

After Dark Chores are Easy for Jones

Jones has a big enclosed Acetylene light in his barn. A big, round, brilliant, white light.

A light he calls "the sun's little brother."

This big light is solidly fastened to a heavy timber, and unlike Jones' old oil lantern, it can't be tipped over.

Jones turns this high candle power light on—without a match, by simply pulling a little wire rod that hangs from the light.

On cold winter nights when its dark at 4:30.

When he gets home from town late—

Or when he has a sick "critter" to look after, Jones finds his big barn light a great convenience.

He says he wouldn't take \$1,000 for it.

Mrs. Jones too, shares in the good thing.

She has acetylene light in every room in her house, and her light fixtures are handsome ornaments of brass and bronze.

Mrs. Jones cooks also on a big gas range—an acetylene range that furnishes heat on tap—just like millions of gas ranges in big cities.

The acetylene which feeds this range and the lights on the Jones' place is, of course, home made.

It makes it himself with the aid of a Pilot Lighting Plant.

He fills the light machine with UNION CARBIDE and plain water, once a month.

This Pilot Lighting Plant gives Jones the safest and most practical light and cooking fuel available for country home use.

These Pilot Lighting Plants

Are not storage tanks. They make Acetylene—a very little at a time—as the burners use it.

The Pilot is one of hundreds of patented Acetylene machines.

All built on different principles to do the same work.

The test of time has brought "The Pilot" out on top.

The principle on which it works has proved to be the correct one.

Today we sell more Light machines than all other manufacturers in this country put together.

We sell these Pilot plants complete—through three factories and 3,000 local representatives.

We have a big eastern factory in Newark—a big central factory in Chicago and a Western Warehouse in Los Angeles.

A complete plant includes the machine, gas pipes, light fixtures and the cooking range.

Such a plant costs much less than a water or heating system. It is as permanent as either, and as necessary to make your home modern.

Our 3,000 representatives are residents in the districts they serve.

Each one established in a permanent growing business.

They are on the grounds to see to it personally that purchasers of Pilot plants get "value received" for their money.

In your district we are represented by

DEATH OF MRS. MARY O'LEARY A FORMER RESIDENT OF THIS CITY

From Tuesday's Daily.

Yesterday afternoon at 4 o'clock, at the home of her daughter, Mrs. Maria M. Cummins, in Bellevue, Mrs. Mary O'Leary, a former resident of this city, passed away after an illness covering some few weeks. Mrs. O'Leary resided in this city for a number of years, until her home on Pearl street, near the jail, was destroyed by fire, and since that time she has resided at Bellevue. Mrs. O'Leary was born in Virginia some eighty years ago, and for some fifty years was a resident of Plattsmouth and vicinity. One son of the deceased, M. W. Smith, is employed as watchman at the Burlington bridge here, and several other children reside in different parts of this state.

Constipation causes headache, indigestion, dizziness, drowsiness. For a mild, opening medicine, use Doan's Regulets. 25c a box at all stores.

MISS ANNA GILMORE AN AGED LADY, DIES NEAR WEEPING WATER

From Tuesday's Daily.

Miss Anna Gilmore, one of the aged ladies, residing for many years near Weeping Water, died at her home yesterday from tubercular trouble, from which she had been suffering for some time. Miss Gilmore was 57 years of age, and was making her home with her brother, Wilson Gilmore. The funeral will be held from the home, and the pallbearers are all nephews of the deceased, they being: William Gilmore, Charles W. Gilmore, Philip Tritsch, Charles Spangler, Len Hollenbeck, and the other, whose name we failed to learn. The deceased was a cousin of Dr. G. H. Gilmore of Murray.

YOUNG MARRIED MAN KILLED IN AN AUTO ACCIDENT AT CURTIS, NEB.

From Tuesday's Daily.

Mr. and Mrs. B. K. Windham of Glenwood received a telegram last Saturday evening telling them their son-in-law, Dr. Charles Roy Stewart, had been killed in an automobile accident near Curtis, Neb., where he was located as a physician. No particulars were given, and Mr. and Mrs. Windham left for Curtis at once. Owing to poor train service, they planned to go to McCook and drive from there by auto to Curtis, about forty miles. Dr. Stewart and Miss Mary Windham were married in August two years ago. They had no children and owned no property at Curtis. He was about 28 years old, and began his practice as a physician shortly after his marriage. His parents live just west of Lincoln. Eighteen months ago his sister, Mrs. Hunter, and the members of her family were victims of a tragedy on their farm near Crofton, Wyoming, when their house took fire. Mr. Hunter and one child were burned to death and Mrs. Hunter and one child escaped, after suffering terrible burns. The body will be brought to Glenwood for burial, and a funeral service will be held on Wednesday at 10 o'clock at the Windham home.—Glenwood Tribune.

