PLATTSMOUTH, NEBRASKA, THURSDAY, NOVEMBER 27, 1913

NO. 93.

## CITY COUNCIL HOLDS REG- ULAR SESSION

There Was Not Much Doing and  
the Meeting Adjourned at  
an Early Hour.

From Tuesday's Daily.  
There was peace and quiet hovering in large-sized chunks over the meeting of the city council last evening and the session of the city legislators was over inside of an hour after the gavel of Mayor Sattler called the meeting to order. All of the members were on hand when the meeting opened and ready to take part in anything that might come up, but fortunately there was nothing of any serious consequence to be acted upon, with the exception of the automobile speed ordinance, which during the past few months has been passed over from one meeting to another, but last night the measure, amended to suit the councilmen, was placed on its first reading and it sounded so good to the councilmen that, on motion of Richey, it was placed on its second and third readings and passed without a dissenting vote, which is some record for an ordinance.

There was a petition presented to the council from Wayne Dickson and six other property owners on North Sixth street asking permission for the construction of a private sewer from their different residences to connect with the main sewer by way of the Seventh street extension.

The streets, alleys and bridges committee reported that the street in the west part of the city near the Tulene residence had been opened up for travel.

Councilman Bultery stated that he was of the opinion that the city could save itself money by making a headquarters for the police in the brick building in the rear of the city hall, as well as partitioning off a part of this as a place where "bums" could be stored on cold winter nights, instead of at the "bum shanty" where the police were unable to keep their eyes on them, and if they were kept at this place there would be no trouble in locking the men up so that they would not be getting out whenever they wanted to.

Councilman Bajock had inquired into the matter and found upon investigation that it cost about \$10 per month to maintain the present "bum shanty", and that if the brick building in the rear of the city hall or the basement of the city hall was fixed up it would make a much better place and save the city money, as well as enable the police to keep their eye on the men who were put in for the night. The mayor was of the opinion that the basement of the city hall would make the best place for a room of this kind, as it could be fixed up without much expense and save the city money. The matter was finally referred to the police committee to investigate and report at the next meeting as to the cost of making the changes necessary to place the basement in the proper shape for the use of the police.

Councilman Lushinsky called the attention of the city council to the fact that the city sprinkler was allowed to stand outside exposed to all kinds of weather and he thought that a shed or suitable place should be fixed up to care for this vehicle, which it should not be allowed to suffer from being exposed to the elements. Councilman Johnson was not in favor of putting up any more buildings around the city hall, but thought that one of the sheds already up could be fixed up to take care of the sprinkler.

There was quite an amount of small repairs ordered on the streets in different parts of the city before the bad weather set in for the winter. Councilman Bultery called the attention of the

## To Visit Aged Mother.

From Tuesday's Daily.  
This evening Attorney D. O. Dwyer will depart on No. 2 for a trip back to Michigan to spend Thanksgiving with his aged mother, Mrs. Mary Dwyer, who resides in Lenawee county, in that state, with another son. The mother of Mr. Dwyer has reached the ripe old age of 84, and the visit of her son will doubtless make the Thanksgiving season even more enjoyable than usual and cheer her mother's heart. Mr. Dwyer expects to return to Plattsmouth by Sunday evening, as his legal business demands his attention.

## MARRIAGE LICENCE BUS- INESS BEGINS TO PICK UP

From Tuesday's Daily.  
The approach of the holidays has brought on a corresponding increase in the number of young people who are to join their lives and hearts in the bonds of wedlock, and yesterday County Judge Beeson issued permits to wed to Frank Blotzer, jr., aged 29, of Cullom, and Miss Esther Reinke, aged 29, of Murdock. These two young people are well known throughout this section of the county and their many friends will be delighted to learn that they have decided to take the journey down the pathway of life as one in the future. They will be married Thanksgiving day.

Reuben Groenener of Michigan and Miss Ethel Wiles of near Weeping Water were also granted the consent necessary to make their happiness complete. They will be married at the home of the bride's parents, Mr. and Mrs. Thomas Wiles, near Weeping Water, and to the charming bride and her worthy husband the best wishes of a host of friends will be extended.

## NEW SON ARRIVES AT HOME OF FLOYD BULL

From Tuesday's Daily.  
A telegram was received this morning by Dr. C. A. Marshall announcing that the home of Mr. and Mrs. Floyd Bull, at Lodi, California, had been visited by the stock yesterday morning and that they were the parents of a fine new ten-pound boy baby. The young man will receive the title of Marshall Rankin Bull, and it is the sincere wish of the many friends of Mrs. Bull, who was formerly Miss Gladys Marshall, that the little son may live to be a joy and comfort to his parents in the years to come. "Grandpa" Marshall is feeling very much elated over the new arrival in the family, while Mrs. Marshall was at the Bull home in time to welcome the new grandson.

