MORE ABOUT THE ROADS IN CASS COUNTY

Sufficient Funds Not Appropriated to Keep Up the Roads as They Should Be.

The matter of the maintenance of the roads of this county has often been discussed and many of the taxpayers of the county have expressed their surprise at the high cost of maintaining the roads, when, as a matter of fact, the cost of putting the roads in shape and maintaining them is far less than that in other sections of the state and the rate over the state is much lower than that made in other states and in foreign countries, where the matter of good roads is made a close study of by the experts and the cost runs much higher than in this country. The watchfulness of the old world countries in expending the large sums of money in the maintenance of the roadways has resulted in a reputation that is world-wide and should be an object lesson to our own country, where the expenditure of even small sums of money is greeted with a howl from the watchdogs of the treasury, who believe in letting the roads go, rather than see them fixed up at the cost of a little money.

In England there is expended each year the sum of \$389 per mile for the main roads and \$112 for other than the main roads. France annually gives over the amount of \$316 for the main roads and as low as \$65 per mile for the other roads. In Germany

the care of the roads comes under the charge of the different states of the empire, of which Wurttemberg as an average, the cost of maintenance is about \$400 per mile. Italy's cost runs from \$274 on the national roads to \$183 on the provincial roads, while Russia's cost is from \$70 to \$240 per mile, and part of this is the work done by the convicts. In Spain the expenditure is about \$240 per mile each year for the maintenance of the roads.

Here in Cass county the cost of keeping up the roads is nothing compared to those of the countries printed above, and while the results have given these countries the finest roads in the world, the different road overseers in this county have done as well as they could with the amounts given them, perhaps which have been far inadequate to carry out the work needed. In this county each precinct is allowed about \$1,200 per precinct, and it is estimated there is about seventy-two miles of road in each precinct, so it can readily be seen that the cost of the Cass county roads is not very heavy.

Small Farm for Sale.

Thirty-three and one-half acres just north of M. P. depot. Good 9-room house, orchard, barn and out-buildings. Good well of water. Twenty acres in cultivation, balance in pasture. Cheap if taken soon.

G. O. Schwenmacker,
9-9-14wk

County Commissioners Meet.

The board of county commissioners met this morning at the court house and spent the morning looking after the regular routine business, such as the allowing of bills and road work. The bids for the construction of the new building on the county farm have been submitted and will be opened at this meeting of the board.

A Hardwood Floor of any Color You may Choose for \$2.50

Floors which are in too poor condition to be improved with varnish alone can be made to imitate a genuine hardwood floor with this new patented Graining System. This process does not require the services of a professional wood finisher. The Graining Tool takes the place of skill and can be successfully used by the inexperienced man or woman, thus making it possible for any one at a very slight expense to enjoy the luxury of a new hardwood floor. This Graining Compound when protected by one or two coats of Chi-Namel produces a surface that will outwear any ordinary varnished floor, many times over.

Come in and let us show you by actual demonstration how the graining is done and how easy it is.

WEYRICH & HADRABA

"SMART ALECK" GETS A SLAP IN THE FACE BY HIS GRANDMOTHER

A very amusing incident occurred a few nights ago in one of the moving picture shows of the city and one that occasioned much laughter from the parties in the theater witnessing the affair. One of the young men of the city, accompanied by two companions, entered and took their seats behind one of the young men's grandmother, and during the course of the show the young man leaned forward and made some remark to her, which was evidently not greatly relished, but there was nothing said at the time. A few minutes after this incident the party of three moved their seats several rows down toward the front, apparently to escape the presence of the elderly lady, and there was no sign given that she noticed the affair, but a few minutes later she arose, and walking down the aisle to where the young man was sitting placed two resounding slaps to the side of his head and then walked out of the theater, feeling that it had been a duty well performed. The two companions of the young man were greatly alarmed at first for fear the war would be spread into their persons, but there was no more hostile demonstrations offered.

C. E. WESCOTT AND WIFE TO RETURN TO CALIFORNIA

This evening C. E. Wescott and wife will depart from this city for their home at Los Angeles, California, after an extended visit with their sons, C. G. and E. H. Wescott, and their families here. Mr. and Mrs. Wescott desire to return to the Pacific coast before the cool autumn weather, with its rains and general disagreeable features sets in. They will go from Omaha to San Francisco, where they expect to arrive Saturday, and will then continue on to Los Angeles, where they expect to arrive on Sunday.

HAVELOCK BASE TEAM WILL PLAY THE BOOSTERS SUNDAY

This city will be visited next Sunday by the base ball team representing Havelock, and as they have made a very good showing this year in the games they have played, an interesting contest may be looked forward to by the fans, as the Boosters are up and going and are able to stack up with the best amateur teams of the state. There will probably be a large number of rooters accompany the Havelock bunch to this city and our fans should turn out and give the Boosters the encouragement they deserve to take the game from the visitors.

Fine Horse Dies.

Fred Lutz, one of the young farmers residing near Murray, last night had one of his best work horses die as the result of an injury the animal received some time ago, and as the horse was a very valuable one the loss to Mr. Lutz will be quite heavy and it will be hard to replace the animal, which was an exceptionally good one.

