## A LETTER TO THE GENERAL PUBLIC

Paul Gilmore's Associate Players  
in Their Great New York  
Success, "The Havoc."

If I can secure the names of a certain number of theater-goers we shall be assured of "The Havoc" appearing here. A date is being held pending the result of my report. As a special inducement to those whose names are on the list, the seats which ordinarily sell at \$1.50 will be sold at \$1.00. These will be the choice seats and there will be a special seat sale in advance of the regular sale, at which time those who sign the list will be allowed to choose their seats. I will guarantee this attraction if I am able to secure the signatures required. I have read the criticisms from the newspapers in the different cities in which the company has appeared, all speaking in the highest terms of the attraction. Paul Gilmore is saving us the trouble and expense of a trip to New York by bringing to our doors a New York production, and now is the time for the people of this city to show they want high-class companies to play here. Inasmuch as the Paul Gilmore company carries a very expensive production, they must use this method and be sure of a certain attendance before they close definitely their contract for an engagement in our city. Understand, you will be getting \$3 for \$2 if you buy your seats now. Later you will have to pay \$3 for the same two seats. I guarantee this to be one of the very best attractions that will visit us this season.

Note—The list is awaiting your name at Meyrich & Hadraba's.  
R. M. Shlaes.

Call at Gering & Co.'s and see the nicest line of box candy ever brought to Plattsburgh.

## IS FINED FOR A DEED DONE SEVERAL MONTHS AGO AT WABASH

From Saturday's Daily.  
This morning Fred Lawton, a young man residing near Wabash, was arraigned in the county court on a complaint charging him with doing mischief to the school house near that village. Several months ago Lawton, with a companion, visited the school house on a Sunday, and securing entrance to the building, climbed up through the scuttle hole in the ceiling and fixed up a trap, with the door of the scuttle hole as the chief feature, and arranged it so that when the door of the school house was opened the trap door would fall on the party entering. The plot worked very successfully, and when the teacher entered to start school on Monday morning the door of the scuttle hole fell and injured her quite severely and for several days she was unable to teach. The county attorney was notified of the affair, but before the authorities could reach there Lawton and his companion had made their getaway. It seems young Lawton made his way to Wyoming, where he has been since May, and a few days ago returned home, and the warrant was served on him, and today he faced the music in court, receiving as a punishment for his misdeeds a fine of \$10 and costs, amounting to \$30, which was paid, and the young man allowed to return home to meditate over his shortcomings.

**For Sale.**  
1913 model motorcycles and motor boats at bargain prices; all makes; brand new machines; easy monthly payment plan. Get our proposition before buying or you will regret it. Also bargains in used motorcycles. Write us today. Enclose stamp for reply. Address Lock Box 11, Trenton, Mich. 7-21-10wks-wkly.

## THE RUSH FOR NATURALIZATION STILL CONTINUES

From Friday's Daily.  
The rush for applications for final naturalization papers still continues in the office of District Clerk James Robertson and yesterday two more of the residents of the county became applicants for the protection of the government. Friedrich Heinrich Brammer of Louisville stated he had been a resident of this country since the year 1906, when he landed in New York, and desired to shake off the ties that bound him to William II, emperor of Germany. Another applicant was Friedrich Gerhad Ahrens, also of Louisville, who came to this country from his native land of Germany in the year 1897, and resided for a number of years at Syracuse, and also at Louisville, where he is engaged in the saloon business.

**Strengthen Weak Kidneys.**  
Don't suffer longer with weak kidneys. You can get prompt relief by taking Electric Bitters, that wonderful remedy praised by women everywhere. Start with a bottle today, you will soon feel like a new woman with ambition to work, without fear of pain. Mr. John Dowling of San Francisco, writes: "Gratitude for the wonderful effect of Electric Bitters prompts me to write. It cured my wife when all else failed." Good for the liver as well. Nothing better for indigestion or biliousness. Price, 50c and \$1.00 at Gering & Co.'s.

## W. E. ROSENCRANS WILL ERECT NEW BUNGALOW

The lot just west of the residence property at present occupied by W. E. Rosencrans and family, his being sold by Messrs. C. C. Parmele and J. P. Falter to Mr. Rosencrans, who will at once commence the work of erecting a handsome bungalow on the lot, as the property in which he now resides will be occupied by the owner, Mr. C. C. Parmele and family, during the winter. The lot secured by Mr. Rosencrans is in the heart of the city and is a very valuable piece of property, and when the handsome new bungalow is completed it will be one of the most convenient homes in the city.

**Depart for Los Angeles, Cal.**  
August Anderson and wife departed yesterday afternoon for Los Angeles, California, where they will visit their daughter, Mrs. Earl Shulley, who was formerly Miss Ella Anderson. This is the first visit the parents have made to their daughter's home since her marriage, and they are looking forward to the visit with much pleasure.