## ALBERT ALFORD STILL IN A BAD SHAPE

Albert Alford was injured last Friday evening, the presumption being that a cow kicked him, and so far has not recovered his faculties enough to tell just how it happened. He had gone to the barn to milk and was found later lying on the cement floor with a contused spot just above his ear and the blood running out of his ear. He rouses up partially at times and then sinks back into a state of unconsciousness. The doctors say there is probably a blood clot on his brain, and the outcome is hard to determine, depending entirely on whether nature can absorb it or not. In the meantime his condition is critical.—Nehawka News.

For some time past hunters, and especially their dogs, have been annoying my cattle to a great extent, and I am compelled to notify all hunters that they must keep off my premises in the future.  
Ralph Haynie.

## RECEIVES THEIR DUES IN THE POLICE COURT

Two Men Arraigned on Charge of  
Beink Drunk and They  
Receive Sentence.

Yesterday afternoon the court of Judge Archer was filled with the usual Monday collection of parties suffering from the effects of their Saturday celebrations, and they were handled in the usual able manner which the judge gives to this kind of cases. Joseph Adamson was the first of the quarry secured by the police to be brought in for trial, and he entered a plea of guilty to the allegations made against him as to the fact of his being found in a state of intoxication, and the judge administered a fine of \$2 and costs upon him, but as Joe was not possessed of enough of the filthy lucre to liquidate this amount the court decided to give him an opportunity to leave the city, which he promised faithfully to do, and did not waste any time in getting out of the city.

The next of the parties to be arraigned was James Finney, who acknowledged that he had perhaps overestimated his capacity for alcoholic stimulants and had been gathered in by the trusty guardians of the public peace to answer to the charge before his honor, the judge, James received the same fine that had been given to the preceding visitor, that of \$2 and costs, but was more fortunately situated and was able to pay the amount and was allowed to go his way a free man, with a lecture from the judge on the dangers that lurk for the unwary in this habit.

The judge adopts a wise policy in letting these undesirable characters "beat it" out of the city, as they would only be an added expense to the taxpayers if they were to be kept in jail, and as their offense is slight it would be of no benefit to hold them here for a few days or a week.

## EUGENE MAURER TAKEN DOWN WITH TYPHOID FEVER

From Tuesday's Daily.  
The many friends of Eugene Maurer will be greatly grieved to learn that this young man is suffering from an attack of typhoid fever and is in quite a critical condition at the home of his mother in Glenwood, where he was taken on Sunday. He began to feel quite badly on last Thursday and laid off from his duties in the Burlington shops, thinking it only a slight indisposition, but he grew worse and decided to go to his mother at Glenwood, and there was taken down with the affliction and is now in quite bad shape, his temperature reaching 110.

## Colonel J. H. Thrasher Sick.

The friends of Colonel J. H. Thrasher will learn with regret that the genial colonel is confined to his bed with an attack of stomach trouble. He was compelled to return to his home yesterday morning feeling quite badly, and this morning was unable to be up and around. It is hoped that in a few days he will be able to resume his active business duties.

"Generally debilitated for years. Had sick headache, lacked ambition, was worn out and all run down. Burdock Blood Bitters made me a well woman."

Journal office.

## Entertainers Very Fine.

From Tuesday's Daily.  
The Herald Square Entertainers last evening gave a very pleasing entertainment at the Parme theater and the work of the young men composing the company was most excellent and they are a clever and talented organization and their musical entertainment was worthy of a packed house, as their offerings of both vocal and instrumental music was as good as has ever been given in this city.

## ELKS GETTING ALONG FINE ON NEW BUILDING

The work on the new Elks' club house is being pushed along rapidly and the brick masons are now engaged in the work of putting in the new brick foundation that will support the building, and efforts will be made to have the rest of the building ready for the workmen. There will be a great deal of remodeling necessary to place the structure in the proper shape for the use of the Elks and there will not be enough left of the old building to tell about when the work is taken up, as it will be in a few weeks, and the completion of the building will give the Elks a club house they can well feel proud of and one of the most comfortable possessed by any lodge in the state.

## THREE MEN FROM LOUISVILLE HERE IN TROUBLE

From Tuesday's Daily.  
Last evening Sheriff Quinlan and Deputy Sheriff Manspaker returned from Louisville, where they were called to secure three men wanted for assault upon one Will Vosburg, who was employed with the men on some work near Louisville for the Murphy contracting company. The men—Fred Cleveland, Roy Ray and Roy Lamb—were arraigned on a complaint charging them with assault, and were given a fine and are now negotiating for the funds to release them from the county bastille, and in the event that they cannot secure the amount, they will receive a stiff jail sentence that will teach them a lesson. The case is one filled with quite a number of very loathsome details, and with the fines the men are getting off pretty easy. Lamb, who is a black lamb, was in the city several months ago, being employed on some grading work.

