ANOTHER BIG EXCURSION TO SUNNY TEXAS
The Party to Leave Here on Tuesday, December 2, for Trip to Texas.
On next Tuesday, December 2, W. E. Rosencrans, the real estate man, will depart for the famous lower Rio Grande valley of Texas, taking with him a large party of land-seekers who have been greatly impressed with what they have seen and learned of this wonderful country that is just now being opened up, and which is being rapidly settled up, as the wonderful fertility of the soil and the ideal climate is being understood by those who reside in the northern and eastern states. The railroad rates to the points where the lands are located are very reasonable, being only \$35 from Plattsmouth to Brownville, Texas, on the Rio Grande river, near where the lands owned by the International Land and Investment company are located. The service of the private sleeping cars and dining car service will be only \$2 per day during the trip, and this will afford all who desire a splendid chance to see this rich region of the great state of Texas at a very reasonable rate, and all who desire to take advantage of it should notify Mr. Rosencrans before Saturday in order that all arrangements can be made for their accommodation on the trip, which will be one that is seldom given to anyone to make. The party will stop at San Antonio, both going and returning, and the party will enjoy a side trip to Corpus Christi and allow the party ample opportunity to enjoy the famous southern resort. This is a trip that would be greatly enjoyed by the wives or daughters of anyone and they can be easily accommodated on this splendid winter tour to the southland. The climate in this section is ideal, being mild and pleasant the year around, as the gulf breezes in the summer holds the temperature down to not over 98 degrees, which is one of the highest ever recorded, and it is generally in the neighborhood of 75 degrees. Get busy now and join the party and take advantage of the low rates offered.

A Deserved Penalty.
Every crime deserves punishment. Those breaking the laws of nature by over-indulgence in eating and drinking, by neglecting physical exercise and proper rest, are punished severely with the clogging of the intestines with waste matter, which ferments in the body and fills it with poison. It causes the so-called auto-intoxication. The blood force will gradually weaken, you become bilious, dull and nervous. In such cases Triner's American Elixir of Bitter Wine should be recommended. It will thoroughly clean out the body and restore the digestive system to its normal activity. It is a very good remedy in diseases of the stomach, the liver and the intestines. It will assist in purifying the blood and in strengthening the nerves. At drug stores, or Triner, Manufacturing Chemist, 1333-1339 So. Ashland Ave., Chicago, Ills. Whenever you should need a medicine for rubbing the body, use Triner's Liniment. Try it in rheumatism.
The name—Doan's inspires confidence—Doan's Kidney Pills for kidney ills, Doan's Ointment for skin itching, Doan's Regulets for a mild laxative. Sold at all drug stores.

VERY BUSY TIME IN COUNTY COURT

From Tuesday's Daily.
The county court was quite busy yesterday with the transaction of quite a great deal of business in the probate line, there being several cases to come before the court. In the estate of Charles Stoehr, deceased, a hearing on final settlement was had and an interesting point of law developed, which was taken under consideration by the court. It seems that some ten years ago George Stoehr, a son of the deceased, borrowed several large amounts of money from his brother, Philip, giving notes as security, and was unable to pay them, and later made an assignment of his interest in his father's estate to his brother to cover the amount of the notes, and this assignment was approved of by the father in writing. Later the father made a will which has been admitted to probate giving an interest in the estate to the children of George Stoehr, who has since died, and these heirs reside in Illinois. Under the will George was cut out of his share and the amount, some \$500, given to the children, and whether this amount can be considered as belonging to George Stoehr is the question.
A final settlement was also had in the estate of Peter and Caroline Ranen, and the administrator, Frank Ranen, of this city, discharged from his duties and the matters belonging to the estate settled up.
In the trusteeship of L. G. Todd, jr., who has charge of a fund set aside by his mother, Mrs. Lydia Todd, deceased, for the education of her grandchildren, the report of the trustee was received by the court.

CITY COUNCIL HOLDS REGULAR SESSION
(Continued From First Page.)
The city attorney also gave the council an opinion on the matter of the opening up of Mercer avenue, and in it stated that most of the ground belongs to the city, as a street had been fenced in since 1890 and that it was illegal, as the law of nine years' possession had been repealed in 1899 by the legislature, and this gave the city a perfect right to open up the street if they so desired.
The finance committee of the council reported favorably upon the following claims and they were ordered paid by the council: James Robertson, transcript in case of City vs. Wesscott, \$10.85; R. A. Bates, printing, \$56.60; Joe Libershall, special police German day, \$2; W. B. Rishel, sprinkling and sweeping streets, \$40.25; Mike Lutz, street commissioner, \$36; H. C. McMaken & Son, three crossings, \$62.08; Al O'Neill, street work, \$1; Charles McBride, same, \$14.80; Jesse Green, same, \$1.40; August Gorder estate, repairs, \$6.50; Muri Parmele, street work, \$4. The claim of I. N. Cummings for burying one dog was referred to the claims committee.
The claims committee brought in their report on a number of bills that had been turned over to them, and recommended their payment as follows: Lincoln Telephone & Telegraph company, rents for October and November, \$11; Cass county, boarding city prisoners, \$144.95; Cass county, same, \$9.35; Cass county, same, \$6.65; Fred Patterson, surveying, \$20; G. Hilbert, helping survey, \$7; G. W. Homan, same, \$3; Geo. Verhule, same, \$5. This matter was discussed by the councilmen and it was decided that the engineer should make a more complete report of his work and not leave so much for surmise.
After the consideration of these matters the council adjourned and wended their way homeward.

YOUR HAIR MAY BE YOUR FORTUNE
Beautiful hair has made the fortune of many a woman, by adding charm and loveliness to an otherwise plain face. Nothing means more to good looks than beautiful hair. It adds to the attractiveness of every feature. Without it you can't be beautiful; with it you will be at least pretty.
To have beautiful hair, use Harmony Hair Beautifier. It will improve the beauty of your hair, taking away the dull harshness and stringiness, softening and polishing every hair in your head and making it soft, silky, glossy, easier to put up and keep in place, and at the same time giving it a rich and lasting rose fragrance that will delight both you and those around you.
Very easy to apply—simply sprinkle a little on your hair each time before brushing it. It contains no oil, and will not change the color of the hair, nor darken gray hair.
To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick and thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments.
Both preparations come in old-fashioned, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made.—F. Sampling Mother's Doughnuts

HUNGRY kids are sampling them today just as they did in your doughnut days.
Our artist has taken the old familiar story and brought it up to date. He has given Mother a modern up to date Acetylene cooking range.
It may surprise you to learn that such ranges are actually being used by the women folks in over two hundred thousand country homes.
As you will note from the picture, they are duplicates of city gas ranges used throughout the world. They furnish heat on top—and have the high ovens with glass doors and all other modern features.
If you feel that your folks would appreciate the convenience of gas for lighting and cooking—if you feel that they have battled long enough with kindling, oil, coal, ashes and soot, you should without delay look into my home made Acetylene proposition.
I am the representative for this district, of the largest manufacturers of country home Acetylene plants in the world—namely, the Oxweld Acetylene Co.—manufacturers of the famous Pilot Acetylene Light Plants.
Pilot plants are different from any of the other hundreds of American Acetylene machines. They work on a different principle. They are not storage systems—they are automatic—they make gas—a little at a time, while the stove or the lights are in use. At other times the plant stands idle.
Pilot lighting plants are built upon honor to last a lifetime. They are permanent features of the homes in which they are installed.
In fifteen years only two accidents have been charged to the misuse and abuse of Pilot plants. While during the same period over one hundred thousand fires and accidents have been charged to other illuminants.
