

Ten Special Points of Excellence Found Upon Racine Sattley's New Stawana Gang Plow

The Plow with the "AUTOMOBILE STEERING GEAR"

Please Note All Are Exclusive Features Not Found on Any Other Plow Made.

First—Steering Gear. Automatic style direct and position, no springs—allows the plow to turn at right angles, either to the right or left, prevents sliding of the front land wheel and takes all strain from same when turning. Every time the front furrow wheel turns either way the front land wheel is forced to turn in exact unison.

Second—Hitch. Two horses on EACH SIDE of the pole, regular farm wagon eveners, no patent equalizers needed. Center of draft lies exactly between the two teams, permitting them to walk as straight and naturally as though they were hitched to your old farm wagon.

Third—Land Wheel. Front land wheel is set directly opposite the front furrow wheel, the arm holding same being at the extreme front corner of the frame. The land wheel is set at an angle or inclined in at the bottom, same as the furrow wheel.

Fourth—Side Draft. This construction "Hitch and Land Wheel" secures greater leverage in controlling the course of the plow and does away with ALL SIDE DRAFT.

Fifth—Control. The tongue controls all three wheels by placing the land wheel at the extreme front of the frame, enables us to connect it direct to the tongue post.

Sixth—Single Ball. Beams and bottoms being hung in frame on one ball gives this plow a flexible floating bottom

and insures at all times every pound of weight, including the drivers, being carried on the wheels. This gives us our light draft and allows the wheels to pass over rough ground without in the least affecting the depth of the furrow.

Seventh—Furrow Wheel Control. Automatic steering rod—no side thrust on tongue; adjustable rear furrow wheel not affected by horse motion.

Eighth—Foot Lift. Extremely high—double bearing—adjustable to small boy or large man—conveniently located and when bottoms are raised no levers are in the way and it comes just right to be used as a step for the operator to reach the seat.

Ninth—Main Frame. One piece—no joints—extra heavy stock—will not spring.

Tenth—Shares. Made of "Sattley Special" soft center steel, absolutely guaranteed against breakage and warranted to scour in any soil.

The New Sattley Stawana Gang Plow is no experiment. We have built it for three years with this plow as now perfected. The Racine Sattley company this year made a killing and with it cleaned up the plow trade of Kansas, Missouri, Illinois, Wisconsin, Ohio and Indiana, and intend to do the same in Iowa and Nebraska this fall and the spring of 1914.

The plow speaks for itself. Every live dealer and farmer, after going over its many excellent points not found on any other plow made, must admit its superiority.

We absolutely guarantee this gang plow in every way.

WHAT A GERMAN PAPER HAS TO SAY ON THE DISTRICT JUDGE

Infolge des erfolgten Ablebens des Districtrichters H. D. Travis ist der Oktober-Termin für Otoe County ausgesetzt worden und werden die Straffälle mit dem Dezember-Termin verfahren werden. Nach hierher gelangten Nachrichten wird der Gouverneur innerhalb dieser Woche einen Nachfolger für Richter Travis ernennen, und steht zu erwarten, daß Herr D. O. Dwyer von Plattsmouth, ein langjähriger Freund des verstorbenen Richters Travis, für den Rest des Amtstermins von Gouverneur Morehead ernannt werden wird, umso mehr er zu den tüchtigsten Rechtsanwältinnen des südöstlichen Nebraska und besonders dieses Districtes zählt. Wenn die „Staats-Zeitung“ Herrn Dwyer aus voller Ueberzeugung unterstützt, geschieht dieses aus dem Grunde, daß derselbe durch seine Fähigkeiten dazu berechtigt ist, abgesehen davon, daß Otoe und Sarpy County für den Zeitraum von je acht Jahren die Ehre hatten, einen Districtrichter aus ihrer Mitte erwählt zu sehen, während Cass County, berufen durch das Ableben von Richter Travis diese Ehre sich nur für den Zeitraum von etwas mehr als fünf Jahren zu erfreuen hatte. Es wäre daher nicht mehr als billig, wenn die Wähler von einem tüchtigen Rechtsgelehrten aus der Heimat des allbeliebten Richters Travis angefüllt würde, um dessen Gedächtnis zu ehren.—(Nebr. Staats-Ztg.)

As Translated to English.

The foregoing, from the Staats-Zeitung, a German paper published in Nebraska City, Auburn and Falls City, has been translated to English as follows:

Owing to the death of the District Judge, H. D. Travis, the October term of court has been postponed and combined with the December term. According to the news received here the Governor will nominate a successor for Judge Travis within a week and it is expected that Mr. D. O. Dwyer of Plattsmouth, for many years a friend of the late Judge Travis, will be nominated for the rest of the term by Governor Morehead, as he is considered one of the ablest lawyers in Southeast Nebraska.

