Williams Toilet Soap worth 25c at per box	15c

MR. AND MRS. JACOB MEISINGER SPEND SUNDAY IN THE COUNTRY

Jacob Meisinger and wife returned yesterday from a trip out in the country, where they spent Sunday at the home of their son, C. J. Meisinger, and family. The Meisinger family enjoyed a very pleasant family dinner at the home of C. J. on Sunday, when John Meisinger, Jr., and family and George P. Meisinger, Jr., and family gathered for the occasion, and the parents greatly enjoyed the visit with the children. The Meisinger boys are engaged in shucking the corn crop for the year, and the result has been quite surprising, considering the hot and dry summer months. On the farms of C. J. and George P.

the average will be about thirty bushels to the acre, and the corn on John's farm will be only slightly less, and this shows that the loss in this section of the county will not be as great as was feared by the farmers.

NO TRACE TO THE PARTIES WHO BROKE CRABILL'S SHOW WINDOW

There has been no trace found as yet of the party or parties who Saturday evening broke one of the glasses in the store of John W. Crabill, the jeweler. There were several Ingersoll watches hanging in the show window, and these were appropriated by the party who broke the glass, who were successful in making their getaway, and despite the efforts of the authorities to locate the stolen property and the offenders who done the deed, there has been no sign found of them. From the appearance of the break in the glass it would seem to have been the result of a brick or some heavy object, as the hole is not much larger than necessary for a person to get their hand through in order to reach the watches hanging nearby. The more valuable gold watches were placed in the safe that evening, as is the custom, or the lost might have been quite heavy to Mr. Crabill.

Chronic Dyspepsia.

The following unsolicited testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic dyspepsia: "I have been a chronic dyspeptic for years, and of all the medicine I have taken, Chamberlain's Tablets have done me more good than anything else," says W. G. Mattison, No. 7 Sherman St., Hornellsville, N. Y. For sale by all dealers.

GOVERNOR MOREHEAD IN NO HURRY TO APPOINT JUDGE TRAVIS' SUCCESSOR

A special from Lincoln, under date of October 6, says: With no intent of seriously impairing the work of the district Governor Morehead announced today that he would hold up the matter of appointment of a successor to Judge H. D. Travis of the Second judicial district until he had had abundant opportunity to look into the qualifications of eligible candidates for the position.

"Out of respect for Judge Travis I will say that for several days to come applications for the place will be out of order," said the governor. "When I get ready to name a man for the place I will likely talk the matter over with lawyers of the district and others who are competent to judge of legal ability of men who would likely take the place."

ANOTHER PATIENT GOES TO THE INSANE HOSPITAL

Yesterday the county board of insanity was called upon to inquire into the sanity of Felix Scieszky, who resides in the south part of the city. Felix Saturday and Sunday displayed signs of being mentally unbalanced and greatly alarmed his family, and a complaint was filed with the board of insanity. The examination of the unfortunate man developed that he was laboring under hallucinations of various kinds and it was thought best to have him placed under restraint and he was adjudged insane. He was taken into Lincoln this morning by Sheriff Quinton and will be placed in the state hospital there for treatment.

RUN OVER AND SERIOUSLY INJURED BY SWITCH ENGINE

As the result of an accident occurring in the Pacific Junction railroad yards this morning, a Mexican employed there on the section, was brought to this city suffering from a terrible laceration of his arm, caused by having that member ground beneath the wheels of a switch engine there. A small wreck last night or early this morning made it necessary to call out the section men to assist in clearing up the debris, and while this man, named Lanadi, was on his way to the scene of the wreck he fell off laid down on the track in the way of the switch engine which was approaching, and the engine passed over the man's arm tearing it in a terrible manner, and if it had not been a light engine the injuries to the man would have been even more severe. He was brought to this city about 10 o'clock this morning and taken to the Perkins House and medical assistance summoned to look after him, as he was suffering greatly from the injury. It is thought that it may be necessary to amputate the arm.

