Woman Finally Recovers From Nervous Breakdown

Impoverished nerves destroy many people before their time. Often before a sufferer realizes what the trouble is, he is on the verge of a complete nervous breakdown. It is of the utmost importance to keep your nervous system in good condition, as the nerves are the source of all bodily power. Mrs. Ross Bonner, 825 N. 18th St., Birmingham, Ala., says:

"I have been suffering with nervous prostration for nine or ten years. Have tried many of the best doctors in Birmingham, but they all failed to reach my case. I would feel as if I was smothering; finally I went into convulsions. My little girl saw

Dr. Miles' Nervine advertised in the papers and I at once began to take it. I continued to take it for some time and now I am well."

If you are troubled with loss of appetite, poor digestion, weakness, inability to sleep; if you are in a general run down condition and unable to bear your part of the daily grind of life, you need something to strengthen your nerves. You may not realize what is the matter with you, but that is no reason why you should delay treatment.

Dr. Miles' Nervine has proven its value in nervous disorders for thirty years, and merits a trial, no matter how many other remedies have failed to help you. Sold by all druggists. If first bottle fails to benefit your money is returned.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces, thus destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. Our streets are full of wagons loaded with grain. It looks like an army siege train on Main street sometimes. Who says we are dull?

Sam Barker, the great hog man of Cass county, ships carloads of hogs every day, and behold Sam is a great man for hogs and cattle.

C. Schultz of the Cedar Creek mills, one of our best millers and business men, called on the Herald Monday and left us some of the stuff we are very much in need of.

Hon. Henry M. Atkinson of Brownsville called on the Herald last week, in the editor's absence. We should have welcomed Mr. Atkinson most heartily; he is one of Nebraska's most energetic and capable men.

Sheriff Cutler arrested a drunken man yesterday, who had been kicked out of some saloon, and was lying in the slough on the corner of Main and Fifth streets, when found, with his head in the mud and in danger of being suffocated in the filthy water. There was a crowd around peering at him, but not one offered to lend a helping hand to get him out of his dangerous position. When the sheriff arrived on the scene he had some trouble to get assistance, and it was only after he had called on about a dozen men that he was able to get anybody to assist him in placing the semblance of a man in a wagon. And right here we must say this, in reference to the sheriff calling on outsiders for help; he has a right to call on any man for assistance, in the discharge of his duties, and has the power to arrest any man who refuses to assist him when so called upon.

We rely on it for croup, coughs and colds." So can you. 50c and \$1.00. A bottle should be in every home. At all druggists, H. E. Bucklen & Co., Philadelphia and St. Louis.
