## RUNAWAY SATURDAY DOES MUCH DAMAGE

Bad Runaway Saturday Results in Injury to Horse Belonging to E. A. Wurl.

A very lively runaway occurred late Saturday afternoon which might have resulted seriously to the parties driving the different teams, but the only damage done was to one of the horses belonging to the delivery team of E. A. Wurl and the damage to the buggy of Will Jean.

Mr. Jean had started from the city for his home, a few miles southwest of this place, driving his team, which was rather spirited, and when they were out

on Chicago avenue the horses became frightened and turned around, in which process Mr. Jean was thrown out, but fortunately, not seriously injured. The team then started to run back to town, and running up Sixth street turned out on Washington avenue and ran out as far as the Masonic Home, turning down the street and continuing its wild flight up that thoroughfare.

The delivery wagon of E. A. Wurl, driven by Cyril Janda, jr., had just come around the corner by the K. S. hall, and the driver, hearing the approach of the runaway team, turned out, but the frightened runaways dashed straight for the team of Mr. Wurl and the tongue of the buggy was buried in the breast of one of the horses on the delivery wagon, making a very severe wound. This checked the course of the runaways, but the buggy was badly damaged, in addition to the severe injury to the horse. The

injured animal was brought to town by the driver and Dr. O. Sandin, the veterinary, summoned, who sewed up the wound and it is thought that the horse can be saved.

It is almost a miracle that Mr. Jean or the driver of the delivery wagon were not seriously injured as a result of the runaway and mix-up, and they should be thankful for their escape.

### Avoid Sedative Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia, use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding place for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world-wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.

## FALLS CITY BALL TEAM WINS GAME FROM THE BOOSTERS

Despite the bitter cold wind and the wintery aspect of the day, quite a number of the dyed-in-the-wool fans gathered yesterday afternoon at the Booster ball park to witness the contest between the Boosters and the Falls City team, and although the cold weather interfered to a large extent with good playing, it was a close contest, being finally "eopped" by the visitors by a score of 9 to 8. The game was marked by a great deal of "crabbing" on the part of some of the visitors, but outside of that the game ran along very smoothly. Connor was in fine form and in spite of the cold pitched a good game of ball. Plattsmouth had a new figure in the line-up in the person of J. Neitzel, who caught for the locals, and his initial appearance was one that made a hit with the fans, as he possesses much steam and is able to deliver the ball around the bases swiftly and accurately. This will be the last game of the season, in all probabilities, as the cold weather makes it almost impossible to play base ball, and the season would have closed before but for the insistence of the fans on having it continued.

### The Fight is Still On.

No appointment to fill the vacancy on the Second district bench has yet been made by Governor Morehead and he is still being besieged every day by candidates for the place and others interested in the selection. Among the callers yesterday afternoon were D. O. Dwyer of Plattsmouth and W. W. Wilson of Nebraska City, both seeking appointment. Mr. Dwyer was at the governor's office at 8 o'clock, half an hour before Mr. Morehead himself. A delegation of Plattsmouth men opposing Dwyer also walked into the office about the same time. The meeting was unexpected on both sides. Later, Governor Morehead reached the office and gave Dwyer an interview. The latter wanted to be present when his opponents talked, but was ruled out. The party of anti-Dwyer men comprised T. H. Pollock, H. A. Schneider, J. P. Falter and G. C. Parmele.—Sunday's Omaha Daily News.

## FIRST WINTER WEATHER OF THE SEASON HERE

Yesterday the first forerunner of the winter season made its appearance in this city, when the cold and biting winds swept down from the northwest and made the citizens dig up their heavy winter coats and clothing. The wind was most intense and piercing and finally brought up with a sprinkling of snow about 11 o'clock yesterday morning, but it lasted only a few minutes and did not even make a showing. The weather this morning was fine and bracing, with the temperature a few degrees below the freezing point, and it made the average person long for a warmer climate and wish that some of the hot weather of last summer had been bottled up for use.
