Alvo School.

The Alvo school opened on the morning of September 8. The teachers were well prepared to meet their students and the school started off beautifully. The teachers are: Miss Carr in the primary department, Miss Boyles in the intermediate, and Mr. Sprouse in the high school. In the intermediate and high school departments the day's work was all arranged before hand; the programs were on the board in conspicuous places and the day's lesson assignments all placed where the students could see them. After singing the national hymn and a few words from the principal the books were distributed and work began at once, only the first recitation period being missed. All went well throughout the day.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

PLATTSMOUTH NEEDS MORE NEW COTTAGES

The fact that more small modern cottages for rental purposes as well as sale are badly needed in this city is becoming more evident each day. The Windham Investment company of this city reports the sale of seven properties within the past few weeks, and three of these were sold to non-residents who will move to this city to make their future home. This firm has turned away more than twenty applicants for residences for rental purposes within the past week because there were no suitable house that could be secured. This certainly shows that the city's population is steadily growing and that a number of these residences could be erected that would bring a handsome profit to the parties putting them up as they would be in constant demand. There has been no such demand as during the present summer for houses in the last twenty years and it points clearly to the steady growth of the city as at present there are many families occupying flats over the stores in the business part of the city due to the fact that it is almost impossible to secure a desirable residence property for rent in the city. Let this matter be taken up and an endeavor made to secure more cottages here of five or six rooms that can be placed on the market for rent.

This residence property is one of the finest in the city and is situated in the midst of a fine park on Chicago avenue and will make Mr. Beverage an elegant home, and it will be the source of much pleasure to everyone in the city that this worthy gentleman has decided to move here to make his home.

MISS NETTIE VALLEY GIVES HER FRIENDS QUITE A SURPRISE

Last evening at 8 o'clock, at his office at the court house, Judge Allen J. Beeson united in the holy bonds of wedlock Mr. Jay Vaughn of Ashland, Nebraska, and Miss Nettie Valley of this city. The wedding came as a great surprise to the many friends of the bride here, as they had not suspected the near approach of the happy event, as the young people desired to afford them a surprise and certainly did, as only the immediate family were aware of the intentions of the couple. After the wedding the bridal couple returned to the home of the bride's parents, Mr. and Mrs. P. J. Vallery, where a luncheon was served to the family and the newlyweds.
