PETITION SUIT FILED IN THE DISTRICT COURT TO QUIET TITLE

From Friday's Daily. A petition suit to quiet title was filed today in the district court by Albert Pendl against David Earwick, et al. The land in question is located in the north part of the city, just south of the Leesley farm, and since 1860, when it was conveyed by the government to William Gullion, there has been many owners and holders of mortgages on the land, and it is to clear up these flaws in the title that the suit is started. Mr. Pendl bought the property some years ago from Lorenz Leiner, and has retained full possession of the property, but desires to have the title cleared of all clouds.

WEEPING WATER HAS A SEIGE OF TYPHOID FEVER

The Martin Rich family, who have been having a siege of typhoid fever, are reported by Dr. Butler as doing nicely, although Miss Sadie, who was the family nurse for the other four members of the family, has contracted the disease and is now in the first stage of three or four days. They have had a nurse from Lincoln since Sunday night and Mrs. John W. Carter goes once a day to help out. Neighbors and friends have taken matters in hand and are seeing to it that the family are provided with cooked eatables, while some have taken in some very beautiful flowers. All these acts are being received by the family with the greatest gratitude, especially the lovely bouquet of American Beauties which were sent to Herman by the senior class of the high school.—Weeping Water Republican.