NEW OIL PEOPLE WILL GET INTO THE PLATTS-MOUTH MARKET SOON

From Tuesday's Daily.

The wholesalers of oil and gasoline from the Kansas, Texas and Oklahoma oil fields propose to get into the markets in this city, as S. L. Collins of Nebraska City, who represents these companies in this locality, has just made arrangements for the placing of two large tanks for oil and gasoline on the Missouri Pacific right-of-way near the depot. The work of erecting the tanks will be started at once, and by the first of next week it is hoped to have them ready for use. This company will get busy in running an opposition to the Standard Oil company, which for years has had a practical monopoly in this city.

Epidemic Diseases.

Prof. Mathieu, director of the Ecological Station at Beaune, Italy, in his recent paper on "Wine and Epidemics," shows that wine is a strong antiseptic agent, and that the value of wine in epidemics of cholera and typhoid fever has been proved by the fact that those who used wine escaped, while the water drinkers were stricken with diseases. We have many times called the attention of our readers to the fact, that in diseases of the stomach and the bowels, Triner's American Elixir of Bitter Wine, being made of pure red wine, is the most dependable remedy. The herbs contained in this wine have a great medicinal value also; they will clean out the body in a natural way, without pain or any other difficulty, and will strengthen the digestive organs. At drug stores, Jos. Triner, 1333-1339 So. Ashland Ave., Chicago, Ill. In rheumatic and neuralgic pains you cannot find any better remedy than Triner's Linctum.

Visiting cards at the Journal office.

Asks for Child's Custody.

This morning complaint was filed in county court by County Attorney C. H. Taylor against Mrs. Winnie Broadwater and her husband, asking that the custody of their minor child be taken from them and that the child be given to the Nebraska Children's Home association, as the parents are not proper persons for the care of the child, which is allowed to grow up in bad surroundings and with the poor example set before the little one it cannot fail to fall into evil ways.

DEATH OF MRS. OLGA LOTSHAW AT ST. PAUL

Former Plattsmouth Lady Succumbs to Cancer After Long Illness.

From Wednesday's Daily.

The sad news was received in this city today by friends of the death at her home in St. Paul, Minnesota, of Mrs. Olga Lotshaw, formerly Miss Olga Hajek, of this city. Mrs. Lotshaw was operated upon in St. Paul last May, and the operation was pronounced a success at the time, but she failed to regain her strength as she should, which greatly worried the husband and family, and specialists were called into the case, who pronounced her to be suffering from cancer of the stomach. The patient gradually grew worse and on Saturday evening at 6 o'clock the spirit of this well beloved lady was summoned to its Maker.

Mrs. Lotshaw was for many years one of the leading figures in the social life of the city and was a prominent member of the choir of the Presbyterian church, and her death will come as a great shock to the many friends who had known her so long and with whom she was held in the deepest affection. She was married in this city about ten years ago to Prof. Lotshaw, and at once removed to St. Paul to make their home. The parents of Mrs. Lotshaw removed to St. Paul about three years ago, and there the mother died last year. Surviving the death of Mrs. Lotshaw is the husband and three children, as well as the heart-broken father.