Find The Cause.

In case of an accident you will try to find the cause of the same in order to avoid it in the future. You should do the same in case of sudden sickness, nervousness, or weakness. Naturally, you will, in the first place, seek relief—the quicker, the better. If the seat of your indisposition is in the stomach or in the intestines, Triner's American Elixir of Bitter Wine will give you the prompt relief. It will quickly clean out the body and stimulate all organs to work. If you are bothered by constipation, you cannot find a better remedy because it is never necessary to increase the dose. It is also very effective in loss of appetite, internal pains, nervousness and anaemia. At drugstores, Jos. Triner, Importer and Exporter, 1333-1339 S. Ashland ave., Chicago, Ill. Triner's Liniment is gaining friends rapidly, being the best and strongest remedy for pains.

The Journal for stationery.

Alexander Dumas said duty is something that we exact from others. Your duty to yourself is to take Allen's Cough Balsam when you have a deep-seated cough or cold. Nothing will give you quicker and more permanent relief. Try it. Does not contain anything harmful. 25c., 50c., and \$1.00 bottles at all dealers.

CRAMPS
Colic, and stomach ache usually relieved with
Painkiller
(TRINER'S)
This famous remedy seldom fails to relieve pain, both external and internal.
25, 35 and 50c. Bottles.

A LETTER TO THE GENERAL PUBLIC

Paul Gilmore's Associate Players in Their Great New York Success, "The Havoc."

If I can secure the names of a certain number of theater-goers we shall be assured of "The Havoc" appearing here. A date is being held pending the result of my report. As a special inducement to those whose names are on the list, the seats which ordinarily sell at \$1.50 will be sold at \$1.00. These will be the choice seats and there will be a special seat sale in advance of the regular sale, at which time those who sign the list will be allowed to choose their seats. I will guarantee this attraction if I am able to secure the signatures required. I have read the criticisms from the newspapers in the different cities in which the company has appeared, all speaking in the highest terms of the attraction. Paul Gilmore is saving us the trouble and expense of a trip to New York by bringing to our doors a New York production, and now is the time for the people of this city to show they want high-class companies to play here. Inasmuch as the Paul Gilmore company carries a very expensive production, they must use this method and be sure of a certain attendance before they close definitely their contract for an engagement in our city. Understand, you will be getting \$3 for \$2 if you buy your seats now. Later you will have to pay \$3 for the same two seats. I guarantee this to be one of the very best attractions that will visit us this season.

Note—The list is awaiting your name at Weyrich & Hadraba's, R. M. Shlaas.

THE WHEAT CROP AT THE COUNTY POOR FARM MADE 33 BUSHELS TO THE ACRE

The harvest at the county farm, just west of this city, has just been finished and the result of the threshing of the wheat and oats crop has been very gratifying to the board of county commissioners, as well as Superintendent George H. Tams. On the twenty acres of oats planted at the farm over 1,000 bushels was threshed out, being about 53 bushels per acre, which is most flattering yield, while the wheat crop averaged 33 bushels to the acre, which is certainly some wheat. The result of the crops on the county farm shows the careful care and attention that Superintendent Tams and his men devoted to the preparing of the soil and the care of the growing crop and demonstrates the fact that it is necessary to have a farmer who is right up to the minute as superintendent of the county farm, and in this position Mr. Tams has certainly been a valuable man for the interests of the taxpayers of the county.

For Sale.

A number of big bone Poland-China boars. H. H. Harger, three miles west of Plattsmouth.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing her work. The promoters have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

SAVE THE BABIES NOW THE SLOGAN

Secretarial Board Has New Plan to Propose.

WOULD DECREASE MORTALITY.

Believe Weakening Infants as Well as Strong Would Be Helped—Code Commission Finds Way to Print New Statutes—Crusade Against Firearms.

Lincoln, Sept. 18.—A "Save the Babies" movement of state-wide scope, and believed by its originators to be a more advanced step than even the "Better Babies" crusade, inaugurated at the last state fair, is likely to be put under headway by the board of secretaries of the state board of health. The details of the plan have not been worked over, but the members are unitedly in favor of such a movement. It is expected that full conditions will be presented to the state board proper within a fortnight.

As outlined by Dr. Carr and Cummins of the secretarial board, it would be a comparative contest, that is, tots of various ages would be measured and examined from year to year regularly and prizes would be awarded to those babies who made the greatest annual improvement. An especial effort would be made to obtain the entrance of weaklings and babies whose physical and mental conditions during the first two or three years of their lives were not of the best. Thus the class of children which should be reached by contests of this nature would be included in the proposed step and not alone the children whom fond mammas and papas entered in them wholly because of their good physical measurements and mental brightness. To carry out the plan the officials say that they would have to have the assistance of doctors in all towns of the state. An exhaustive set of rules would have to be prescribed and followed and elaborate sets of blanks would have to be prepared to keep records on the development of the contestants. But in the end, the secretaries believe, the work would be worth while and infant mortality would be greatly reduced.

