

ALFALFA LAND.

The Prince of Monaco was amazed at the "Twenty Miles of Countless Stacks of Alfalfa" on both sides of the Burlington through the Government Shoshone Project near Powell, Wyo., and was further surprised to learn that all this wonderful development had taken place within five years.

FARMERS ARE MAKING MONEY feeding this alfalfa to sheep, beef steers, dairy cows and hogs—the easiest and most profitable kind of farming.

GO WITH ME TO THE BIG HORN BASIN and file on one of these Government irrigated homesteads where alfalfa means money.

YOU HAVE TEN YEARS' TIME without interest to repay the Government the actual cost of water-right and you have plenty of water for irrigation. You pay down \$4.70 per acre and then skip two years before next payment.

CIVIL SERVICE EXAMINATION AT PLATTSMOUTH

A Vacancy Will Occur on Route 1, Out of Plattsmouth, December 31.

From Friday's Daily. The United States Civil Service Commission announces an open competitive examination as a result of which it is expected to make certification to fill a vacancy in the position of rural carrier at Plattsmouth, Cass County, Neb., and other vacancies as they may occur on rural routes at postoffices in the above-named county, unless it is found to be in the interest of the service to fill any vacancy by reinstatement, transfer or promotion. The usual entrance salary for rural carriers is from \$600 to \$1,100 per annum.

Age, 18 to 55, on the date of the examination. The maximum age is waived in cases of persons honorably discharged from the United States military or naval service. An applicant must have his actual domicile in the territory supplied by a postoffice in the county for which the examination is announced.

The examination is open to all male citizens of the United States who can comply with the requirements.

Application form 1344, and full information concerning the requirements of the examination can be secured from the secretary of the local examining board or the postmaster of the place named above, or from the U. S. Civil Service Commission, Washington, D. C.

Eligibles or registers established prior to March 1, 1912, can be considered for appointment only at the office for which they were examined. Such eligibles may be examined within one year from the date of their former examinations upon filing applications showing that they meet the requirements of the new examination, their old eligibility for their home offices not being canceled.

Applications should be properly executed and filed with the Commission at Washington. As examination papers are shipped direct from the Commission to the places of examination, it is necessary that applications be received in ample time to arrange for the examination desired at the place indicated by the applicant. The Commission will therefore arrange to examine any applicant whose application is received in time to permit the shipment of the necessary papers.

An eligible register for the position of rural letter carrier for each county will be maintained. A person must be examined in the county in which the postoffice that supplies his home is situated. As a result of such examination he may become eligible to appointment as rural carrier at any postoffice in such county. A rural letter carrier, after one year's satisfactory service may be transferred to the position of clerk or carrier in a first or second-class postoffice, to the position of railway mail clerk, or to other positions in the classified service, subject to such examina-

tion as may be required by the civil service rules. The vacancy in the force of rural carriers is due to the fact that N. H. Isbell, who drives route No. 1, has tendered his resignation, to take effect on December 31st.

FOUR IN VARIOUS STAGES OF VAGRANCY INVITED TO LEAVE OUR BEAUFUL CITY

From Friday's Daily. Yesterday Judge Archer received a call at his court room from some four individuals in various stages of vagrancy, and three of the parties acknowledged that they had been in an intoxicated condition and asked that the judge show them mercy for their shortcomings. The judge, after deliberating over the matter, decided that as the men were without means of paying their fines and would be a burden upon the taxpayers of the city, he ordered them to leave the city at once, and they proceeded to heat it out in short order and promised never to return to violate the ordinances of the city.

"Cub" Lambert, who was arrested last Sunday for being drunk, and who was released on bond of his employer, Thed Amick, came in this morning and pleaded guilty and received his medicine, a fine of \$5 and costs, which he paid and felt that he had been handled very easy.

FUNERAL OF MRS. WILLIAM ATWOOD THIS MORNING

From Friday's Daily. The funeral of the late Mrs. William Atwood was held this morning at 10 o'clock from the Methodist church in this city, the casket being taken there direct from the Burlington station, and for a half hour later the friends and old neighbors were given an opportunity to take a last farewell of their old friend. The sermon was preached by Rev. F. M. Druiner, pastor of the church, who spoke words of comfort to the sorrowing family, and paid a short tribute to the good woman who had been such a loyal member of the church during her lifetime. The casket was borne to beautiful Oak Hill cemetery, where the body was laid to its final rest beside that of the husband, who had preceded his helpmate several years ago.

BIRMINGHAM, ALA. F. L. Willis suffered greatly from asthma and bronchitis. He writes: "I got no relief until I took Foley's Honey and Tar Compound. It entirely removed those choking sensations, and never failed to produce an easy and comfortable condition of the throat and lungs." For sale by all druggists.

AN INTERESTING MEETING OF THE COMMERCIAL CLUB

Numerous Matters Discussed, Including Free Ferry Proposition and Light Question.