NEW RESIDENCES UNDER CONTRACT AND BEING CONSTRUCTED

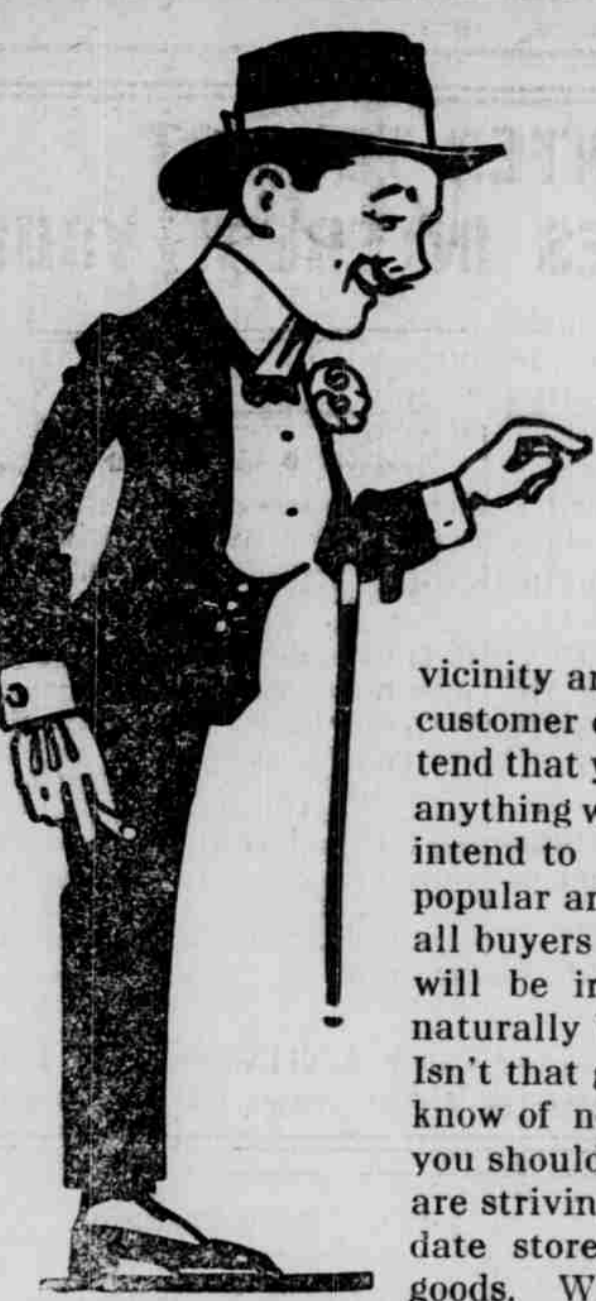

From Tuesday's Daily.

There is a large number of new new residences planned for this fall and in the early spring months in this city, and one of those that will be among the first erected will be that of Wayne Dickson on North Sixth street, and already the work of excavating for the building is under way. The new residence will be a two-story brick bungalow and will be put up in the most modern style, and when completed will be a very handsome home and make a fine addition to the large number of handsome residences that already make that street one of the handsomest in the city. The new residence will be erected on the vacant lots near the F. J. Morgan home, and as soon as the foundation is in the carpenter work will be started by L. G. Larson, who has the contract for the job of putting up the new house.

The new home of W. E. Rosencrans on Vine street is also getting along in nice shape and will shortly be in shape where it can be finished up before the real cold weather. The house is being built out of light brick, and when it is finished will be a most beautiful home. The chief feature of the home will be the fine porch built on the north side of the residence, which was planned by Mr. Rosencrans and is modeled after the southern mission style, with large fancy columns of light colored brick, and the porch will have a pannelled brick railing of some four feet high around the entire porch, which will make a touch of great beauty to the property.

For Sale.

Full-blooded Toulouse Geese; also a number of Pekin Ducks. Inquire of S. W. Ransom, west end of Main street. 41-5-d&w

We intend to get you

If you live in Plattsmouth or vicinity and are not already a customer of this store, we intend that you shall be. Is there anything wrong about that? We intend to make this store so popular and of such service to all buyers of clothing that it will be irresistible—you will naturally WANT to trade here. Isn't that good business? We know of no good reason why you shouldn't trade here. We are striving to keep an up-to-date store with up-to-date goods. We believe we have what you want. It's only a matter of arresting your attention. So look out! We are after you.

BURLINGTON TRAIN NO. 15 TO BE HELD AT PACIFIC JUNCTION

Burlington Officials Issue Orders to Have Train Held for Eastern Mail.

According to dispatches appearing in the State Journal this morning, in the future Burlington train No. 15, which arrives in this city at 8:15 a. m., will wait in Pacific Junction to make connections with No. 15 from the east, a fast mail train from Chicago. The citizens of Lincoln have become quite wrathful over the fact that the train passing through this city did not wait at the Junction for the connection, but came over before the arrival of the mail train.

The Lincoln Commercial club took the matter up and reported that the mail had been missed seventeen times between September 1 and October 13, and this was conveyed to the head officials of the Burlington in Chicago, who promised to see that the matter was looked after at once.

and the people of Lincoln given better treatment.

The order will prove rather inconvenient to the persons going to Omaha from this city, as it happens quite frequently that the mail train is late, and under the new arrangement the passengers here will be compelled to wait until it arrives at the Junction before their train will start out, and this will prove quite a hardship to those who have important engagements in the metropolis.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Thousands rely on Dr. Thomas' Eclectic Oil. Your druggist sells it. 25c and 50c.
