## THE BAND CONCERT A BIG SUCCESS, LARGE ATTENDANCE

From Friday's Daily.  
Another most delightful concert was given by the Burlington band last evening at Garfield park, which was attended by a large crowd, which in numbers was perhaps not as large as those at the previous ones, but the program given was from all standpoints the best that the band has given and was very pleasing to the audience. The overture, "Scherza," one of the favorites of last season, was given, and its sweet and pleasing strains had not lost any of their beauty, as was evidenced by the applause of the auditors, who were also very enthusiastic over the Porto Rican dance, "Bostin," and the waltz, "Wendie Blud," by Strauss, and this beautiful music was much appreciated by everyone at the park. The ball, "The Mill in the Forest," was put on in a very realistic manner by the band and was even better than in the past when this classic has been given for the benefit of the public. As an offering to the lovers of the popular music, the number, "That's How I Need You," was given and it was very pleasing to almost everyone. The one noticeable feature about the concert last evening was the large number of automobiles from the nearby towns and country that were present at the concert, and as they came down the hill from the park for several blocks the street was completely lined by the machines.

### Good Reason for Enthusiasm.

When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is threatened with cholera and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all dealers.

Thomson, Dentist, Gund Bldg.

## MISS CLAIRE BOOKMYER IS GETTING ALONG NICELY

From Friday's Daily.  
Miss Clara Bookmyer, who was operated on at the Immanuel hospital in Omaha Tuesday morning, is reported as getting along as well as could be expected under the circumstances, as her case was a very serious one and she is in a very serious condition. The patient was troubled with appendicitis, as well as a number of complications, which made the case a severe one, and all efforts possible are being made to aid her in recovering. That Miss Bookmyer may be able to recover from the effects of her illness is the sincere wish of her host of friends.

## MRS. T. P. LIVINGSTON ENTERTAINED FRIENDS FRIDAY AFTERNOON

From Friday's Daily.  
Yesterday afternoon Mrs. T. P. Livingston entertained in a most charming manner at her beautiful home on North Sixth street the "Would-be-Goods" at a 1 o'clock luncheon in honor of one of the former members of the club, Mrs. Susan Pickett, of Evansville, Indiana. The dining room was most beautifully appointed with its handsomely appointed table and the occasion will be one long remembered by the ladies for its pleasant features. The luncheon was served in four courses and was most thoroughly enjoyed by all present. The guests present were the members of the club, as follows: Mesdames C. C. Parmele, A. E. Gass, W. J. Straight, Henry Herold, George E. Dovey, Susan Pickett, Miss Mia Gering and Mrs. Charles Valley of St. Joseph, Missouri.

### Beautiful Shetland Ponies

for sale at all times, for the next 100 years, unless I die in the meantime. I have now an extra fine stallion, the best in the state, for sale. Well broke for both harness and saddle.

Wm. Gilmour, Plattsmouth, Neb.  
R. F. D. No. 1.

## LOUISVILLE BOUND TO HAVE PLENTY OF GOOD LIGHT

That our neighboring city of Louisville is about to be well provided with an opportunity to secure plenty of light, as the city granted two franchises for light companies to operate in that place, including the Nebraska Lighting company, which owns the lighting plant in this city. It has been rumored in this city several times that an extension of the service was planned to Louisville from this city on the completion of the new plant here. The World-Herald has the following to say in regard to the matter:

Louisville is to have plenty of light in the near future. The council has just granted a fifty-year franchise to two light companies. One is the Lincoln-Omaha Interurban Street-Railway company and the other is the Continental Gas and Electric company of Cleveland, W. H. Abbott of Cleveland representing his company before the council.

The promoters of the two companies state that work of installing plants will begin very soon. The drawing card for the lighting companies are the many big stone quarries and sand pits that are located adjoining Louisville. With the advent of the lighting facilities the quarries and sand pits will be enabled to run night forces, which has been impossible except to a limited degree in the past. It is said that there are more sand pits and quarries at Louisville than at any other point in the United States, thousands of cars of stone and sand being shipped each year. With the help of electricity, that being the light to be installed, the output will be materially increased, it is claimed.