From Friday's Daily. The meeting of the Commercial club last evening took up the discussion of a number of matters of vital interest to the city, chief among which was the question of the light service furnished by the Nebraska Lighting company to the city and the patrons of the club room, and the fact that the lights in the club room were so dim that it was almost impossible to see to read by them, made the need for some action quite apparent. The matter was thoroughly discussed by the members present, and there was a unanimous sentiment that the citizens should receive better service, as under the present condition it is almost a waste of money for the patrons to try to use the lights, owing to their irregularity. The matter was finally settled by the passage of a resolution asking the mayor and the president of the Commercial club to call a mass-meeting at a convenient place at once, in order that steps can be taken to see that this city receives the proper light service, as the condition is becoming such that every person who uses the electric current is momentarily expecting to have their lights go out without warning, as they have on numerous occasions, and when they are going it is a hard matter to see with them.

The proposition of the free ferry was also taken up, and a committee appointed to confer with the business men of the city as to the advisability of securing the ferry and operating it for the benefit of the best interests of the city in bringing additional trade here, and the sentiment of everyone present at the meeting was that this was one of the best things that could possibly be done for the business interests of the city, as it would open a new field for the securing of trade. This free ferry is a live issue and one that cannot well be passed up by those who have the best interests of the city at heart, as it will undoubtedly prove to more than repay all the expense necessary to put it in operation. The fact of the rapid growth of the city was remarked upon by one of the prominent real estate men of the city, who stated that the value of city property had advanced rapidly and in some instances property had doubled in value in the last five years, and the rapidly increasing flow of new residents has placed the value of residence property at a figure that would have been thought impossible a few years ago. The confidence of the citizens here in the city and its interests has been responsible more than anything else, and the fact that they are beginning to realize the real value and worth of the city of Plattsmouth is what is bringing it to the front, as during the past season there has been more improvements made of residences and business houses of the city than at any time in the last twenty years, and the work in the future points to even greater things for the city. The meeting of the club was not lengthy, as many of the members desired to attend the theater, and the meeting adjourned with all the members filled with enthusiasm for the bigger and better Plattsmouth movement.

First Story Hour.

From Saturday's Daily. The first story hour of this winter's season was held at the library rooms this morning at 10 o'clock, and was attended by some 175 children. The hour was devoted to a program which had been prepared by Miss Anna Heisel, being one in deference to the Thanksgiving season, and proved very interesting and entertaining to the large number of children present. These story hours will be conducted at the library rooms every Saturday morning during the coming winter months.

ATTEMPTED BURGLARY AT THE HOME OF HENRY HEROLD LAST EVENING

From Friday's Daily. Last night the city received a visit from burglars, they having made their entrance into the Henry Herold home on North Fifth street, but there were no valuables taken as far as can be ascertained, as the parties were scared away before they had time to make a thorough search of the house. The burglar made his entrance through a window on the first floor of the house, and in getting in the party or parties removed the storm window, setting it near the window, and this is what caused the burglar's downfall, as after he was in the house the wind blew the window over and broke it, and this awoke the family upstairs, who at once started down stairs to investigate the cause of the noise, and the man was frightened away, making his escape through the open window and getting away. The police were notified of the attempted burglary, but when they arrived on the scene the party had made good his escape.

MISSES BESSIE AND COENNA HANDLEY ENTERTAIN YOUNG FRIENDS

From Saturday's Daily. Last evening a very pleasant gathering of young people occurred at the home of the Misses Bessie and Coenna Handley, when these young ladies entertained in a most charming manner some forty-four of their schoolmates. The evening was most pleasantly spent in the playing of a number of games that are always enjoyed by the young folks, and much amusement was derived from these games. The Handley home was prettily decorated for the occasion and made a very handsome setting for the large crowd of happy young people who were present to take part in the event. At a seasonable hour a very tempting two-course luncheon was served, which aided in making the event one of the most enjoyable ever participated in by the young folks, who on departing expressed their delight at the pleasant hospitality extended to them by their charming hostesses.

WELL TOLD

By a Plattsmouth Resident. The following has more interest for Plattsmouth residents than it otherwise would have because Mr. Barclay is one of ourselves, a citizen of Plattsmouth. If it prove of assistance to but one person in Plattsmouth it will have been well worth the telling: W. M. Barclay, proprietor of restaurant, Main street, Plattsmouth, Neb., says: "I have not had a single symptom of kidney complaint since Doan's Kidney Pills cured me several years ago. I am glad to confirm the statement I gave before, endorsing them. I was bothered by lameness across my loins when I began using Doan's Kidney Pills. They soon rid me of the trouble." The above statement must carry conviction to the mind of every reader. Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the remedy backed by home testimony. Secures Bunch of Feeders.

George Reynolds, one of the enterprising farmers residing some six miles south of this city, yesterday morning received a carload of fine cattle, which he will feed at his farm during the coming season. Mr. Reynolds is one of the live farmers of his locality, and thinks he has an exceptionally fine bunch of stock here, which will bring him good returns on the market when they are fattened up in proper shape.
