DEATH OF WELL KNOWN ATTORNEY AT COUNCIL BLUFFS

The following, taken from the Omaha Bee, will be of interest to many of our readers, as the gentleman, the account of whose death appears, was well known to many of our people and was a brother of Miss Hattie Kerney, formerly of this city, but who a few months ago removed to California to make her home.

W. L. Kerney, retired banker and capitalist, died suddenly last evening at his home at 755 sixth avenue, Council Bluffs, following a stroke of apoplexy. He was stricken at 7 o'clock and died at 7:15 without regaining consciousness.

Mr. Kerney was born at Marysville, Mo., on September 17, 1851, and was 62 years old. He came to Council Bluffs with his parents when he was 3 years old and remained here ever since, accumulating a comfortable fortune and winning a permanent place in the local financial world.

IN PLATTSMOUTH FORTY YEARS AGO

Items of Interest to Old and New Residents of City Which Were New Forty Years Ago.

Doty, the ferryman, sawed a stump off six feet under water for the B. & N. R. R. company, and held his breath along side of the stump till she came apart, so he did.

We met Charley Blaker on the cars, and he informed us that he had signed the pledge and expected to come down to Plattsmouth on a temperance lecturing tour soon.

Two prominent citizens of Rock Bluffs talk of making Plattsmouth their future home and starting business here. They complain of high rents and other expenses. Gentlemen who own property, remember the experience of the past. Don't let a man leave your town that's got "scams" to invest in property or business, unless you have given him bottom barrels on your lots, houses or rents.

The fact that Mr. H. X. Orr removed his part of the "Four Mile Devon herd" to Claymore is not because he expects to go out of the Devon stock in this county; on the contrary he intends to purchase some of the very best Devons to be found east of the Mississippi river, for the purpose of renewing this herd on Four Mile creek. The object of removal is to have unrelated crosses between the herd here and the one at Claymore.

Mr. Thorpe, who has them in charge, informs us that next season he expects to have a finer Devon herd than last year and that they intend to make the removal of Devon stock in Cass county a permanent thing. We are glad to hear and know these facts, as we don't want these Claymore fellows to have all the fine stock.

AUTOMOBILE OWNER FAILS TO PUT IN THE GASOLINE

A good story is told on one of the prominent residents of near Mynard, who recently became the owner of a brand new automobile. The gentleman, accompanied by a friend, decided, after having had the car a few days, to make a trip to Omaha, and after much preparation the party got started on their way to the metropolis, and all went in fine shape until they arrived at La Platte, when the automobile, with a few puffs of the engine, laid down and refused to go further. The owner and his friend argued and made a careful examination of the engine, but everything was apparently all right and some time was spent in cranking the machine, and in tempering with the spark of the valves, but still the machine refused to go, and after an hour of experiment the suggestion was made that perhaps the gasoline supply was out, and then the tank was opened and it was discovered that all the gasoline was exhausted, which necessitated a trip back to La Platte, where more fuel was secured and the automobile started off without a hitch and the party proceeded on their Omaha, feeling very much wiser in the matter of operating an automobile, and in the future when a trip is undertaken it will be ascertained beforehand that the gasoline supply is sufficient.

STATE MILITIA TO PRACTICE AT THE RIFLE RANGE

That the government rifle range north of this city will be put to good use this season is shown from the following from the Lincoln State Journal in regard to the state rifle camp to be held here from October 6 to 11. The range has just been put in first-class shape and can now truly be called one of the best in the west, and the state troops who will come here to practice will have a splendid chance to develop their target as sharpshooters. The range of this city has the added advantage of being located most conveniently to the railroads depot and will make it handy for the outfit to reach the range from the different parts of the state.

Adjutant General Hall has decided to hold a state rifle camp at Plattsmouth, October 6 to 11. The governor's cup, the adjutant general's cup, a pistol cup and other trophies will be given in the form of prizes to winners of the various events. Ten enlisted men from each company will be sent to the camp, and in addition three company officers and one field or staff officer from each regiment will accompany the team of each regiment. The men selected from companies will be those who have the highest aggregate score in recent firing during the season of 1913. The officers comprising the officers' team will have the same equipment.

SMALL FIRE STARTS AT EGENBERGER FEED STORE

From Tuesday's Daily.
Last evening about nine o'clock the fire alarm was sounded caused by some hot light in a wagon standing in the shed of the Egenberger feed company catches fire the source of the fire is supposed to be a dropped match into the hay, and but for the prompt work of these in the immediate neighborhood a serious fire might have resulted. The fire department tracked out promptly but being unacquainted as to the location of the fire ran out "Front Street" for a distance before the location of the fire was discovered and then by that time the fire was out as those running over to the coal yard dragged the wagon out into Third street and dumped the burning hay out without doing anything more serious than scorching the bed of the wagon a little. That those furnishing the reports to the fire company should be a little more careful was shown last night when the fire boys were compelled to run several blocks on a wild goose chase when a little inquiry would have disclosed the real location of the fire.

LOTS OF APPLES FOR THIS SEASON IN COUNTY

If anyone desired to see some apples they should have been at the Journal office and saw the small limb of a crabapple tree that Oliver Hudson brought into the office yesterday. The limb was loaded down with the finest crab-apples we have seen this year, there being some forty on it, and Mr. Hudson states that the whole tree is in the same condition and that the harvest from this one tree will be very large. This is another proof of the fact that here in Cass county we have been very fortunate this year in our crops and should feel very thankful.