JACOB KOCH IN CHARGE OF HAVELOCK CIGAR FACTORY

William Budig of this city returned home Sunday evening from Havelock, where he was looking after the interests of his cigar factory in that city. Paul F. Budig, who has been acting in the capacity of manager of that factory for the past several months, has resigned his position, and Mr. Budig was in that city placing Mr. Jacob Koch, of South Omaha, in charge of the factory as manager. That Mr. Budig was very fortunate in securing Mr. Koch goes without saying, as he is an expert cigar-maker and was for a number of years employed at that trade in this city and was considered one of the best here. The new manager has taken full charge of the business and will proceed to give the people there a first-class cigar factory.

Duroc Jersey Sale.

My annual sale of Durocs will be held at my home Tuesday, November 11. There will be in the offering about 35 head of boars, 30 gilts, and a few tried sows. Catalogs will be ready October 15. Send for one.

V. E. Perry.

STATE MILITIAMEN NOW OCCUPY THE RIFLE RANGE

The state rifle meet, which is being held at the rifle range, north of this city, has brought some fifty or sixty of the expert shots of the state militia to the city, who are now busily engaged each day in practice at the targets. The men have brought with them their camp equipment and are encamped at the range. The shoot is to last for the week and the trophies and medals won by the different crack shots will be presented by the governor of the state, Hon. John H. Morehead, at the close of the meet. There has been a number from the city present to witness the shooting and the men of the state militia show considerable skill in their work and are making excellent records. The camp is in charge of Major Brinkner, representing Adjutant General Hall, and he is conducting the shoot in a very able manner and getting splendid results from the work of the men.

APPLICANTS FOR SECOND NATURALIZATION PAPERS AT THE CLERK'S OFFICE

In the naturalization department of the district clerk's office yesterday Carl Ernest Neilson, a native of Sweden, residing near Nehawka, applied for his naturalization papers. He came to this country in 1890 and has concluded to become a full-fledged American citizen. William Lee, who came to this country from England in 1885, and has resided for the past few years near this city, was also one of those seeking to become a citizen of this great republic and made his application for his second papers.

Different People.

There is a great difference between people. Everybody has something that distinguishes him from others. Some people can withstand all changes of the weather, they do not get sick easily, while others are great sufferers. It is usually loss of appetite and of strength that attacks them first, and we wish to recommend them, in every such case, Triner's American Elixir of Bitter Wine, to clean them out and to strengthen them. By a prolonged use of this remedy the digestive organs will become stronger and will be able to repulse attacks of sickness. Use this remedy as soon as you will notice any weakness, loss of appetite, constipation, headache or pain in the joints, nervousness, in fact, whenever you feel indisposed. At drug stores, Jos. Triner, Importer and Exporter, 1333-1339 S. Ashland Ave., Chicago, Ill. In rheumatic pains, strains, sprains, Triner's Liniment will bring prompt comfort.

German St. Paul's Church.

Our annual "Missionsfest" will be held on Sunday, October 12. In connection with it we will celebrate the "Erntedankfest." Rev. A. Matzner, from Tilden, Nebraska, secretary of the Nebraska district, will be present. Services will be held in the forenoon at 10:30 and in the afternoon at 2:30. A number of our Omaha friends will be present, and the members are requested to show hospitality to our guests, as they did in former years. Having received a letter yesterday from a friend of mine, Rev. L. Wagner, from the mission station Wareo, in Deutsch-Neuguinea, Australia, describing his work among the Papuas, I will read this letter to the congregation at the afternoon service. A hearty welcome is extended to all.

The instruction lessons are given on Saturday afternoon, in English, from 1:30 to 2:30; in German, from 2:30 to 3:30.

The annual ministerial conference will be held on Wednesday, October 12, at Plymouth, Neb.

A Marvelous Escape.

"My little boy had a marvelous escape," writes P. F. Bastians of Prince Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a very severe attack of croup. As luck would have it, I had a large bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger." Sold by all dealers.