The Staats-Zeitung supports Mr. Dwyer with a perfect conviction that he is entitled to the position by reason of his ability without mentioning that Otoe and Sarpy counties had the honor of selecting a District Judge from their midst for the period of eight years each, while Cass county, owing to the death of Judge Travis, had the honor only for five years. It is but just that the vacancy should be filled by a lawyer from the home of the well-beloved Judge Travis in order to honor his memory.

A. S. Will returned this afternoon from Omaha, where he had been for a few days looking after some matters on the live stock market in South Omaha.

VERY EXCITING GAME SUNDAY AFTERNOON

(Continued From First Page.)

throw to Smith at first he was safe on the bag; Fahenstock was safe on a little liner to second base, W. Pitman secured a safe little hit to shortstop and Mase-man made a dash for the home plate but was caught by Wolff and tagged out; H. Gruber placed another warm one to short stop and on this Fahenstock came across with a score. J. Gruber and Graham who followed both struck out. In the Plattsmouth half of the inning there was nothing doing although Mann and Mason both succeeded in getting on a base.

In the seventh inning there was nothing stirring in the way of scoring by either side although the visitors had several men on bases at different stages of the game.

In the eighth spasm the Avoca bunch tied up the score when Fahenstock grabbed one of Connor's slants for a safe one to short on which he was called safe and when W. Pitman hit to left scored the run that tied up the game. This was all that was doing after this on either side, although several times there were men on the bases which seemed almost certain to score, but they did not succeed in getting over the pan with the needed run and the crowd after three hours of a most interesting game, were compelled to go homeward with the result undecided.

The lineup was as follows:

Avoca.	Boosters.
C. Gruber, c.	Wolff, c.
J. Gruber, p.	Connors, p.
Graham, 1st.	C. Smith, 1st.
Fahenstock, 2nd.	Salsburg, 2nd.
W. Pitman, 3rd.	Arries, 3rd.
M. Pitman, rf.	Hirz, rf.
H. Gruber, c.	Mann, c.
Maseman, lf.	Mason, lf.

JUDGE DISMISSES CASE OF APPOINTING GUARDIAN

In the application for the appointment of a guardian for Mrs. Elizabeth Wiles, the aged widow of the late Stephen Wiles, which occupied the attention of Judge Beeson in county court all day yesterday, the case was wound up this morning and the attorneys in the case, after argument, submitted the matter to the court. After hearing the evidence, which was quite extensive on both sides, and the argument of the attorneys, the judge decided to dismiss the case and deny the prayer of the petitioners for the guardian.

LARGE NUMBER ATTENDED RECEPTION AT THE C. A. RAWLS HOME

Last evening at their handsome home on Pearl street Mr. and Mrs. C. A. Rawls and Mr. and Mrs. R. G. Rawls received informally a large number of friends in honor of Mr. and Mrs. J. A. Rawls of Three Forks, Montana, and Mr. and Mrs. N. B. Rawls of Boise, Idaho. As it has been a number of years since the old friends of these young people have had the pleasure of greeting them the Rawls home was filled with a very large gathering, who were delighted to again have their friends with them. The evening was passed most pleasantly by the company in visiting and renewing acquaintance with each other, and it was an occasion that was filled with great pleasure and enjoyment to all who, braving the threatening weather, were in attendance. During the course of the evening delicious refreshments of fruit punch and cake were served most charmingly by Misses Emma Cummins and Lillian Bajael, which added much to the enjoyment of the jolly crowd.

Amount in Error.

In the claim of B. Golding against the county for damages sustained in the building of the road along the river, which appeared a few night's ago in this paper, it was stated that the claim was for \$373, when it should have been district No. 373, as the claim of Mr. Golding did not name any sum.

G. Mattison, No. 7 Sherman St., Hornellsville, N. Y. For sale by all dealers.

CASE DISMISSED IN THE MATTER OF W. F. GILLESPIE VS. M. P. R. R.

Gillespie vs. the M. P. R. R. company. Mr. Gillespie sued the company for damages sustained in a car of grain, and he received judgment in the sum of \$90. The railroad company carried the matter to the supreme court, but has now decided to dismiss the case and pay the judgment and costs. NOT VERY MUCH ENTHUSIASM EXHIBITED FOR BETTER ROADS

There did not seem to be much enthusiasm shown in this city yesterday over the good roads proclamation issued by Governor Morehead, and there was apparently no rush of the citizens out to work on the highways. This is to be regretted very much, as there is no matter of more importance to a community than that of the good condition of the roads and the residents of the towns are as vitally interested in this matter as the farmer, as if the roads are not kept up in proper shape it will be impossible for the farmers to come in to do their trading and the merchant in the town suffers as a consequence. The city here has done a great deal in the past few years to improve the condition of the streets and will in the future do a great deal more, but on an occasion of this kind the citizens in general should have shown their interest in the matter by getting out and working for a few hours on the roads.