The granting of two separate franchises is pleasing to the quarry operators as well as the citizens of Louisville, as there will be competition.

The obtaining of a franchise by the Lincoln-Omaha Interurban Street Railway company gives rise to the report that this company is to run its line through Louisville on its direct line from Lincoln to Omaha.

## MR. AND MRS. WEYBRIGHT CELEBRATE THEIR 47TH WEDDING ANNIVERSARY

Saturday, August 16, marked the forty-seventh anniversary of the marriage of Mr. and Mrs. Morgan Weybright, of Los Angeles, California, parents of Mrs. Judge A. J. Beeson. Mr. and Mrs. Weybright have just returned from an extended visit at various points in Virginia and are now visiting at the home of their daughter in this city, before returning to their home in California. In honor of this happy event a number of friends were informally entertained at the pleasant home of the Beesons on North Fifth street Saturday evening, and this occasion proved most delightful. The parlors of the Beeson home had been very prettily decorated with asters and ferns and during the evening delicious punch was served in the dining room by the little Misses Elizabeth, Grace and Virginia Beeson. Forty guests were received and a most enjoyable evening was had in music, interspersed with other diversions, which made the affair one which would not be soon forgotten by the guests of honor and invited guests. The pleasures of the evening were further augmented when a delectable luncheon, consisting of cake and ice cream, was served. The invited guests wish Mr. and Mrs. Weybright many more such happy wedding anniversaries.

Minister Praises This Laxative.  
Rev. H. Stubbenvoll of Allison, Ia., in praising Dr. King's New Life Pills for constipation, writes: "Dr. King's New Life Pills are such perfect pills no home should be without them." No better regulator for the liver and bowels. Every pill guaranteed. Try them. Price 25c, at F. G. Fricke & Co.

Good Surrey for Sale Cheap.  
A light two-seated surry, nearly new, will sell. Call on me at Mynard. W. B. Porter.

### Distinguished Visitors in Town.

Quite a number of the prominent residents of Nebraska City motored to this city this morning over the Kansas City-Omaha Scenic route and took the time to stop here for a few minutes to visit with their friends. One party was under the charge of our friends, John Mattes, Jr., and Gus Young, and made the stop in this city for breakfast before continuing on to the metropolis. The second delegation from our neighboring city were Senator Henry Bartling and his brother-in-law, W. A. Ehrler and wife, Mr. and Mrs. Joe Ebeling and wife, of St. Louis, and Mr. and Mrs. George Oelgen of Nebraska City. While here the senator was a pleasant caller at the Journal office for a visit with the force, and his visit was much appreciated, as the senator is one of the most genial men in this part of the state.

## BOOSTERS TALLY ANOTHER GAME ON THEIR SIDE

The Boosters yesterday added another to their list of victories for the season by annexing a game from the All-Stars of Omaha by the overwhelming score of 11 to 2, and the visitors, from the game they played, were far from what their name implied. The contest in the opening innings was decidedly a pitchers' battle between William Mason and "Lefty" Carter, who did the tossing for the visitors, but in the sixth inning the All-Stars infield were very much rattled and went up in the air in the most horrible manner, allowing eight runs to be made off of them and cinching the game for the locals, who all played gilt-edge ball, only one error being credited to them, while nine were registered against the visitors.

The largest factor that contributed to the downfall of the All-Stars was Will Mason, who was in good form and pitched nine innings of gilt-edged ball, and twelve of the visitors were struck out by him. There were only three hits made off his delivery during the course of the whole game. The boys were all out with their batting eye and the punishment given Mr. Carter was something awful.

The victory of the Boosters yesterday certainly pleased the fans who had gathered at the ball park to witness the game, and demonstrated what the team can do when they play the class of base ball they are capable of.

## MR. AND MRS. J. C. PETERSON RETURN FROM THEIR WESTERN TRIP

Mr. and Mrs. J. C. Peterson, who have been visiting for a few weeks at Sterling, Colorado, with their daughter, Mrs. Edmund Spies, as well as attending the Knights Templar convocate at Denver, returned last evening on No. 2, feeling that they had had a most delightful time on their outing. Mr. Peterson brought back with him some specimens of the crops grown in the vicinity of Sterling that certainly speaks well for that country. The oats that he brought back have large heads and are of exceptionally good quality, as is also the wheat; the specimens of alfalfa are remarkably fine and the farmers in that country have had several cuttings of this crop, which insures them plenty of hay and feed for their stock during the coming season.

