of a very painful and dangerous accident while engaged in motoring out to his father's farm, southwest of this city. Floyd, in company with John Miller, was driving out in the automobile, and carried with them two bottles of milk, which were corked with wooden plugs, and one of them becoming loose Floyd attempted to drive it back into the bottle, with the result that the bottle broke and Floyd received a very severe gash in the palm of his hand that required seven stitches to close. The wound is a very painful one and it is very fortunate for the young man that he was not injured more severely.

Announce Daughter's Wedding.

From Saturday's Daily.
Cards have been sent out to the friends of the family by Mr. and Mrs. Herman Spies announcing the approaching marriage of their daughter, Miss Helen Margaret, to Mr. Wilson Walter Moore, which will occur Saturday morning, August 9, at 8 o'clock, at St. John's Roman Catholic church. The young people will be at home in this city after September 1, to their friends.

CHARLES C. WESCOTT MEETS DEATH IN CROSSING TRACK

Charles C. Wescott, 24 years of age, son of F. B. Wescott, a carpenter of Dunbar, was instantly killed Monday night when a Missouri Pacific train bound from Omaha to Auburn, struck a motorcycle on which he was riding, between Berlin and Dunbar. The accident occurred at the railroad crossing just south of Berlin.

Young Wescott had been working at his trade, that of a carpenter, in Berlin since the disastrous cyclone in March, riding to and fro on his motorcycle. How the accident of Monday night occurred is not definitely known, but it is believed he ran onto the railroad track before he saw the train. High weeds and cornfields obstructed his view. His body was thrown about one hundred feet by the swiftly-moving train, his head was crushed and mutilated. Death must have been almost instantaneous.—Nebraska City Press.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; unless cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