Wants to Incorporate.

Sprague, an unincorporated village of this county, claims a distinction which few other localities in the country can duplicate. Half of its voting population belongs to its community brass band and that half can ride in a single hayrack, making a load no greater than three mules can draw over the country roads. The voting strength of the village is twenty-eight. Its band, representing the live wires of the place, came here to support a petition for incorporation as a village. The county board, by which action must be taken, was serenaded by the Spragues previous to the meeting where the matter was discussed.

Crusade Against Firearms.

A crusade against the toting and sale of firearms in this city is to follow as the result of the reckless shooting of a woman at a charivari party, the wounding of two negroes by guns in the hands of other members of their race and the mysterious killing of two boys near here, all within the past two weeks. A long talked of city ordinance prescribing stringent regulations for the sale of firearms will likely be presented to the city commission at its next meeting.

Will Have Statutes.

Members of the state code commission have finally settled the question of publication of the state laws. The Journal company, which bid low on the work recently, will print the revised statutes and take a chance on getting the balance of its money when the next legislature drafts its deficiencies measure. The cost of the job will reach above the \$15,000 mark and the code commission has only about \$12,000 on hand with which to make payment.

Private Car Companies Pay Taxes.

Senate file 323, passed by the last legislature, requires that private car companies, instead of being assessed in the counties shall be assessed by the state board of equalization and the companies shall pay their tax direct to the state treasurer. Under that law the tax is being paid, the first company to respond being the Illinois Oil company of Rock Island with a draft for \$4.56.

Lutheran Seminary to Be Dedicated.
The German Nebraska synod of the German Lutheran church is in session in Lincoln. Besides the 100 or more pastors of the synod who are present, there are a number of officers of the national head of the church in attendance. The session will conclude Sunday with dedication ceremonies of the new Lutheran seminary.

Sends Out Second Call.

Second calls for the payment of the state license fee are being sent out to hotels, rooming houses, restaurants and apartment houses by Hotel Commissioner Ackerman. Of the 4,300 establishments in the state subject to the new law less than 1,700 have paid fees to the state.

Richard Baumfalk Is Dead.

Beatrice, Neb., Sept. 18.—Richard Baumfalk, a well known farmer living in Logan township, died suddenly of heart failure. He was fifty-four years of age, and leaves a widow and eleven children.

MATTRESS VERY SUDDENLY DISAPPEARS BUT IS FOUND

Last evening Ward Barr and his wife had a very unpleasant experience in getting settled in their new home in one of the bunk cars used by the employees of the Burlington section force, and which are located along the tracks near the depot. Ward, who has just moved here to work on the section, had purchased a brand new mattress for their couch, and after getting it safely installed in the car he and his wife departed to secure a bucket of water, and on their return to the car, after an absence of a few minutes, they were greatly surprised to find the mattress gone, and without a trace of where it had disappeared. The police were at once notified and Chief of Police Ramey arriving on the ground, started a search for the missing mattress, which was located some distance south of the old elevator in a patch of high weeds, where it had been thrown, evidently by some party to have a little fun at the expense of Mr. and Mrs. Barr. The mattress was brought back to the car and hereafter will be nailed down when the occupants leave the car.

NUMEROUS PLATTSMOUTH ELKS TAKE PART IN THE CLAM BAKE AT OMAHA

There was a noticeable absence of the members of Plattsmouth Lodge No. 79, of the B. P. O. E. in the city today, and the reason is easily explained, as there were some twenty of the herd in the metropolis today, where they were guests at the annual clam bake of the members were passengers over the Burlington for Omaha, while several automobiles conveyed others of the party to the scene of the festivities at Carter lake, where the big clam bake is to be held. The event has been looked forward to with much pleasure by the members of the lodge in this city and they certainly will be treated in a royal manner by the Omaha brothers of the order.

Gets Soaked \$2 and Costs.

Yesterday afternoon John Olson faced Judge Archer in police court and entered a plea of guilty to the charge preferred against him of being drunk and the court decided to place a fine of \$2 against him for his over-indulgence in the flowing bowl, and as John had \$1.50 on his person the court agreed to knock off the costs in the case if he would donate to the amount of \$2, but John demurred and stated that he was on his way to Chicago and wanted to reach Pacific Junction, where he could secure a ticket from friends there to his destination. The court pointed out he could reach there on the 50 cents he had left, but John refused to hand over his filthy lucre and the court remanded him to jail with instructions to see that he worked on the streets to pay the fine.

Adam Fornoff of near Gullom was in the city today for a few hours looking after some matters of business with the merchants,

The Journal does job work.

A Good House Deserves A Good Roof

A good house with a poor roof is like an umbrella with a leaky cover. It's all right till the test comes. It is cheaper in the end to have a good roof than an expensive cheap one. Our stock of—

CEDAR SHINGLES AND GENASCO REX FLINTCOTE, J-M ASBESTOS AND GALVANITE READY ROOFINGS

offer you varied assortment of the best roofing materials from which to select. Come in and examine these roofings.