### Suffered Eczema Fifty Years— Now Well.

Seems a long time to endure the awful burning, itching, smarting, skin-disease known as "tetter"—another name for Eczema. Seems good to realize, also, that DR. HOBSON'S ECZEMA OINTMENT has proven a perfect cure. Mrs. D. L. Kennedy writes: "I cannot sufficiently express my thanks to you for your Dr. Hobson's Eczema Ointment. It has cured my tetter, which has troubled me for over fifty years." All druggists, or by mail, 50c. PFEIFFER CHEMICAL CO., St. Louis, Mo. Philadelphia, Pa.

If you need anything for harvest call on Ed. Donat. He will treat you right.

## JOHN CLARENCE DIS- CHARGED FROM THE NEBRASKA PENITENTIARY

From Friday's Daily.  
John C. Clarence has paid the penalty prescribed by the court of the state of Nebraska, and was released from the prison yesterday, his "good time" allowance bringing his term to an end. John has planned to attend the reunion today and tomorrow, and after visiting here for awhile with parents and other relatives he will find a suitable location and endeavor to forget the "past troubles." Our readers remember that in January, 1909, John C. Clarence and John P. Thacker, both then living near here, engaged in a fight in which Clarence fired the shots that resulted in Thacker's death a few days later. For this the law demanded that Clarence forfeit his liberty, and he has paid the debt the state said he owed.—Union Ledger.

## CONDITION OF JUDGE TRAVIS CONTINUES MOST FAVORABLE

From Friday's Daily.  
The reports from Judge Travis at the hospital in Omaha continue most favorable and the attending physicians are most hopeful for his recovery and believe that in a few weeks he will be able to be around in a much improved condition, although it will be some time before he is entirely recovered from his illness. This is most cheering news to the many friends of the judge and leads them to hope that in a few weeks he will be with us again.

## STENNER BROTHERS HAVE NARROW ESCAPE WITH MOTORCYCLE

A very narrow escape from what might have resulted in a fatal motorcycle accident occurred Saturday evening about a mile and a half this side of Union, when the motorcycle ridden by Ernest and Leon Stenner ran into a ditch and the riders were thrown from their machines. It was dark when the boys left this city to make the run to Union, and as they were passing along the road the automobile of Joe Wiles was returning to this city from the picnic at Union, and the bright light from the auto dazzled the eyes of the boys, and as the machines turned out to pass each other the motorcycle ran off the edge of a culvert in the road and fell into the ditch, throwing both of the boys off. Ernest was knocked unconscious and was severely bruised around the shoulders, while Leon received several gashes and cuts around the body. The boys were taken to Union by Mr. Wiles, and Ernest brought back to consciousness, and their wounds patched up and they and the disabled machine brought on to this city to their home by Mr. Wiles. The boys are getting along nicely, and Ernest was around on the street this morning, but still feels very sore from his experience. It is very fortunate that the accident did not result in one of them being killed in the fall.

### The Journal's New Press.

The Plattsmouth Journal has installed a new Goss perfecting press, the finest and most expensive press in any country print shop in the west. Bob Bates, owner and publisher of the Journal, is a hum dinger when it comes to business. He has the only paper and print shop in Platts, a city of 3,500, and he does not skim the dear people because he has a monopoly of the business. That's what I call a square deal from hell to Haw river.—Lincoln Herald.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors prescribed a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

## Ten Special Points of Excellence Found Upon Racine Sattley's New Stawana Gang Plow

The Plow with the "AUTOMOBILE STEERING GEAR"

Please Note All Are Exclusive Features Not Found on Any Other Plow Made.