**Press Drills.**  
I have one Superior and Tiger Press drill that I will sell at a liberal discount. W. T. Richardson, Mynard, Neb.

Sam Archer returned to his duties at Glenwood this morning, after an over Sunday visit here with his family.

**Turning Classes to Start.**  
The turning classes at the German turner hall will open for the fall and winter season tomorrow (Tuesday) evening, at the hall on Washington avenue, and all who are desirous of taking physical culture during the coming season should be on hand. A special rate has been made to all taking turning, and for the boys 35 cents a month will be charged, or five months for \$1.25. For the active turners a rate of 55 cents a month has been made, or five months for \$2.25. These special rates should induce all the boys and young men desiring physical culture to be on hand and take up turning, which will prove very beneficial to them.

## GEORGE AND CHARLEY MAKE A TRIP WEST

Our good old friend, Geo. Cook, of near Alvo, came over Saturday and made the Leader-Echo a pleasant business and social call. Mr. Cook has just returned from a very pleasant trip to eastern Colorado, where he went in company with his brother, Chas. Cook, of near Plattsburgh, who has real estate interests in our neighboring state. On the trip home a stop was made at Imperial, Neb., where Mr. Cook and his brother visited Mr. and Mrs. F. A. Raker, and visited and took Sunday dinner with H. Dettman and family, where they were most hospitably received. Mr. Cook says Mr. Dettman has a large acreage of corn, a good deal of which will go in the neighborhood of thirty bushels. Coming on to Beaver City they visited there with their brother, John Cook and family, and had a very enjoyable time with them. Our latch string always hangs out to Mr. Cook. Call again.—Elmwood Leader-Echo.

## OPENING OF THE SCHOOLS AT UNION

(From the Union Ledger.)  
It is a matter of regret that the new school building could not be ready for the opening day of school, but the five teachers have taken up the work with determination to make the best of the situation, and notwithstanding the fact that they are handicapped by lack of room they have the work going along in a very satisfactory manner. Until the new building can be used the Woodman hall is the "central" office where grades 3 to 11 are being handled, grades 1 and 2 being quartered in a room of the Stine building. The corps of teachers appears to be very strong in every department of the work, and when given the necessary room and equipment they will no doubt show excellent results. The total enrollment the first day was 104, but the attendance will soon reach a higher figure, as many pupils were not ready to begin school work this week.

In the Woodman hall Miss Eva Allison is principal and has charge of grades 10 and 11; Mrs. Nettie Stanton has grades 8 and 9; Miss Cora Mueller has grades 5, 6 and 7, and Miss Edna Hanks has grades 3 and 4.

Miss Alice Crozier has grades 1 and 2 in the Stine building.

Work on the new building is being pushed along as rapidly as possible, but it will probably be the first of November before the whole building is ready for occupancy. George Rhodes and his force of men are smearing on the plastering at a rapid rate, Joe Bauer is rushing the interior carpenter work, and John Bauer of Plattsburgh, has his men at work installing the heating plant. The present plan is to complete the upper rooms as soon as possible in order that part or all of the pupils can be accommodated there until the other rooms are finished. It is thought the upper rooms may be ready for use in about two weeks.

**Fined for Speeding Auto.**  
This morning the hearing of the complaint against Guy McMaken for speeding was brought up for hearing in the court of Justice M. Archer, and after hearing the evidence on both sides the court assessed a fine of \$10 and costs upon Mr. McMaken for speeding on Main street, as well as on Sixth street. The defendant is considering the matter of appealing the case to a higher court.

Wall Paper, Gering & Co. Phone 36.

## WESCOTT'S SONS SPECIAL SATURDAY SALES NOTED

Here is a new feature in advertising that C. E. Wescott's Sons are trying out in Plattsburgh. They take a quarter page space in the local paper and make this announcement: Beginning Next Saturday, September 6th, we will inaugurate our

**Saturday Special Sale**  
and continue it as an experiment each Saturday during the coming season. Also on day following Pay Day an Hourly Sale. Our experience with these special sale events in the past leads us to believe they are appreciated. We want to make this store the most satisfactory buying place in town for men's and boys' wear—a place of real service to the public, and to this end we are willing to exert ourselves in bargain-giving. We intend to stretch the Plattsburgh-made Dollar so far that it will want to stay at home. All we ask is that you keep your eye on this store and its offerings. If you don't find it pays you then we do not expect your business.

That announcement fills half the space. In the other half, opposite, are listed six different lots of bargains for Saturday, September 6. Another good feature of the ad is the line, "See these items in our Fifth street window." It is always a good thing to connect newspaper and window advertising, as well as interior displays.—Omaha Trade Exhibit.