## THANKSGIVING WEDDINGS REPORTED QUITE NUMEROUS

From Wednesday's Daily.  
The Thanksgiving day weddings in this county will be quite numerous, judging from the marriage licenses turned out by Judge Beeson yesterday afternoon and today. Howard C. Brown of Sioux City, Iowa, and Miss Maude A. Covert, of this county were granted a license yesterday afternoon for their wedding tomorrow, as was also Ray J. Kissinger of Glenville, Nebraska, and Miss Bertha M. Bornemeier, of Murdock, this county, who will be married tomorrow at the home of the bride's parents, near Murdock. Another couple to secure the necessary permit to wed was Earl C. Baum of Havelock and Miss Edith M. Anderson of Louisville, who will also celebrate Thanksgiving by being united in wedlock.

## Mrs. West Very Low.

From Wednesday's Daily.  
This afternoon Mrs. Carl West, who is at the hospital in Omaha, was reported as being in a most serious condition and there was little hope held out to the family that she could recover.

## G. A. R. ENJOY A DELIGHTFUL CAMP-FIRE

Address by the Department Com-  
mander and an Elegant  
Musical Program.

From Wednesday's Daily.  
Last evening the members of McConkie Post, G. A. R., and the Woman's Relief Corps held a most delightful campfire at the Modern Woodman building, and one of the most pleasant events of the year was enjoyed by the members of these organizations and their families.

A very pleasing musical program had been arranged by the committee in charge and the occasion was one long to be remembered by all fortunate enough to be in attendance. Vocal numbers were given on the program by Miss Mathilde Valery and W. G. Brooks, two of our most talented musicians, and their offerings to the program were thoroughly enjoyed, as the excellence of their numbers were up to the usual high standard that characterizes their work, and it is unnecessary to say more of their splendid voices. One very pleasing feature of the occasion was the violin trio by Masters John Eggenberger, Robert Kroehler and Miles Altman, and these young gentlemen displayed great talent in their rendition of their number, which was loudly cheered by the delighted auditors. The address delivered by Rev. F. M. Druliner of the Methodist church was also much enjoyed and gave the members of the Grand Army and Relief Corps an opportunity to hear this gentleman, who is one of the most pleasing orators in the city, and his talks are always full of deep thought and show the careful study given to his subjects. Mrs. William Baird and Miss Ellen Windham gave two very pleasing readings in their usual finished manner that has charmed so many Plattsmouth audiences in the past, and it was certainly a treat to have these ladies on the program and their selections were well chosen and delivered in a manner that won the deepest appreciation of everyone present. The instrumental number given by Mrs. A. O. Eggenberger proved to be a fine addition to the strong program arranged, and this talented lady won everyone by her delightful selection on the piano.

The chief address of the evening was delivered by John A. Dempster of Omaha, department commander of the G. A. R. for Nebraska, who gave a talk on the work of the Grand Army, and his talk was thoroughly appreciated by the members present at the meeting last evening, and it was with great regret that they were not allowed to hear more from this polished orator.

After the enjoyment of the program the guests were invited to the dining room, where the ladies had prepared a most delicious luncheon, which, added to the excellent program prepared, made the event one of the most pleasant in the history of the Post and Corps, and everyone departed hoping that they might in the future have the opportunity of enjoying many more such affairs.

Beautiful Shetland Ponies  
for sale at all times, for the next 100 years, unless I die in the meantime. I have now an extra fine stallion, the best in the state, for sale. Well broke for both harness and saddle.

For Sale.  
240 acre farm, well improved. Two and a half miles from Alvo, Nebraska. Easy terms, \$130 per acre.  
J. P. Rouse.

## Presents Dog to Friend.

The following item will be of interest to the friends here of Byron Clark, the eminent Burlington attorney, formerly of this city, but now residing in Omaha: "R. C. Young received a fine thoroughbred bird dog from Hon. Byron Clark Tuesday afternoon. The dog is said to be the finest chicken dog ever raised in northwest Nebraska. He has taken to Francitas like a duck to water, though surprised at the wonderful development of the country."—Francitas (Tex. Rec.)