The Golden Gift of Life is HEALTH

Head erect; shoulders back; chest out;—sound lungs
—a sturdy frame—

There's the message of "RIGHT-POSTURE"—the new suit for America Jr. And this is the new thing we've been telling you to watch for.

In the back of the coat is a patented construction—a tonic for the spine—correcting the stoop tendency that brings with it round shoulders and cramped lungs.

"RIGHT-POSTURE" does not hinder the free movement of the back and arms—it helps.

The fine manly lines of the Coat; the athletic shoulders and waist line, make a strong appeal to the little chap.

"RIGHT-POSTURE" is shown in a distinguished variety of Fancy Norfolds and pleat backs.

"RIGHT POSTURE" is an ideal School Suit. It corrects the tendency to stoop when sitting at the desk. Ask to see them. *Inexpensive—durable—high grade.*

MAN NAMED BLACKETT STARTS UP SOME TROUBLE

From Wednesday's Daily. Yesterday afternoon a man by the name of Blackett attempted to cause a state of war on the streets when he became involved in a controversy with Louie Rheinhackle, who was settling in a buggy waiting for his father-in-law, Ben Beckman, who was in one of the stores making some purchases. The man, Blackett, came up and demanded that Louie come across with some money that he might further tank up, and on the refusal of Mr. Rheinhackle the man became quite wrathful and grabbed hold of the whip, announcing that he would see if the money was not produced. In the struggle that ensued, as Mr. Rheinhackle jumped from the buggy, the whip was broken and the men had just clinched when Officer Neumann appeared on the scene and placed them under arrest, and Blackett was taken over to the jail, while Louie was released, as the evidence of the bystanders was to the effect that he had been only acting in self defense. Blackett was later released, as he promised to leave town, as he was to be employed on a farm, and accordingly he was turned loose left at once for the place where he will be employed.

The Journal for stationery.

Building Not Sold.

From Wednesday's Daily. In the account of the sale of the building owned by Weyrich & Hadra to Messrs. Waga and Schuldie, which appeared in Monday's Journal, the statement of the purchase was rather premature, as the gentlemen have not as yet made the purchase, and our informant in the matter was not reliably informed as to the situation. This statement is made in justice to all the parties concerned in the deal.

UNION SCHOOL BUILDING A HANDSOME STRUCTURE

From Wednesday's Daily. This morning D. W. Foster, G. W. Cheney, M. G. McQuinn and R. D. Stine of Union were in the city looking after some matters in connection with the erection of the new school building in that city. The people of Union, who recently raised \$10,000 for the erection of the new school building, have found that it will be necessary to secure more funds to carry on the work, and yesterday voted \$5,000 more bonds to aid in putting the school building up. When the people of Union have their school building completed it will be one of the best and neatest school buildings in the state and be a great addition to that enterprising little city.

CASS COUNTY SUNDAY SCHOOL CONVENTION AT UNION, NEBRASKA

The Cass county Sunday school convention which will meet in Union on the 23d and 24th of this month gives promise of being one of the best conventions that has been held in this county in several years. The speakers for the meeting have been selected from among the most prominent and successful of the Sunday school workers in the state, and in Miss Ella Margaret Brown and W. H. Kimberley the convention will have the pleasure of hearing two of the most forceful of the members of the state Sunday school working forces. The good people of Union have prepared for some very pleasing entertainment for the visiting delegates during their stay in that city, and a splendid musical program will be given by the Union Glee club at the sessions of the convention, which promise to be among the most pleasing features of the meetings. This city will be well represented at the convention if the weather will permit, as many of the Sunday school workers from here will go to Union in automobiles to take part in the convention and enjoy the good things in store for those attending the meeting.

THESE FALL days when every day begins and ends with a chilly air, and most any day will bring a touch of winter; then is the time that every outdoor man should enjoy the comfort and protection of a Sweater Coat.