**Peaches For Sale.**  
I will have plenty of peaches for the next two or three weeks, for \$1.00 for bushel or the tree, 1/2 miles northwest of Murray. 9-15-13w. C. N. BEVERAGE.

**Diarrhoea Quickly Cured.**  
"I was taken with diarrhoea and Mr. Yorks, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to," writes M. E. Gebhart, Oriole, Pa. That is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. For sale by all dealers.

## PERKINS HOUSE RECEIVING A RENOVATION THROUGHOUT

From Saturday's Daily.  
The interior of the Perkins house in this city is being submitted to a thorough overhauling and cleaning by the proprietor, John Cory, and the hotel is hardly recognizable now. The office room, which in years past has been decorated with wall paper, has had the venerable coating of paper removed and been painted a very attractive shade of buff, with a handsome design running along the top, where the ceiling, in light cream color, starts, and the new improvement adds greatly to the appearance of the room, as well as the general aspect of the hotel. The stairway leading to the second floor has also been replaced with a new one, which was placed there a few weeks ago by L. G. Larson, and which is also a great convenience to the patrons of the hotel. The third story is also to receive the touch of the painter, as the hall running through that floor has been cleaned of all the old wall paper and will be painted in the same color as the office, which will lend a neat, bright appearance to this portion of the hotel and make it more cheerful and clean. Mr. Cory will also make a number of minor changes and improvements around the hotel, which will add much to the value of the property, as well as to the comfort of his guests.

Mrs. J. W. Chapman of Lincoln came down Saturday evening and will visit here for a few days at the home of her parents, Mr. and Mrs. J. W. Johnson.

**\$100 Reward, \$100**  
The readers of this paper will be pleased to learn that there is at least one divided disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

# Nyal's Tooth Paste

## THE PLATTSMOUTH AUTO CLUB MEETS

Matter of Speeding Autos Taken Up and Also the Recent Arrests in This City.

The Plattsburgh Auto club held a very well attended meeting at the Commercial club rooms Saturday afternoon and much interest was taken in the meeting, due to the recent arrests made for violating the speed laws. The members of the club believed that the matter had been handled in a very unsatisfactory manner by the authorities, as several of the most careful drivers in the city and county had been arrested, and that on one of the streets out of the business section of the city.

The club displayed much interest in the proposed city ordinance to cover the speed regulation and believed that an ordinance more fair, both to the automobile owners and the general public, should be drawn up, as the present state laws covering the subject are such as to make it almost impossible to keep a machine in the bounds of the law and still keep moving. In a city like Plattsburgh, where there is no congested traffic there is no need of trying to hold automobiles down to such a speed as six miles an hour, as everyone who has taken note of the matter can clearly appreciate, and the new ordinance should put the limit at a more reasonable rate, such as ten or twelve miles, in the business section of the city, and from fifteen to eighteen in the outlying districts.

In Omaha, on the streets that have a great deal more traffic than on Main street here, the limit is eighteen miles an hour, and it is found to work very satisfactory and there is very little danger to the pedestrians or drivers of other vehicles.

The automobiles are a part of our modern life and the sooner laws that recognize this fact and provide for regulation that will be fair to all are provided the better it will be for the small towns.

The attempt to hold a machine down to six or eight miles an hour is out of the question, as it is hard for an ordinary engine to operate at this rate of speed, and causes much unnecessary wear on the automobile engines, when a higher rate of speed would not endanger anyone, and at the same time show that the safety of the traveling public would be protected.

Let the city council make a close study of the matter before they enact the new ordinance, and provide one that will give the automobile drivers a square deal and not cause them to go to other places to attend to their trading. A matter of great importance that far outweighs the one of speed, is that of making all vehicles observe the rules of the road, and if this is done the chances of accidents will be greatly lessened, as it is to this cause that most collisions have occurred.

## LUKE WILES SHIPS FINE YOUNG RED POLLED BULL

This morning Luke Wiles, the Red-Polled stock breeder shipped a fine young bull of that celebrated breed to Mr. Frank A. Mitchell of Hooper, Neb. Mr. Wiles has sold a number of animals to Mr. Mitchell for his herd, and their excellent qualities has impressed themselves so much upon Mr. Mitchell that he has built up his herd from the cattle secured from Mr. Wiles' farm, near this city. The herd of Mr. Wiles is celebrated throughout the state for its excellent animals and there is a great demand among breeders for his animals.

**To Enter Cotner University.**  
Mrs. Robert Ward and son, Everett, departed this morning on No. 15 for Lincoln, where Everett will make arrangements to enter Cotner university for the coming year. Everett was a member of the graduating class of 1912 of the local high school and had the honor of being the winner of the scholarship given the one standing the highest in the class, and will take advantage of this to advance still further along his training.