**First—Steering Gear.**  
Automatic style direct and position, no springs—allows the plow to turn at right angles, either to the right or left, prevents sliding of the front land wheel and takes all strain from same when turning. Every time the front furrow wheel turns either way the front land wheel is forced to turn in exact unison.  
**Second—Hitch.**  
Two horses on EACH SIDE of the pole, regular farm wagon eveners, no patent equalizers needed. Center of draft lies exactly between the two teams, permitting them to walk as straight and, naturally as though they were hitched to your old farm wagon.

**Third—Land Wheel.**  
Front land wheel is set directly opposite the front furrow wheel, the arm holding same being at the extreme front corner of the frame. The land wheel is set at an angle or inclined in at the bottom, same as the furrow wheel.

**Fourth—Side Draft.**  
This construction "Hitch and Land Wheel" secures a greater leverage in controlling the course of the plow and does away with ALL SIDE DRAFT.

**Fifth—Control.**  
The tongue controls all three wheels by placing the land wheel at the extreme front of the frame, enables us to connect it direct to the tongue post.

**Sixth—Single Bail.**  
Beams and bottoms being hung in frame on one bail gives this plow a flexible floating bottom

and insures at all times every pound of weight, including the drivers, being carried on the wheels. This gives us our light draft and allows the wheels to pass over rough ground without in the least affecting the depth of the furrow.

**Seventh—Furrow Wheel Control.**  
Automatic steering rod—no side thrust on tongue; adjustable rear furrow wheel not affected by horse motion.

**Eighth—Foot Lift.**  
Extremely high—double bearing—adjustable to small boy or large man—conveniently located and when bottoms are raised no levers are in the way and it comes just right to be used as a step for the operator to reach the seat.

**Ninth—Main Frame.**  
One piece—no joints—extra heavy stock—will not spring.

**Tenth—Shares.**  
Made of "Sattley Special" soft center steel, absolutely guaranteed against breakage and warranted to secure in any soil.

The New Sattley Stawana Gang Plow is no experiment. We have built it for three years with this plow as now perfected. The Racine Sattley company this year made a killing and with it cleaned up the plow trade of Kansas, Missouri, Illinois, Wisconsin, Ohio and Indiana, and intend to do the same in Iowa and Nebraska this fall and the spring of 1913. The plow speaks for itself. Every live dealer and farmer, after going over its many excellent points not found on any other plow made, must admit its superiority. We absolutely guarantee this gang plow in every way.

## G. P. EASTWOOD Plattsmouth, Nebraska

Earl Travis returned this afternoon on No. 24 from Omaha, where he was visiting with his father, Judge H. D. Travis, at the hospital.

Mrs. C. H. Mann and daughter, Miss Ruth, of Lincoln, spent Sunday in this city, being guests at the home of Mr. and Mrs. W. H. Mann and other relatives.

Mr. and Mrs. R. E. Foster and little daughters, who have been visiting at the home of Mr. and Mrs. L. G. Larson, returned to their home, near Union, yesterday at noon.

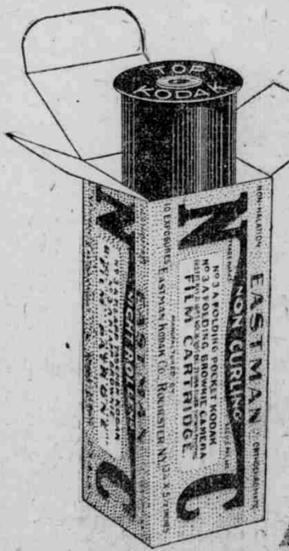

Mrs. Ray Adams of Kearney arrived this afternoon to make a short visit with her sister, Mrs. Ira Bates and family, at their farm, a few miles south of this city.

Misses Marie Spies, Gladys McMaken and Edith Range were visitors yesterday at Murrin, where they were entertained at the home of Miss Rose Mae Creamer.

### TWO REASONS

Why the Platte Mutual Insurance Company solicits your business: First, because they have saved the policyholders one-half the cost of their insurance. Second, because they have never had an assessment for fifteen years. J. C. Peterson, Secretary. Office in Dwyer Bldg.

You will find the most complete line of stationery in the city of Plattsmouth at the Journal office. The finest line of box paper, visiting and calling cards.