MARRIAGE OF MRS. SADIE FULMER OF GREENWOOD

Mr. E. K. Reece of Ashland and Mrs. Sadie Fulmer of Greenwood were united in marriage at the home of the bride in Greenwood last evening, the Rev. Lemon of Ashland conducting the service in the presence of the families of the two contracting parties, and Mr. and Mrs. J. C. Lemon and daughter, Mr. and Mrs. Orison Johnson, Mr. and Mrs. W. E. Hand, close friends. Mr. and Mrs. Reece are too well known to the readers of the Gazette to need any introduction from us. They departed later in the evening for an auto trip to Bloomington, Ill., where they will spend some three or four weeks, after which they will be at home in Greenwood for the present, and will most likely move to Ashland in a short time. —Ashland Gazette.

Guard Your Children Against Bowel Trouble

Many children get an early age because of constipation, and frequently serious complications result. Not being able to relieve his own constipation, a child's bowels should be constantly watched, and a gentle laxative given when necessary. Dr. Miles' Laxative Tablets are especially well adapted for children of all ages. The Tablets of this brand are made of purest ingredients, and are entirely free of any harmful or dangerous elements.

"Some time ago we began using Dr. Miles' Laxative Tablets, and find that we like them very much. They act in a pleasant and safe manner, and we are grateful for having found a safe remedy with which to use. We have had good results in every case, and the children are very much pleased."

The form and flavor of any medicine is very important, no matter who is to take it. The taste and appearance are especially important when children are concerned. All parents know how hard it is to give the average child "medicine," even though the taste is perfectly disguised. In using Dr. Miles' Laxative Tablets, however, this difficulty is overcome. The shape of the tablets, their appearance, and candy-like taste of once appeal to any child, with the result that they are taken without objection.

The rich chocolate flavor and absence of other taste, make Dr. Miles' Laxative Tablets the ideal remedy for children.

Death Caused From Mouse-o-cide

Says Hornick, Moore & Porterfield, Wholesale Drug-Company of Sioux City, Iowa

The following named persons have visited this department during the month: Wm. B. Swearingen, Vahlie Martin, Geraldine Gullion, Alma Wiley, Clara McGraw and John Campbell. These visits occupied an average of three hours each.

The enrollment in the primary department was as follows: Males, 31; females, 59; and the average attendance was, males, 23.4; females, 21.5. Total enrollment, 61; total average attendance, 44.5. The total enrollment in both departments was 96, and total average attendance 73.87, or about 77 per cent of the enrollment.

D. H. Wheeler has returned from Michigan and reports himself sound as a dollar and hearty as any other Michigander engraffed on Nebraska soil.

The marshal and the city judge (Haines) were had a falling out and the marshal takes a change of venue now to Judge Ellison's court.

Julius Pepperberg has bought out the Co. part of the concern, and hereafter runs the machine shop. Give Julius a call and buy some of those fine cigars.

John Valley, jr., who has built him a new house lately, is now furnishing the same, and McShrock, the furniture man, says it will be a "splinkum" outfit when it's all done.

Willett Pottenger, an old resident of Cass county, and well known in Nebraska politics, has been appointed receiver of public monies in the U. S. land office at Provo, Utah Territory. At last "Pat" is fixed; good luck to you, old boy.

Through the energetic contractor, Mr. Dexter, our High school building is fast approaching completion. Its architectural proportions (with one or two exceptions, to our eye) are pleasing to the sight, and will be an ornament to our city that the people may well be proud of. We are sorry, however, to say that the master mechanic has not shown that care in the construction of the building that the architect evidently contemplated, at a distance of fifty or sixty rods, is appreciated here, there can be seen a want of care in setting the window frames, they being badly out of plumb.

Lack of space and absence of a section of the time have hitherto prevented us from making any notice of the fact that one of the best, most looking and best selling railroad men the Boston or Burlington magnates of the B. & O. have ever chosen to send his feet to Chicago a few weeks ago. We refer to Mr. James R. Wood formerly in the general passenger department at this point, and now western passenger and land agent for the B. & O. in Nebraska office, Chicago, Ill. Mr. Wood is a man of the highest respect and will of all our people while here, and we hope he may succeed to the highest honors railroading in the future.

The Opposition Outfit met at Weeping Water, on Tuesday, and nominated the following ticket:—Treasurer, Wm. McGraig; Attorney, J. C. Cummins; Sheriff, James Simpson; Probate Judge, Jas. Woods; Surveyor, A. L. Brown; Coroner, C. H. King; Superintendent, Elder Miller; Commissioner, W. B. Porter.

They call it a strong ticket. We do not. There can be no cause for dissatisfaction among Republicans. The Central Committee were asked if they desired to abandon the old party and go into a Grange movement, or a so-called people's movement, and answered, almost to a man, that they were satisfied with the Republican party and believed in its principles, and desired for improvement and good government. Their Convention was long advertised and held in perfect harmony; no person objecting to its action or its right to act. That Convention was composed almost entirely of farmers, many of them Grangers. They selected the ticket, in the main. Democrats certainly can find no joy in the outfit of Tuesday, and who there is left to support so false and useless a movement as this Farmers-people's-dodgers, sorehead conglomeration calls itself, we fail to see.
