Don't Suffer Longer! RELIEF IS WITHIN YOUR GRASP

Don't try us as a last resort, but try us as a first resort, and you will never be disappointed. In acute cases our results are marvelous, quick and positive.

The accompanying illustration depicts a human spinal column, surmounted with the grandest handiwork of the Creator, the head, through which passes a conduit—the spinal cord—carrying the vital force—Life.

Two sections of the column are enlarged, showing two nerves leaving the spinal cord on their way to some organ within the body. See the difference in the size of the nerves. The large one is the health-giving one; the small one disease in the organ in which it ends. If you are suffering or ailing you have one of these, caused by luxation of the vertebrae. Let us fix this trouble before you become a chronic sufferer; if your trouble is already chronic, we can still conquer it.

Examination and consultation free. If trouble is not within our line or ability we tell you so. BACHMANN & BACHMANN CHIROPRACTORS Two Blocks North of the Catholic Church