## WOODMAN CIRCLE ENJOY A MOST PLEASANT GATHERING

From Wednesday's Daily.  
One of the most pleasant social events given by any of the fraternal societies of the city was the dance given last evening at the A. O. U. W. hall by the Woodman Circle, and the large crowd of young people, as well as the older ones, enjoyed themselves to the utmost until the midnight hour. Preceding the starting of the dance a drill was given in the lodge room by the degree team of the lodge, composed of some eighteen ladies, and under the leadership of their captain, Mrs. M. E. Manspaker, executed some very fine drills. The degree team wore attractive uniforms of white with belts and collars of lavender and pale green, the colors of the order, and their appearance was one most pleasing to the eye, as they executed the different movements of the drills. The dance hall on the main floor had also been decorated in the colors of lavender and pale green, streamers of these colors being draped through the hall, and it made a very suitable setting for the pleasant dance, which was enjoyed to the utmost by all present. The music for the dance was furnished by Frank Janda and Miss Pearl Mumm and was excellent and much enjoyed by all present.

## SURPRISE PARTY AT G. A. KAFFENBERGER HOME MONDAY NIGHT

There was a very pleasant surprise party given at the G. A. Kaffenberger home Monday evening, when a number of the school-mates and friends of Miss Ota called and gave her a reminder of the fact that it was her birthday anniversary. The young lady had not received the slightest intimation of the proposed visit of her friends and was out of doors when they called, and her surprise can be imagined as she stepped into the parlors to find them filled with a gathering of her friends. The evening passed very quickly in the playing of various games among the young people, and at an appropriate hour the party were treated to some very delicious refreshments that had been brought along by the ladies of the invading party, and the evening, or rather early morning, was brought to a close by dancing the Virginia reel.

## Parents of a Fine New Son.

The home of Mr. and Mrs. Edward Maurer, in the south part of the city, was gladdened Sunday by the arrival of a fine bright-eyed baby boy, and the little one and the mother are getting along in fine shape and it is thought the father will recover from the effects of the joy over the new addition to the family. This is the first child in the Maurer home and consequently there is nothing too good for the little man.

For Sale.  
One 15-horse Lawson gas engine (portable). Very cheap. Write or inquire of W. H. Bush, Murdock, Neb. 11-17-2wks-w

## DAN CUPID VISITS THE ALLISON HOME

Home of Mrs. Mary Allison the  
Scene of Wedding of Her  
Daughter to J. R. Pierson.

From Wednesday's Daily.  
A very charming home wedding occurred last evening at the beautiful home of Mrs. Mary Allison, when her daughter, Miss Eva Allison, was united in marriage to Mr. John R. Pierson, of Union, Nebraska. The ceremony, which was attended by only the relatives and a few intimate friends, was performed by Rev. J. W. Haynes, of Union, using the beautiful Presbyterian wedding service.

The bride, who was unattended, was gowned in a handsome traveling costume of dark blue broadcloth, wearing a beautiful picture hat of dark blue, and made a very handsome appearance, while the groom was attired in the customary dark suit. The rooms of the Allison home were a veritable bower of floral beauty, the color scheme of yellow and green being carried out in lavish decorations of yellow chrysanthemums and green smilax.

Following the ceremony the wedding party repaired to the dining room, where a delicious four-course wedding dinner was served. The table was decorated very artistically in yellow and green, the centerpiece being a large basket of yellow chrysanthemums, and the wedding party enjoyed a very delightful time with the newly wedded couple until 7:45, when they departed for Mason City, Iowa, where they will visit over Thanksgiving with a sister of Mr. Pierson, then returning, will be at home to their friends at Union after January 15th.

The bride is well known throughout the county, having been one of the most valued members of the teaching force of the schools of the county, and is a native Cass county girl, having been born and reared in this section of the county, and up to a short time ago was principal of the Union public schools. Miss Allison was also for a number of years engaged in school work in Oklahoma, and in this line ranked very high. She will take with her in her wedded life the best wishes of a multitude of friends for a long and happy married life.

The groom is also well known throughout the county, being engaged in the banking business at Union, where he has resided, with the exception of a few months, for quite a number of years. His friends will be delighted to learn of his having secured such a charming helpmate, and it is the universal wish that their pathway through life may be filled with only sunshine and happiness.

## ST. MARY'S GUILD ENTERTAINED AT THE HOME OF MRS. R. A. BATES

From Wednesday's Daily.  
The ladies of St. Mary's Guild were entertained yesterday afternoon in a very delightful manner at the home of Mrs. R. A. Bates and several very profitable hours were spent in the making of articles for the Christmas shop, which will be operated by the Guild in the Riley block next week. Social conversation and the making of the dainty pieces of needlework served to pass the time most pleasantly until an appropriate hour, when a very dainty and tempting three-course luncheon was served to the company, and this added greatly to the pleasures of the afternoon.
